DALO-ZX1

SUBJECT: Property Accountability Progress

1. The Department of the Army Property Accountability Task Force has now been in full operation for over eight months. Significant progress has been made in accounting for property throughout the Army. Although much of the initial thrust emanated from the Task Force, I am proud to state that the Army, worldwide, has accepted the challenge of improving property accountability. Many organizations have initiated innovative changes. I can assure you that the procedures being put into effect will not be "quick fixes" but will be the framework by which we will build a viable accountability system for the long term.
2. I would like to give a capsulized report of the status of several important actions. Strict inventory procedures have been established which designate company commanders as hand receipt holders or property book officers and require a 100 percent physical inventory prior to change/assumption of command. The report of survey system has been overhauled and simplified, and the new system will become effective 1 January 1979. The officer education program has been modified to include mandatory training in property accountability for all basic and advanced courses. The programs of instruction for enlisted supply clerks have been updated to ensure that all required tasks are being taught. Supply publications are being revised in understandable and easy to read terms, and overprinted hand receipts are being included in catalogs and technical manuals to assist in inventorying property. New procedures are being published to provide improved physical security of Army property at organizational/installation level.
3. I am confident that the men and women of today's Army will continue to rise to the task of accounting for and making proper use of all items entrusted to us.

OREN E. DeHAVEN
Major General, GS
Director, DA Property Accountability
Task Force

PART ONE, DAPATF ACTIONS

CHAPTER 1

GENERAL

1. Purpose. This booklet summarizes messages, correspondence, and other information released by the Department of the Army Property Accountability Task Force (DAPATF) since 1 April 1978. These publications provide the direction for improvement of property accountability within the US Army.

2. Background.

a. On 11 October 1977, the Chief of Staff, Army approved the Report of the Audit Survey and Special Inspection of Management and Accountability of Army Materiel prepared by the Department of the Army Inspector General. This report, based on a four-month inspection of 118 company size units, indicated significant problems in the area of property accountability. It noted that although there was an extrapolated value of excess property of 89 million dollars, extension of the report losses amounted to 118.5 million dollars.

b. The Department of the Army Property Accountability Task Force was established on 14 October 1977 to implement the report recommendations. Its charter is to take appropriate measures to make regulatory changes and policy announcements required to correct the deficiencies noted. Organized to address supply management, supply publication change, equipment authorization essentiality, training, legal simplification, and security, the task force has developed a number of policy changes during the last quarter. These actions have been forwarded to the MACOM's for implementation. This correspondence has been compiled and presented in this booklet for your use.

3. Assistance. Comments involving the contents of this booklet may be forwarded to HQDA, ATTN: DALO-ZXT, Pentagon, Washington, DC 20310. Direct contact is encouraged through the use of AUTOVON numbers listed on the rear cover of the booklet.

CHAPTER 2

FLASHER MESSAGES

Section I. Summaries

1. Proper Count Flasher Message No. 13, DTG 171632Z Apr 78, Shop Equipment Automotive Maintenance and Repair, Organizational Maintenance No. 1 Common, and Other PAA Funded SKO's.

Summary: Directs all MACOM's not to take any further requisition action on any changes to SKO's that are PAA funded except for absolute mission essential items or changes that have safety implications, pending the DARCOM development of procedures for processing changes.

Action Officer: LTC Stalcup

2. Proper Count Flasher Message No. 14, DTG 091910Z May 78, Accountability of Organizational Clothing and Individual Equipment (CTA 50-900), Interim Change to AR 710-2, w/C4 number 5-2, AR 700-84 w/C4 Number 5-2, AR 210-10, Number 1-1, AR 640-10, Number 1-1.

Summary:

- Standardizes the procedures for the issue, turn-in, transfer, and accountability of CTA 50-900 OCIE.

- Requires that the individual's organizational clothing record be transferred with the individual upon PCS.

THIS IS A PROPER COUNT FLASHER MESSAGE NO. 13

SUBJECT: SHOP EQUIP AUTO MAINT AND REPAIR ORGN MAINT NO 1 COMMON,
AND OTHER PAA FUNDED SKO'S

A. FORSCOM AFLG-SMS, 102144Z FEB 78, SUBJ: SHOP EQUIP AUTO MAINT AND
REPAIR ORGN MAINT NO 1 COMMON, LIN W32593.

B. DA MSG DALO-ZXT, 231923Z FEB 78, SUBJ: SHOP EQUIP AUTO MAINT AND
REPAIR, ORGN MAINT NO 1 COMMON, LIN W32593.

C. FORSCOM MSG AFLG-SMS, 222015Z MAR 78, SUBJ: SHOP EQUIP AUTO MAINT
AND REPAIR ORGN MAINT NO 1 COMMON, LIN W32593.

D. DARCOM MSG DRCMM-RX, 102021 APR 78, SUBJ: SHOP EQUIP AUTO MAINT
AND REPAIR, ORGN MAINT NO 1 COMMON, LIN W32593.

1. REF A REQUESTED GUIDANCE ON REQUESTING AND FUNDING FOR CHANGES
TO SUBJECT SET.

2. REF B ADVISED DARCOM TO PROVIDE FUNDING INFORMATION TO ALL MACOMS
IN VIEW OF THE APPLICABILITY OF OMA FUNDS ARMY-WIDE.

3. REF C REQUESTED STATUS OF RESPONSE TO REF A.

4. REF D NOTAL, ADVISED FORSCOM THAT AN IN-DEPTH ANALYSIS IS CURRENTLY
UNDERWAY TO DEVELOP DEFINITIZED PROCEDURES FOR PROCESSING CHANGES ON
A NON-REIMBURSABLE BASIS FOR PAA FUNDED SKO'S. REQUISITIONING AND
FUNDING INFORMATION IS EXPECTED APPROXIMATELY 60-90 DAYS.

5. THIS IS TO DIRECT ALL MACOMS NOT TO TAKE ANY FURTHER REQUISITION ACTION ON ANY CHANGES TO SKO'S THAT ARE PAA FUNDED EXCEPT FOR ABSOLUTE MISSION ESSENTIAL ITEMS OR CHANGES THAT HAVE SAFETY IMPLICATIONS, PENDING THE DARCOM DEVELOPMENT OF PROCEDURES FOR PROCESSING CHANGES. REQUISITIONING AND FUNDING INFORMATION WILL BE PROVIDED BY DARCOM WHEN PROCEDURES ARE DEVELOPED AND FINALIZED.

6. THIS HAS NO EFFECT ON ROUTINE REPLACEMENT ACTION FOR COMPONENTS TO SKO'S.

THIS IS PROPER COUNT FLASHER MESSAGE NO. 14.

SUBJECT: ACCOUNTABILITY OF ORGANIZATIONAL CLOTHING AND INDIVIDUAL EQUIPMENT (CTA 50-900), INTERIM CHANGE TO AR 710-2, W/C4 NUMBER 5-2, AR 700-84 W/C4 NUMBER 5-2, AR 210-10, NUMBER 1-1, AR 640-10, NUMBER 1-1.

A. DAMO-FDU 191950Z APR 78, SUBJ: TRANSFER OF ORGANIZATIONAL ISSUE ITEMS (CTA 50-900).

1. REF A IS A LISTING OF THE CTA 50-900, ORGANIZATIONAL CLOTHING AND INDIVIDUAL EQUIPMENT (OCIE) WHICH WHEN AUTHORIZED, WILL BE RETAINED/ TRANSFERRED WITH THE INDIVIDUAL UPON PCS/TDY.

2. IN ORDER TO STANDARDIZE THE PROCEDURES FOR THE ISSUE, TURN-IN, TRANSFER, AND ACCOUNTABILITY OF OCIE, THE FOLLOWING ACTION WILL BE FULLY IMPLEMENTED BY 1 JULY 1978:

A. DURING RECEPTION CENTER PROCESSING (RCP), ITEMS OF CTA 50-900 OCIE ISSUED TO ENLISTED INDIVIDUALS WILL BE TEMPORARILY RECORDED ON DA FORM 3078, PERSONAL CLOTHING REQUEST. DA FORM 3078 WILL BE RETAINED UNTIL THE INDIVIDUAL COMPLETES SIX MONTHS SERVICE, HAS BEEN ISSUED A COMPLETE ALLOWANCE OF PERSONAL CLOTHING ITEMS, OR UNTIL THE INDIVIDUAL HAS IN-PROCESSED AT HIS/HER INITIAL PERMANENT DUTY STATION, WHICHEVER DATE IS LATER.

B. WHEN IN-PROCESSING AT INITIAL PERMANENT DUTY STATION, ALL OCIE ISSUED DURING RCP WILL BE TRANSFERRED TO DA FORM 3645.

C. ALL FUTURE ISSUES AND TURN-INS OF OCIE MADE TO INDIVIDUALS WILL BE RECORDED ON DA FORM 3645.

D. CTA 50-970 EXPENDABLE ITEMS ISSUED DURING RCP WILL NOT BE RECORDED ON DA FORM 3645.

E. OCIE AUTHORIZED FOR RETENTION/TRANSFER IAW REF A, AND PRESENTLY ON INDIVIDUALS DA FORM 3645, WILL NOT BE PICKED UP ON THE CIF OR UNIT/ORG PROPERTY BOOK (PB).

3. ABSTRACTING OF OCIE TO/FROM UNIT/ORG PROPERTY BOOK FOR UNITS NOT SUPPORTED BY A CIF IS AUTHORIZED FOR THE ISSUE OF THOSE OCIE ITEMS WHICH ARE AUTHORIZED TO BE RETAINED/TRANSFERRED IAW REF A.

4. ABSTRACTING FROM THE CIF PB AND UNIT/ORG PB WILL BE ACCOMPLISHED IN THE FOLLOWING MANNER:

A. DA FORM 3645 WILL BE PREPARED IN TWO COPIES.

(1) ONE COPY FORWARDED TO UNIT.

(2) ONE COPY RETAINED BY CIF OR UNIT/CONSOLIDATED SUPPLY IF NO CIF. NOTE: IF NO CIF AND CONSOLIDATED SUPPLY - FILE BOTH COPIES IN UNIT SUPPLY.

B. INDIVIDUAL ISSUES AND TURN-INS WILL BE RECORDED ON A CONSOLIDATED DA FORM 3645, REFLECTING THE INDIVIDUAL'S NAME, SSN AND QUANTITY ISSUED. THE CONSOLIDATED 3645 WILL ACCOMMODATE TWENTY-FIVE INDIVIDUALS. THE CONSOLIDATED 3645S WILL THEN BE TOTALED, ATTACHED TO A SEPARATE DA FORM 3645 AND POSTED TO THE PROPERTY BOOK AT LEAST WEEKLY. THE SEPARATE DA FORM 3645 WILL SHOW THE TOTAL QUANTITY ISSUED OR TURNED-IN, THE TRANSACTION AND THE NOTATION. "SEE SUPPORTING 3645(S) ATTACHED."

5. THE FOLLOWING PROCEDURES WILL BE FOLLOWED WHEN AN INDIVIDUAL DEPARTS ON PCS:

A. UPON CLEARANCE OF THE CIF/UNIT SUPPLY - ENSURE THE INDIVIDUAL RETAINS THOSE ITEMS OF OCIE AUTHORIZED TO BE TRANSFERRED WITH HIM/HER.

B. THE CIF COPY (ORGANIZATION COPY, IF NO CIF) OF DA FORM 3645 REFLECTING THOSE ITEMS WHICH WILL BE RETAINED/TRANSFERRED WITH THE INDIVIDUAL WILL BE FILED IN THE CIF OR UNIT/ORGANIZATION SUPPLY (IF NO CIF) FOR A PERIOD OF SIX MONTHS AFTER THE INDIVIDUAL DEPARTS ON PCS.

C. THE UNIT COPY OF DA FORM 3645 REFLECTING THOSE ITEMS WHICH WILL BE TRANSFERRED WILL BE INCLOSED IN THE MILITARY PERSONNEL RECORD JACKET (MPRJ) EVEN IF ALL ITEMS ARE AT ZERO (O) BALANCE.

D. THE CUSTODIAN OF THE INDIVIDUAL'S PERSONNEL RECORDS WILL AUTHENTICATE THAT THE DA FORM 3645 IS INCLOSED DURING THE OUT-PROCESSING WHEN CLOSING OUT THE MPRJ.

E. PROCESSING OF THE DA FORM 3645 WILL BE INCLUDED IN THE INSTALLATION CLEARANCE PROCEDURES, WITH THE DA FORM 3645 BEING LISTED ON DA FORM 137, THE INSTALLATION CLEARANCE FORM.

6. IF AN INDIVIDUAL ARRIVES AT THE NEW DUTY STATION WITHOUT A COPY OF DA FORM 3645 IN THE MPRJ, THE NEW CUSTODIAN OF THE INDIVIDUAL'S MPRJ WILL IMMEDIATELY REQUEST A COPY OF THE INDIVIDUAL'S DA FORM 3645 FROM THE OLD CUSTODIAN OF THE INDIVIDUAL'S MPRJ.

7. THIS INTERIM CHANGE IS BEING DISSEMINATED BY ELECTRICAL MESSAGE TO AVOID WASTE OF ARMY FUNDS THROUGH LACK OF ACCOUNTABILITY OF OCIE. THIS MESSAGE EXPIRES SIX MONTHS FROM DATE OF MESSAGE, IF NOT SUPERSEDED BY A FORMAL NUMBER CHANGE. DEVIATIONS FROM CURRENT POLICIES AND PROCECURES NOTED IN THIS MESSAGE WILL BE INCORPORATED INTO AR 710-2, AR 700-84, AR 210-10, AND AR 640-10.

8. DAPATF POC IS LTC PHILIP J. SAULNIER, AUTOVON 224-3264.

9. REPORT CORRELATION: RECOMMENDATION 6E.

CHAPTER 3

PROPER COUNT MESSAGES

Section I. Summaries

1. Proper Count Message, DTG 051852Z Apr 78, Review of the Equipment Survey Process.

Summary: Message indicated that a review of AR 310-34 and AR 570-7 was being made with emphasis on length of time between equipment surveys, readiness reporting elements, makeup of survey teams, and establishment of teams at levels other than, and in addition to, HQDA/MACOM. MACOM's were requested to provide comments by 30 Apr 78.

Action Officer: MAJ Roberts

2. Proper Count Message, DTG 051854Z Apr 78, Equipment Authorization Policies and Procedures Review.

Summary: Requests MACOM's to review and provide comments on AR 310-34 and AR 310-49 as part of the analysis of the equipment authorization system to ensure that units receive and retain only that materiel that is mission essential for mission accomplishment at a specific time and place.

Action Officer: MAJ Roberts

3. Proper Count Message, DTG 121410Z Apr 78, Proper Count Flasher Message No. 10.

Summary: Message confirms TRADOC's inquiry that Proper Count Flasher Message No. 10 constituted an interim change to CTA 50-900.

Action Officer: LTC Saulnier

4. Proper Count Message, DTG 141914Z Apr 78, Crime Prevention Message - Training Aid Accountability.

Summary: Refers to conditions contributing to vulnerability of Training and Audiovisual Support Centers (TASC) property to theft and pilferage. Outlines procedures to assist in reducing TASC vulnerability to losses.

Action Officer: MAJ Pitcher

5. Proper Count Message, DTG 141920Z Apr 78, DA Property Accountability Task Force (DAPATF) Telephone Numbers.

Summary: Provides current telephone numbers for the DAPATF by primary areas of interest.

Action Officer: MAJ Fitzpatrick

6. Proper Count Message, DTG 172040Z Apr 78, Acceleration of Current Program to Simplify Supply Publications.

Summary: Requests DARCOM to give an IPR on 1 May 78 to the Director, DAPATF as to the status of the CL supply catalog and TM hand receipt program.

Action Officer: LTC O'Hara

7. Proper Count Message, DTG 251615Z Apr 78, Essential Instruction in the Management and Accountability of Army Materiel.

Summary: TRADOC was requested to provide direction to all service schools on the use of the logistics baseline curriculum. TRADOC provided information in message 031705Z Apr 78. This message requested further clarification of the TRADOC response and asked for plans concerning certain points.

Action Officer: MAJ Fitzpatrick

8. Proper Count Message, DTG 251618Z Apr 78, Property Accountability Training.

Summary: Announces the availability of a 12-hour training packet on unit level supply procedures prepared by the US Army Quartermaster School and correspondence and technical extension courses applicable to property accountability.

Action Officer: MAJ Fitzpatrick

9. Proper Count Message, DTG 011325Z May 78, Supply Publications Change Procedures.

Summary: Provides clarification of Flasher Message No. 11 and AR 310-3 regarding issuance of interim changes to AR 725-50 by the Materiel Readiness Support Activity. Requests the Logistics Evaluation Agency to review procedures for transmission of identifier, distribution and designator codes to the field as part of the supply publication change study.

Action Officer: MAJ Roberts

10. Proper Count Message, DTG 012015Z May 78, Organizational Clothing and Equipment (OCE).

Summary: Advises Eighth Army that their proposed new concept for management and accountability for OCE at a central issue facility was forwarded to the Logistics Evaluation Agency which is preparing an update of AR 710-2.

Action Officer: LTC Waters

11. Proper Count Message, DTG 081930Z May 78, Acceleration of Current Program to Simplify Supply Publications.

Summary: Message clarifies prior correspondence regarding the inclusion of printed CL supply catalogs in sets, kits, and outfits issued to the field. Also provides instructions concerning preparation of hand receipt publications.

Action Officer: LTC O'Hara

12. Proper Count Message, DTG 101652Z May 78, Supply Publication Change Procedures.

Summary: Request MACOM include the number of publications reviewed, changed, and rescinded in addition to the information requested in Flasher Message No. 11.

Action Officer: MAJ Roberts

13. Proper Count Message, DTG 101654Z May 78, Guidelines for Individual Issue of Discretionary Items, CTA 50-900.

Summary: Request status of TRADOC effort to develop guidelines for authorizing minimum essential discretionary CTA 50-900 items that a soldier would require during peacetime, tailored to the type of unit, category, and climatic conditions.

Action Officer: LTC Saulnier/MAJ Roberts

14. Proper Count Message, DTG 151500Z May 78, Property Accountability Working Conference III.

Summary: Message advises MACOM's that the Property Accountability Working Conference III will be held at Fort Lee, VA on 27-29 Jun 78. Request names of attendees by 2 Jun 78. TRADOC is requested to give consideration for service school representatives to attend as observers.

Action Officer: MAJ Fitzpatrick

15. Proper Count Message, DTG 181347Z May 78, Property Accountability Working Conference III.

Summary: Requests that FORSCOM attendees at working conference include four captains who assumed command after 16 Jan 78 of an armor, mechanized infantry, infantry, and maintenance company. Company commanders should be prepared to discuss:

- a. Procedures utilized during change of command inventory.
- b. Inventory adjustment actions and turn-in of excess resulting from change of command inventory.
- c. Any other property accountability subject they would like to surface.

Action Officer: MAJ Fitzpatrick

16. Proper Count Message, DTG 191955Z May 78, DAPATF Working Conference.

Summary: Provides a list of issues to be resolved at working conference and presents a number of topics for which commands/agencies are requested to furnish the status.

Action Officer: MAJ Fitzpatrick

17. Proper Count Message, DTG 231327Z May 78, Property Accountability Working Conference III.

Summary: Explains that TDY costs for command representatives attending DAPATF working conferences must be borne by each attendee.

Action Officer: MAJ Fitzpatrick

18. Proper Count Message, DTG 241449Z May 78, Request for Clarification.

Summary: Message states that commanders of a company/detachment equivalent size activity serving in an 05 or lower position will fully comply with Flasher No. 2. Change 5, AR 710-2, soon to be staffed, will permit commanders of such organizations serving in an 06 or higher position to appoint an individual to conduct the change of command inventory.

Action Officer: LTC Stalcup

19. Proper Count Message, DTG 241450Z May 78, Crime Prevention Message - Turning In Property to Defense Property Disposal Office (DPDO).

Summary: Furnishes information that a large number of thefts of Government property have occurred while property was en route to DPDO from the generating unit/activity. Message provides procedures to help prevent the diversion of property between the unit and DPDO.

Action Officer: MAJ Pitcher

20. Proper Count Message, DTG 311403Z May 78, SKO Moratorium, Flasher No. 13.

Summary: Requests DARCOM take action on paragraphs 3A-3F of CINCUSAREUR message DTG 100739Z May 78, subject: SKO Moratorium, Flasher No. 13.

Action Officer: LTC Stalcup

21. Proper Count Message, DTG 082017Z Jun 78, DA Property Accountability Task Force (DAPATF).

Summary: Message again outlines the DAPATF primary areas of interest and the appropriate telephone numbers.

Action Officer: MAJ Fitzpatrick

22. Proper Count Message, DTG 092013Z Jun 78, Revision of AR 710-2 to Include Instructions of Use of Hand Receipts.

Summary: Advises Materiel Readiness Support Activity that Change 5, AR 710-2 is targeted for publication in early FY 79. Specific instructions on the use of preprinted DA Form 2062 will be incorporated in the change.

Action Officer: LTC O'Hara

23. Proper Count Message, DTG 141305Z Jun 78, DAPATF Working Conference III Agenda.

Summary: Provides the agenda of the DAPATF Working Conference III to be held at Fort Lee, VA on 27-29 Jun 78.

Action Officer: MAJ Fitzpatrick

24. Proper Count Message, DTG 151640Z Jun 78, SKO Moratorium.

Summary: Furnishes information as to the status of the tool kit inventory aids program, including hand tool layout mats.

Action Officer: LTC O'Hara

25. Proper Count Message, DTG 161820Z Jun 78, DAPATF Working Conference III.

Summary: Requests name of USAREUR attendee at working conference and additional issues/problems; if any, to be presented.

Action Officer: MAJ Fitzpatrick

26. Proper Count Message, DTG 231332Z Jun 78, Accounting for Damaged Property.

Summary: Provides information that damage to military vehicles and/or major military equipment caused by an accident which are economically repairable, being turned in for repair and return to the user, will be repaired based on a work order. If the amount of the damage caused by the accident exceeds \$500 or sufficient negligence is involved, a report of survey will be utilized.

Action Officer: LTC Saulnier/CW2 Wright

27. Proper Count Message, DTG 231330Z Jun 78, Distribution of DD Form 200.

Summary: Provides instructions for disposition of copy 3, DD Form 200.

Action Officer: LTC Saulnier/CW2 Wright

THIS IS A PROPER COUNT MESSAGE

SUBJECT: REVIEW OF THE EQUIPMENT SURVEY PROCESS (S: 30 APR 78)

A. HQDA, CSA LETTER, DATED 11 OCTOBER 1978, SUB. MANAGEMENT AND
ACCOUNTABILITY OF ARMY MATERIEL.

B. AR 310-34, WITH CHANGES 1 AND 2, EQUIPMENT AUTHORIZATION POLICIES
AND CRITERIA, AND COMMON TABLES OF ALLOWANCE, 22 APRIL 1977.

C. AR 570-7, EQUIPMENT MANAGEMENT: EQUIPMENT SURVEY PROGRAM, DATED
30 JUNE 1975.

1. REFERENCE A FORWARDED THE DAIG REPORT ON MANAGEMENT AND ACCOUNT-
ABILITY OF ARMY MATERIEL. THIS REPORT AND ADDITIONAL COMMENTS BY
MEMBERS OF THE DAIG INSPECTION TEAM INDICATED MTOE/TDA UNITS HAD
ON-HAND EQUIPMENT FOR WHICH MISSION REQUIREMENTS NO LONGER EXISTED.
FURTHER, IT NOTED THAT THERE WAS A WIDESPREAD RETENTION OF EXCESS
EQUIPMENT WITHOUT AUTHORITY.

2. REFERENCE B PROVIDES GUIDANCE FOR THE EQUIPMENT AUTHORIZATION
PROCESS.

3. REFERENCE C PRESCRIBES POLICIES AND PROCEDURES FOR CONDUCTING
THE ARMY EQUIPMENT SURVEY PROGRAM. IT INDICATES THAT ON-SITE EQUIPMENT
SURVEYS WILL BE CONDUCTED FOR ACTIVE ARMY TOA INSTALLATIONS/UNITS,
ACTIVE ARMY MTOE GENERAL SUPPORT FORCE/NONREADINESS REPORTING
(GSF/NRR) MILITARY POLICE UNITS, AND GSF SCHOOL SUPPORT UNITS AT
LEAST EVERY THREE YEARS. THE GUIDANCE DOES NOT COVER REVIEW NOR

SURVEY PROCEDURES FOR OTHER CATEGORIES OF UNITS.

4. AS THE DAPATF HAS BEEN TASKED TO REVIEW THE EQUIPMENT AUTHORIZATION SYSTEM TO ENSURE THAT UNITS RECEIVE AND RETAIN ONLY THAT MATERIAL THAT IS CONSIDERED ESSENTIAL FOR MISSION ACCOMPLISHMENT AT A SPECIFIC TIME AND PLACE, A REVIEW OF REFERENCE B AND C IS BEING CONDUCTED. THIS REVIEW WILL INCLUDE, BUT WILL NOT BE LIMITED TO, THE FOLLOWING AREAS:

A. LENGTH OF TIME BETWEEN SURVEYS.

B. SURVEY OF READINESS REPORTING ELEMENTS (SURVEY LIMITED TO NON-TOE REQUIRED, AUTHORIZED EQUIPMENT).

D. MAKEUP OF SURVEY TEAMS.

D. ESTABLISHMENT OF TEAMS AT LEVELS OTHER THAN, AND IN ADDITION TO HQDA/MACOM.

E. OTHER AREAS AS REQUIRED.

5. MACOM'S ARE REQUESTED TO PROVIDE RECOMMENDATIONS ON 4A THROUGH E, ABOVE, NLT 30 APR 78. ADDITIONALLY, COMMAND ORIENTED SUPPLEMENTAL MATERIAL SHOULD BE FORWARDED ALONG WITH COMMENTS TO ENSURE PROPER CONSIDERATION AND INTEGRATION OF FIELD POLICIES AND PROCEDURES.

6. REPORT CORRELATION: RECOMMENDATION 6L.

7. POC IS MAJOR(P) JAMES T. ROBERTS, JR., AUTOVON 224-4782.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: EQUIPMENT AUTHORIZATION POLICIES AND PROCEDURES REVIEW
(S: 30 APR 78)

A. HQDA, CSA LETTER, DATED 11 OCT 77, SUBJECT: MANAGEMENT AND ACCOUNT-
ABILITY OF ARMY MATERIEL.

B. HQDA, DALO-ZXT PROPER COUNT MESSAGE, DTG 131752Z JAN 78, SUBJECT:
REVIEW OF MTOE/TDA AUTHORIZED SECONDARY ITEMS.

C. AR 310-34, W/C 1 AND 2, EQUIPMENT AUTHORIZATION POLICIES AND
CRITERIA AND COMMON TABLES OF ALLOWANCE, 22 APR 77.

D. AR 310-49, THE ARMY AUTHORIZATION DOCUMENTS SYSTEM (TAADS), W/C 1,
7 NOV 75.

1. REFERENCE A FORWARDED THE DAIG REPORT ON MANAGEMENT AND ACCOUNT-
ABILITY OF ARMY MATERIEL. THIS REPORT AND ADDITIONAL COMMENTS BY
MEMBERS OF THE DAIG INSPECTION TEAM INDICATED THAT UNITS HAD ON-HAND
AUTHORIZED MATERIEL AND EQUIPMENT FOR WHICH MISSION REQUIREMENTS NO
LONGER EXISTED.

2. REFERENCE B REQUESTED MACOM'S TO REEMPHASIZE PRESENT TAADS POLICIES AND PROCEDURES, CONSIDER MISSION ESSENTIALITY DURING INVENTORY PROCESS, ENCOURAGE COMMAND REVIEW OF CURRENT AUTHORIZATION AND LETTER REQUESTS, AND PROMPT TURN-IN OR CANCELLATION OF REQUISITIONS FOR MTOE/TDA PROPERTY DEEMED EXCESS TO UNIT NEEDS.

3. REFERENCES C AND D PRESENT GUIDANCE ON THE EQUIPMENT AUTHORIZATION PROCESS. THIS GUIDANCE INDICATES PROCEDURES FOR REQUESTING ADDITIONAL EQUIPMENT, GUIDELINES FOR AUTHORIZATION AND TURN-IN, JUSTIFICATION NEED, AND CRITERIA FOR DOCUMENTATION.

4. AS THE DAPATF HAS BEEN TASKED TO LOOK AT THE EQUIPMENT AUTHORIZATION SYSTEM TO ENSURE THAT UNITS RECEIVE AND RETAIN ONLY THAT MATERIEL THAT IS MISSION ESSENTIAL FOR MISSION ACCOMPLISHMENT AT A SPECIFIC TIME AND PLACE, A REVIEW OF REFERENCES C AND D IS BEING MADE. THIS REVIEW WILL INCLUDE, BUT WILL NOT BE LIMITED TO, THE FOLLOWING AREAS:

A. LETTER REQUEST REVIEW PROCEDURES AT INSTALLATION, MACOM, AND HQDA LEVEL.

B. COMMANDER AWARENESS OF TYPE, NUMBER, AND COST OF EQUIPMENT REQUESTED.

C. CHANGES IN COMMAND CHANNEL REVIEW AND APPROVAL PROCEDURES.

D. ESTABLISHMENT OF REVALIDATION PROCEDURES FOR APPROVED LETTER REQUESTED EQUIPMENT AFTER A SPECIFIC PERIOD OR TOE SERIES CHANGE.

E. JUSTIFICATION CRITERIA.

F. COST ANALYSIS PROCEDURES.

G. STORAGE CENTRALIZATION OF SUBORDINATE UNIT ITEMS USED ONLY PERIODICALLY.

H. ADEQUACY OF OTHER POLICIES IN AR 310-34/310-49.

I. OTHER AS REQUIRED.

5. MACOM'S ARE REQUESTED TO PROVIDE COMMENTS ON 4A THROUGH I, ABOVE, NLT 30 APR 78. ADDITIONALLY, COMMAND ORIENTED SUPPLEMENTAL MATERIAL CONCERNING AR 310-12/310-49 SHOULD BE FORWARDED ALONG WITH COMMENTS TO ENSURE PROPER CONSIDERATION OF FIELD METHODOLOGY.

6. REPORT CORRELATION: RECOMMENDATION 6L.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: CRIME PREVENTION MESSAGE - TRAINING AID ACCOUNTABILITY

A. AR 108-2, ARMY TRAINING AND AUDIOVISUAL SUPPORT, 26 JUL 76.

B. AR 710-2, MATERIEL MANAGEMENT FOR USING UNITS, SUPPORT UNITS,
AND INSTALLATIONS, 1 AUG 71 W/C1-4.

1. TRAINING AND AUDIOVISUAL SUPPORT CENTERS (TASC) ARE VULNERABLE
TO SUBSTANTIAL LOSS OF GOVERNMENT PROPERTY THROUGH THEFT AND PILFERAGE.
LOOSE MANAGEMENT AND ACCOUNTABILITY PRACTICES PROVIDE THE CONDITIONS
THAT ALLOW THE FOLLOWING CRIMINAL ACTS TO OCCUR:

A. THEFT OF LOCALLY FABRICATED ITEMS THAT CAN BE ADAPTED TO A
NONMILITARY USE. IF NOT PLACED ON THE TASC ACCOUNT AT THE TIME OF
FABRICATION, IT IS DOUBTFUL IF THE LOSS WOULD BE IDENTIFIED.

B. PILFERAGE OF EXPENDABLE/CONSUMABLE SUPPLIES USED IN THE
FABRICATION OF TRAINING DEVICES. SUPPLIES MAY BE DIVERTED AFTER
ORDERING FOR A NONEXISTENT WORK REQUIREMENT OR AFTER PROCURING
EXCESSIVE QUANTITIES IN ORDER TO STEAL THE EXCESS. THE FORMER
MEANS WAS USED TO DIVERT 144 SHEETS OF PLYWOOD AT ONE LOCATION.

2. TO REDUCE TASC VULNERABILITY TO CRIMINAL LOSS:

A. POSITIVE CONTROL MUST BE ESTABLISHED AND MAINTAINED OVER
ALL TRAINING DEVICES RECEIVED OR FABRICATED AT THE TASC. SEE
PARA 4-9 REFERENCE ALFA.

B. JOINT PHYSICAL INVENTORIES MUST BE CONDUCTED UPON CHANGE OF
PROPERTY BOOK OFFICERS AND/OR HAND RECEIPT HOLDERS.

C. TIMELY INVENTORY ADJUSTMENTS MUST BE ACCOMPLISHED FOR LOST OR STOLEN PROPERTY.

D. COMPLETE ITEM DESCRIPTIONS AND SERIAL NUMBERS MUST BE INCLUDED ON DA FORM 4103-R, TRAINING AND AUDIOVISUAL SUPPORT LOAN ORDER OR HAND RECEIPT AND TRANSFERRED TO A PERMANENT HAND RECEIPT AND/OR UPDATED AS REQUIRED BY REFERENCES.

E. A JOB ORDER SYSTEM SHOULD BE ESTABLISHED TO ACCOUNT FOR THE AMOUNT OF CONSUMABLE/EXPENDABLE SUPPLIES USED FOR EACH PROJECT. LOCAL PROCEDURES SHOULD ALSO ENSURE THAT A REASONABLE CORRELATION EXISTS AMONG REQUIREMENTS FOR A PROJECT, QUANTITIES OF MATERIALS PROCURED AND QUANTITIES ULTIMATELY USED FOR THE PROJECT.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: ESSENTIAL INSTRUCTION IN THE MANAGEMENT AND ACCOUNTABILITY
OF ARMY MATERIEL

A. DALO-ZXT MSG, DTG 08184Z MAR 78

B. TRADOC MSG, DTG 031705Z APR 78, SAB

1. REF A REQUESTED THAT YOU PROVIDE DIRECTION TO ALL SERVICE
SCHOOLS ON THE USE OF THE LOGISTICS BASELINE CURRICULUM. YOUR
DIRECTIVE WAS TO ENCOMPASS THE FOLLOWING POINTS.

A. MANDATORY INSTRUCTION OF THE SUPPLY PROCEDURES ESSENTIAL
TRAINING SUBJECTS IN ALL ADVANCE AND BASIC COURSES.

B. ESTABLISHMENT OF AN EVALUATION PLAN TO ENSURE THAT EACH
STUDENT MASTERS THE SPECIFIED TASK TO THE STANDARDS PRESCRIBED IN
THE BASELINE CURRICULUM. MASTERY OF THE SUPPLY PROCEDURES ESSENTIAL
TRAINING SUBJECTS SHOULD BE A PREREQUISITE FOR SUCCESSFUL COMPLETION
OF THE BASIC AND ADVANCE COURSES.

C. USE OF THE SUPPLY PROCEDURES ESSENTIAL AND ENHANCEMENT
TRAINING SUBJECTS IN ALL BRANCH SCHOOLS PROVIDING REFRESHER/ORIENTA-
TION TRAINING FOR BATTALION AND BRIGADE COMMANDER COURSES.

D. MANDATORY INSTRUCTION OF THE SUPPLY PROCEDURES ESSENTIAL
TRAINING SUBJECTS AND USE OF THE NEW EVALUATION PLAN SHOULD BEGIN
NOT LATER THAN 1 MAY 1978.

2. YOUR MSG, REF B, IS NOT CLEAR REGARDING POINTS OUTLINED IN 1B
THROUGH D ABOVE.

3. REQUEST YOU INFORM DAPATF OF YOUR PLANS CONCERNING THE FOLLOWING
POINTS:

A. ENSURING THAT ALL STUDENTS MASTER THE SUPPLY PROCEDURES
ESSENTIAL TRAINING SUBJECTS AS A PREREQUISITE FOR GRADUATION FROM
THE OFFICER BASIC AND ADVANCE COURSES.

B. USE OF SUPPLY PROCEDURES ESSENTIAL AND ENHANCEMENT TRAINING SUBJECTS IN ALL BATTALION/BRIGADE COMMANDER COURSES. THIS INSTRUCTION IS ABSOLUTELY ESSENTIAL IN VIEW OF THE POLICY REQUIRING A JOINT PHYSICAL COUNT INVENTORY BETWEEN INCOMING AND OUTGOING COMPANY COMMANDERS. THE GUIDANCE ON HOW TO CONDUCT AN INVENTORY MUST BE PROVIDED BY THE BATTALION COMMANDER. BDE COMMANDERS SHOULD ALSO BE FAMILIAR WITH THE NEW INVENTORY PROCEDURES.

C. ALTHOUGH THE LOGC LETTER DISSEMINATING THE LOGISTICS BASELINE CURRICULUM STATED THAT INSTRUCTIONS ON THOSE SUBJECTS SHOULD BEGIN ON 1 MAY, IT SHOULD BE CLEARLY REITERATED THROUGHOUT THE TRADOC COMMUNITY THAT THIS MANDATORY INSTRUCTION MUST NOT BE DELAYED.

4. REQUEST THIS INFORMATION AND ANY OTHER DIRECTIVES YOU MAY PROVIDE TO THE SERVICE SCHOOLS CONCERNING USE OF THE LOGISTICS BASELINE CURRICULUM BE FORWARDED TO DAPATF NLT 2 MAY. REQUESTED INFORMATION WILL BE INCORPORATED INTO THE PROPERTY ACCOUNTABILITY IPR SCHEDULED FOR 4 MAY 1978.

SUBJECT: PROPERTY ACCOUNTABILITY TRAINING

A. HQDA LETTER, DATED 11 OCT 77, SUBJECT: MANAGEMENT AND ACCOUNTABILITY OF ARMY MATERIEL.

B. DALO-ZXT MSG, DTG 241645Z FEB 78.

C. FM 21-6, HOW TO PREPARE AND CONDUCT TRAINING.

D. DA PAM 351-20, ANNOUNCEMENT OF ARMY CORRESPONDENCE COURSES.

E. TC 21-5-4, CATALOG OF TRAINING EXTENSION COURSE LESSONS.

1. THE DAIG SPECIAL INSPECTION OF THE MANAGEMENT AND ACCOUNTABILITY OF ARMY MATERIEL HIGHLIGHTED A NEED FOR IMPROVING THE PROFICIENCY OF UNIT LEVEL PERSONNEL RESPONSIBLE FOR PROPERTY ACCOUNTABILITY. ADDITIONAL, ON THE JOB TRAINING OF ALL UNIT LEVEL PERSONNEL WILL ASSIST IN OVERCOMING MANY OF THE ORGANIZATIONAL SUPPLY PROBLEMS EXPERIENCED AT THE COMPANY AND BATTALION LEVEL. TRAINING IN THE PROCEDURES FOR MANAGING AND ACCOUNTING FOR EQUIPMENT AND SUPPLIES WILL ASSIST THE UNIT IN BETTER CONTROL AND UTILIZATION OF TOOLS, TA 50 EQUIPMENT, AND OTHER ARMY EQUIPMENT/MATERIEL.

2. TO ASSIST IN UNIT LEVEL TRAINING EFFORTS, THE US ARMY QUARTERMASTER SCHOOL HAS DEVELOPED A TWELVE-HOUR TRAINING PACKET ON UNIT LEVEL SUPPLY PROCEDURES. THE PACKET PROVIDES TRAINING ON SUPPLY PUBLICATIONS, ISSUE AND TURN-IN REQUIREMENTS, PROPERTY RECORD PROCEDURES, ETC., AND CONTAINS LESSON PLANS, PRACTICAL EXERCISES, FACSIMILE VIEWGRAPHS AND HANDOUTS THAT MAY BE REPRODUCED LOCALLY.

REQUESTS FOR THIS MATERIAL SHOULD BE SUBMITTED TO THE US ARMY QUARTERMASTER SCHOOL, FORT LEE, VA, ATTN: ATSM-TNG-TM-ET, AUTOVON 687-3561. TO ENSURE EQUITABLE DISTRIBUTION OF THE MATERIAL AVAILABLE, REQUESTS SHOULD BE COORDINATED AND SUBMITTED FROM THE HIGHEST LEVEL FEASIBLE, I.E., BATTALION, BRIGADE, OR INSTALLATION LEVEL.

3. ALSO AVAILABLE FROM THE US ARMY TRAINING SUPPORT CENTER ARE VARIOUS PROPERTY ACCOUNTABILITY CORRESPONDENCE COURSES FOR USE BY INDIVIDUAL SOLDIERS OR IN GROUP STUDY PROGRAMS TO IMPROVE KNOWLEDGE OR EXPERTISE IN THESE AREAS. THESE CORRESPONDENCE COURSES ARE OUTLINED IN DA PAM 351-20, ANNOUNCEMENT OF ARMY CORRESPONDENCE COURSES, AND ENROLLMENT MAY BE ACCOMPLISHED BY FILLING OUT A DA FORM 145, ARMY CORRESPONDENCE COURSE ENROLLMENT APPLICATION AND SUBMITTING IT THROUGH PROPER CHANNELS.

4. TRAINING FOR SUCH SPECIALIZED SKILL JOBS AS PLL AND TAMMS CLERKS MAY BE ACCOMPLISHED USING TECHNICAL EXTENSION COURSES (TEC) AVAILABLE FROM LOCAL LEARNING CENTERS. TEC IS A SERIES OF SERVICE SCHOOL PRODUCED LESSONS THAT CONCENTRATE ON PREPARING SOLDIERS TO PERFORM SPECIFIC TASKS REQUIRED BY THEIR JOBS. TC 21-5-4, CATALOG OF TRAINING EXTENSION COURSE LESSONS, LISTS THE LESSONS WHICH APPLY TO DIFFERENT UNITS.

5. AS THE PROPERTY ACCOUNTABILITY IMPROVEMENT ACTIONS CONTINUE, THEIR SUCCESS WILL BE DIRECTLY AFFECTED BY THE PROFICIENCY OF ALL SOLDIERS IN MANAGING AND ACCOUNTING FOR ARMY EQUIPMENT AND SUPPLIES. THIS ADDITIONAL TRAINING IN PROPERTY ACCOUNTABILITY PROCEDURES AND RESPONSIBILITIES IS ENCOURAGED, AND WILL PROVIDE DIRECT BENEFITS TO INDIVIDUAL SOLDIERS, THEIR UNIT, UNIT READINESS AND OVER THE LONG HAUL THE ENTIRE US ARMY.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: SUPPLY PUBLICATIONS CHANGE PROCEDURES

A. YOUR MESSAGE, DTG 241930Z APR 78

B. HQDA, DALO-ZXT FLASHER MESSAGE NO. 11, DTG 012007Z FEB 78, SUBJECT:
SUPPLY PUBLICATIONS CHANGE PROCEDURES.

C. AR 310-3, CHANGE 11, PREPARATION, COORDINATION, AND APPROVAL OF
DA PUBLICATIONS (PARA 1-12, 1-12.1, AND 1-12.2), SUBJECT: SUPPLY
PUBLICATIONS CHANGE PROCEDURES.

THIS MESSAGE IS IN TWO PARTS.

PART ONE FOR MRSA.

1. REF B AND C DO NOT PRECLUDE MRSA FROM UTILIZING THE ELECTRICAL
MESSAGE SYSTEM IN FORWARDING CHANGES TO THE FIELD, REF C, PARA 1-12,
STATES THAT IN RARE INSTANCES WHEN INSTRUCTIONS MUST BE ISSUED
IMMEDIATELY AND A PUBLISHED CHANGE CANNOT REACH USERS BEFORE A
MANDATORY REQUIRED DATE, INTERIM MESSAGE CHANGES ARE PERMITTED.

2. REF C, PARA 1-12, ALSO PERMITS MRSA TO USE INTERIM ELECTRICAL
MESSAGES, WHERE NECESSARY, TO MEET A MANDATORY EFFECTIVE DATE
IMPOSED BY DOD DIRECTIVES AND/OR OTHER AGENCIES, ETC. IN ADDITION,
INTERIM PINPOINT MESSAGE CHANGES MAY BE USED WHEN A CHANGE IS URGENT
AND WOULD HAVE A DIRECT AND IMMEDIATE IMPACT ON THE INDIVIDUAL
SOLDIER. THE LATTER METHOD IS PREFERABLE BECAUSE OF THE WIDER
DISTRIBUTION SCHEME AND RELATIVE PERMANENCY FOR REREQUISITIONING
PURPOSES.

3. REVIEW OF FORMAL NUMBERED CHANGES TO AR 725-50 INDICATES THAT MRSA IS COMPLYING WITH THE GENERAL GUIDANCE CONTAINED IN REF B AND C PERTAINING TO PUBLICATION OF CHANGES. BASED ON CRITICALITY AND VOLUME OF CHANGE, MRSA MAY DEVELOP FORMAL NUMBERED CHANGES ON A FREQUENCY OTHER THAN AS INDICATED. HOWEVER, THE BASIC GUIDANCE CONTAINED IN REF B STILL APPLIES TO NORMAL PUBLICATION CHANGE PROCEDURES.

PART TWO FOR USALEA.

4. AS PART OF THE SUPPLY PUBLICATION CHANGE STUDY EFFORT, REQUEST THAT YOU REVIEW PROCEDURES PERTAINING TO TRANSMISSION OF IDENTIFIER, DISTRIBUTION, AND DESIGNATOR CODES TO THE FIELD IN SUPPORT OF CCSS. SAILS, DS-4, AND OTHER INTERNAL ARMY SYSTEMS AND MAKE APPROPRIATE RECOMMENDATIONS AS NEEDED.

5. DIRECT COORDINATION WITH THE DEFENSE LOGISTICS AGENCY (DLA-LMM), MR. HENDRIX, COMMERCIAL 274-7861 AND MSRA (DRXMD-SS) MR. LOY, AUTOVON 745-3688/3893 IS AUTHORIZED.

6. POC IS MAJOR JAMES T. ROBERTS, AUTOVON 694-4782.

SUBJECT: DAPATF WORKING CONFERENCE III (S: 9 JUN 78)

A. DALO-ZXT, MSG 151500Z MAY 78, SUBJECT: PROPERTY ACCOUNTABILITY WORKING CONFERENCE III.

B. TELEPHONE CONVERSATION, 19 MAY, BETWEEN LTC WATERS, DAPATF AND CPT CHURCHMAN, USAMMA.

1. ALTHOUGH OUTSTANDING PROGRESS HAS BEEN MADE IN IMPLEMENTING THE DAIG RECOMMENDATIONS FOR IMPROVING PROPERTY ACCOUNTABILITY, SEVERAL ISSUES REMAIN TO BE RESOLVED.

2. REQUEST MACOM POC'S BE PREPARED TO PROVIDE COMMAND POSITIONS ON THE FOLLOWING ISSUES.

- A. MANAGEMENT INFORMATION SYSTEM (MIS)
AN ARMY-WIDE AUTOMATED STANDARD SYSTEM OR REMAIN AS IS.
- B. CENTRAL ISSUE FACILITY (CIF)
ISSUE OF CTA 50-900
STANDARDIZATION OF PROCEDURES
CENTRALIZED OR DECENTRALIZED
- C. CASH COLLECTION VOUCHER
DO WE ELIMINATE THE CASH COLLECTION VOUCHER EXCEPT FOR
THE CASH SALE OF HAND TOOLS?
- D. POST, CAMP AND STATION (PCS) PROPERTY
HOW DO WE IMPROVE THE ACCOUNTABILITY OF PCS PROPERTY?

3. REQUEST EACH MACOM PROVIDE DALO-ZXT ANY ADDITIONAL ISSUES/PROBLEMS THAT NEED TO BE RESOLVED AT THE WORKING CONFERENCE.

4. REQUESTED INFORMATION SHOULD BE PROVIDED NLT 9 JUN 78. NEGATIVE REPLIES ARE REQUESTED.

5. THE FOLLOWING MACOM/AGENCIES ARE REQUESTED TO PRESENT THE STATUS OF THE TOPICS SPECIFIED BELOW:

A. DARCOM

(1) AVIATION COMPOSITE TOOL KIT PROGRAM.

(2) AMDF IMPROVEMENT ACTIONS.

(3) CL SUPPLY CATALOGS AND TM'S WITH ACCOMPANYING PRE-PRINTED HAND RECEIPTS. MILESTONE FOR THE CL'S AND HAND RECEIPTS REMAINING TO BE PUBLISHED. REQUEST 15 COPIES OF EACH PUBLISHED CL SUPPLY CATALOG WITH ACCOMPANYING PRE-PRINTED HAND RECEIPT BE PROVIDED FOR DISTRIBUTION TO THE MACOM POC'S AT THE CONFERENCE.

B. TRADOC

(1) IMPLEMENTATION OF THE LOGISTICS BASELINE CURRICULUM IN THE OFFICER BASIC AND ADVANCE COURSES.

(2) THE SERVICE SCHOOLS APPROACH TO ENSURING THAT ALL STUDENTS MASTER THE REQUIRED TASKS AS A PRE-REQUISITE FOR SUCCESSFUL COMPLETION OF THE COURSE.

(3) BN/BDE COMMANDER REFRESHER TRAINING BEING CONDUCTED BY BRANCH SCHOOL.

(4) PROGRAM TO DEVELOP/IDENTIFY TOOL SET/KIT INVENTORY AIDS TO INCLUDE INSERTS FOR TOOL BOXES AND SILHOUETTE LAYOUT MATS.

C. US ARMY MEDICAL MATERIEL AGENCY (USAMMA)

(1) MEDICAL MATERIEL CL SUPPLY CATALOGS WITH ACCOMPANYING PRE-PRINTED HAND RECEIPTS.

D. MILPERCEN

(1) ACTIONS TO IMPROVE THE 76Y GRADE STRUCTURE INVERSION.

(2) RECLASSIFICATION PROCEDURES TO BE PUBLISHED IN CHANGE 60 TO AR 600-200.

E. LOGISTICS EVALUATION AGENCY (LEA)

(1) CHANGE 5 TO AR 710-2.

(2) LOGISTICS EXCELLENCE AWARD.

(3) SUPPLY PUBLICATION MANAGEMENT OF CHANGE STUDY.

6. THE COMPLETE CONFERENCE AGENDA WILL BE PROVIDED AT A LATER DATE.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: CRIME PREVENTION MESSAGE - TURNING IN PROPERTY TO DEFENSE
PROPERTY DISPOSAL OFFICE (DPDO)

A. AR 710-2, MATERIEL MANAGEMENT FOR USING UNITS, SUPPORT UNITS, AND
INSTALLATIONS, 1 AUG 71 W/C1-4.

B. DOD 4160.21-M, DEFENSE DISPOSAL MANUAL, 1973 W/C1-6.

1. THE DA PROPERTY ACCOUNTABILITY TASK FORCE (DAPATF) HAS BEEN ADVISED THAT A LARGE NUMBER OF THEFTS OF GOVERNMENT PROPERTY HAVE OCCURRED WHILE THE PROPERTY WAS EN ROUTE TO THE DEFENSE PROPERTY DISPOSAL OFFICE (DPDO) FROM THE GENERATING UNIT/ACTIVITY. IMPROPER ACCOUNTABILITY PROCEDURES FREQUENTLY MADE THE STOLEN ITEMS PARTICULARLY VULNERABLE TO THEFT AND DETECTION OF THE LOSS MORE DIFFICULT. IN A NUMBER OF CASES THE GENERATING UNITS DROPPED ACCOUNTABILITY FOR THE PROPERTY WHEN THE TURN-IN DOCUMENT (DD FORM 1348-1) WAS INITIATED AT DPDO INDICATING RECEIPT. IN OTHERS, ACCOUNTABILITY WAS DROPPED AT THE TIME THE TURN-IN DOCUMENT WAS PREPARED AT THE UNIT AND THE ITEM(S) WERE DESIGNATED FOR SHIPMENT TO DPDO (PRIOR TO TRANSFER).

2. THE PROPERTY DISPOSAL OFFICER (PDO) DOES NOT BECOME ACCOUNTABLE FOR PROPERTY UNTIL IT HAS BEEN INSPECTED, CLASSIFIED AND QUANTITY DETERMINED. AFTER PROCESSING IS COMPLETE, A SECOND COPY OF THE TURN-IN DOCUMENT IS VALIDATED BY THE PDO AND RETURNED TO THE GENERATING UNIT. BASED ON THE INFORMATION CONTAINED ON THE VALIDATED DD FORM 1348-1 (THE SECOND COPY RETURNED TO THE UNIT) ACCOUNTABILITY MAY THEN BE DROPPED.

3. COMMANDERS MAY PREVENT DIVERSION OF PROPERTY BETWEEN THE UNIT AND DPDO BY:

A. ENSURING PROPERTY DESIGNATED FOR TRANSFER TO DPDO IS ADEQUATELY SECURED WHILE IN THE UNIT.

B. HAVING A RESPONSIBLE INDIVIDUAL ACCOMPANY THE PROPERTY TO DPDO.

C. CHECKING FIRST AND SECOND COPIES OF UNIT TURN-IN DOCUMENTS AGAINST EACH OTHER AND INITIATING ACTION IF ANY DISCREPANCIES ARE NOTED.

D. DROPPING PROPERTY FROM ACCOUNTABILITY ONLY AFTER RECEIPT OF THE SECOND COPY OF DD FORM 1348-1 WHICH HAS BEEN VALIDATED BY DPO.

4. HQDA POC IS MAJ PITCHER, AUTOVON 224-3238/9/4782.

CHAPTER 4
CORRESPONDENCE AND PUBLICATIONS

Section I. Summaries

1. Letter to HQDA, Office of The Surgeon General, dated 24 Mar 78, Property Accountability - Enforcement of Supply Discipline.

Summary: Letter requests OTSG to incorporate in the rewrite of AR 40-61 the guidance contained in DA Circular 735-5, 10 Feb 78.

Action Officer: MAJ Pitcher

2. Letter to MACOM's, dated 24 Mar 78, 761A, Unit Supply Technician.

Summary: Requests MACOM's to provide comments, recommendations, and alternatives concerning assignment of 761A, Unit Supply Technicians to MTOE battalions.

Action Officer: MAJ Fitzpatrick

3. Letter to Commander, US Army Logistics Evaluation Agency, dated 5 Apr 78, USACIDC Property Accountability Recommendations.

Summary: Letter requests evaluation of the USACIDC recommendations for property accountability improvements. The suggestions that are adopted will be in the rewrite of AR 710-2.

Action Officer: LTC Stalcup

4. Memorandum for Deputy, The Surgeon General, dated 21 Apr 78, Property Accountability Training.

Summary: Requests assistance in expediting the approval and implementation of the 76-J Program of Instruction.

Action Officer: MAJ Fitzpatrick

5. DF to LEA (DALO-LER), dated 21 Apr 78, Supply Publications Management of Change Study IPR.

Summary: Requests LEA make an analysis of the ADCSLOG's comments at the Supply Publications Management of Change IPR on 20 Apr 78.

Action Officer: MAJ Roberts

6. Letter to Commander in Chief, US Army, Europe and Seventh Army, dated 21 Apr 78, TEC/Exportable Training Packages.

Summary: Provides a list of exportable training material available for needed subject areas identified by USAREUR.

Action Officer: MAJ Fitzpatrick

7. Letter to Commander, US Army Training and Doctrine Command (ATLG-MSP-SP), dated 21 Apr 78, Tool Kit Inventory.

Summary: Provides a copy of correspondence from FORSCOM indorsing the toolbox insert program and offering the 82d Airborne Division as the sponsoring unit and Fort Bragg as the test site for further development efforts.

Action Officer: LTC O'Hara

8. Letter to Commander, US Army Forces Command (AFLG-SMS), dated 21 Apr 78, Quick Inventory Automotive Tool Boxes.

Summary: Expresses appreciation for support of FORSCOM HQ and Fort Bragg in developing quick inventory tool boxes. Provides information as to the status of the instant inventory and control program.

Action Officer: LTC O'Hara

9. Letter to MG Richard H. Thompson, Commander, US Army Troop Support and Aviation Materiel Readiness Command, dated 21 Apr 78, Quick Inventory Aviation General Mechanics Tool Kit.

Summary: Advises MG Thompson that the DAPATF fully supports the efforts of the Transportation Center and requests any assistance in expediting the project.

Action Officer: LTC O'Hara

10. Comment to Deputy Chief of Staff for Personnel (DAPE-MPT), dated 24 Apr 78, Validation of DA Directed and Emphasized Training Subjects.

Summary: Emphasizes the importance of property accountability instruction in providing officers the basic fundamental knowledge necessary to manage and account for Army materiel at unit level.

Action Officer: MAJ Fitzpatrick

11. Memorandum for Director of Management, dated 4 May 78, Implementation of Approved DAIG Recommendation - Consumption Standards.

Summary: States that a proposed study of Performance Evaluation of Installation Resource Management, being considered by the Management Directorate, includes within its scope the theme of DAIG recommendation 6R. Recommends, therefore, that the Management Directorate study group include the accomplishment of recommendation 6R.

Action Officer: LTC Stalcup

12. Indorsement to Commander, US Army Armament Materiel Readiness Command (DRSAR-MM), dated 9 May 78, Shop Equipment, Contact Maintenance, NSN 4940-01-016-2262.

Summary: Equipment Improvement Recommendation surfaced a problem of adequately securing items stored in subject shop equipment. As a possible solution, a modification that provides an individually keyed lock set for compartments of each vehicle was offered. Command was requested to review problem and take appropriate action.

Action Officer: MAJ Pitcher

13. Letter to HQDA Staff Agencies and selected MACOM's, dated 10 May 78, Revision of CTA 50-900 and Consolidation with CTA 50-906.

Summary: Incloses quick reference CTA 50-900 discretionary guidelines developed by TRADOC and HSC which identify the recommended minimum essential issue for the individual soldier. Requests the guidelines be reviewed and provide comments to DAPATF.

Action Officer: MAJ Roberts

14. Letter to Commander, US Army Criminal Investigation Command (CIOP-CP), dated 15 May 78, Annual Evaluation of the USACIDC Quarterly Crime Prevention Report.

Summary: Suggests that the Quarterly Crime Prevention Report be given a wider distribution. Also points out the need for continuing liaison between ODCSLOG and USACIDC after completion of the DAPATF's mission.

Action Officer: MAJ Pitcher

15. Letter to MACOM's and selected HQDA Staff Agencies, dated 17 May 78, Recategorization of Supplies and Equipment.

Summary: Provides proposed new expendability code definitions, the type accountability required, and other related actions. Requests comments on the proposals.

Action Officer: LTC Stalcup

16. DF, DALO-ZXT, 19 May 78, Approval of TRADOC Supplement 1 to AR 710-1 (Draft).

Correspondence

DEPARTMENT OF THE ARMY
OFFICE OF THE DEPUTY CHIEF OF STAFF FOR LOGISTICS
WASHINGTON, D.C. 20310

24 MAR 1978

DALO-ZXT

SUBJECT: Property Accountability - Enforcement of Supply Discipline

Headquarters
Department of the Army
Office of The Surgeon General
Washington, DC 20310

1. The Inspector General Report of Audit Survey and Special Inspection of Management and Accountability of Army Materiel revealed a lack of command efforts to enforce supply discipline and property accountability.
2. Recommendation 6 0(3) was of particular importance which said in part: Prescribe in applicable regulations that failure to maintain supply discipline, in matters more serious than those appropriately handled under the report of survey system, be disposed of through administrative action.
3. DA Circular 735-5 (Incl 1) was written by the DA Property Accountability Task Force to comply with the above recommendation. It contains specific guidance on the enforcement of supply discipline. This guidance outlines the disciplinary and administrative measures that are available to assist the commander in providing the required emphasis that is essential to the implementation of an effective supply discipline and supply management program. The guidance will be included in AR's 710-2, 735-5, 735-11 and other appropriate regulations.
4. In furtherance of the approved recommendation, it is requested that you incorporate in the rewrite of AR 40-61, the guidance found in the inclosed circular.

DALO-ZXT

24 MAR 1978

SUBJECT: 761A, Unit Supply Technician

Commander
US Army Forces Command
ATTN: AFLG-SMS
Fort McPherson, GA 30330

1. Reference HQDA letter, dated 11 October 1977, subject: Management and Accountability of Army Materiel.
2. An important aspect of the Army's ability to properly manage and account for materiel is the utilization of trained personnel. The DAIG report emphasized that many of the supply problems currently being experienced by field units may be attributed to an absence or inadequate knowledge of supply and accountability procedures on the part of supervisory personnel.
3. The DAPATF has received numerous recommendations that the 761A, Unit Supply Technician, be authorized and assigned to TOE battalions. The knowledge and expertise provided by a supply warrant officer would undoubtedly enhance the management and accountability of supplies and equipment at the battalion level. However, coordination with ODCSIFER and ODCSOPS identified a major manpower and budgeting constraint that must be addressed.
4. There are 312 battalion/squadron-size units not presently authorized a Unit Supply Technician. If 312 Unit Supply Technicians were allocated to these battalions an adverse impact on force structure authorizations would result. Warrant officer allocations currently exceed budgeted force structure resources by approximately 600 in FY 78 and 630 in FY 79. Allocating 312 Unit Supply Technicians, without a corresponding trade-off in other warrant officer MOS's, would not be feasible at this time.
5. One possible alternative would be to trade-off the 761A authorizations in the Divisional Materiel Management Centers in order to establish warrant officer positions at the divisional TOE battalion level. Even then, approximately 175 additional positions would have to be created or traded-off from other warrant officer authorizations to satisfy the remaining requirements.

DALO-ZXT

SUBJECT: 761A, Unit Supply Technician

6. Request you consider the constraints of this recommendation, and provide DAPATF your comments, recommendations and alternatives concerning the assignment of a 761A, Unit Supply Technician, to TOE battalions. Of particular interest is what warrant officer space-for-space trade-offs might be effected, and what is a viable "price" that should be paid to effect the assignment of Unit Supply Technicians to TOE battalions. Will the trade-off or "price" that must be paid be worth the expert knowledge gained by assigning supply warrant officers at the TOE battalion level of operations?

7. Request comments/recommendations be provided DAPATF NLT 17 April.

SUBJECT: USACIDC Property Accountability Recommendations

Commander
US Army Logistics Evaluation Agency
New Cumberland Army Depot
New Cumberland, PA 17070

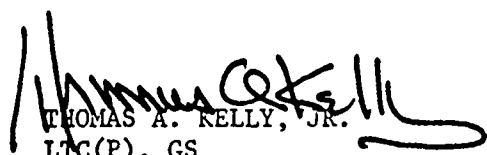

1. At the request of the DAPATF the United States Army Criminal Investigation Command (USACIDC) were asked to take a look at improving accountability from the view point of their crime prevention role. Worldwide surveys were conducted as well as detailed analysis made of logistics regulations from the standpoint of tightening up "Loop Holes" that allows for criminal activity. The results of these efforts are attached.
2. Request you evaluate for inclusion in AR 710-2, paragraphs 2a(1), and 2a(4) to 2a(11), of the attached report. Paragraph 2a(2) and 2a(3) are being considered for AR 703-1.
3. Request you provide a summary of the USACIDC recommendations adopted for inclusion in AR 710-2. To facilitate our response to USACIDC, a brief explanation for recommendations not accepted, would be appreciated.
4. POC this headquarters is LTC Billy J. Stalcup, 224-3264.

MEMORANDUM FOR: DEPUTY SURGEON GENERAL

SUBJECT: Property Accountability Training

1. A major effort of the DAPATF in improving the property accountability procedures has been in the field of education and training of both officers and enlisted men. The officer education efforts have centered around the logistics baseline curriculum developed by the LOGC for use by all Service Schools. The Health Services Command (HSC) letter of 29 March (Incl 1), providing direction on the use the Logistics Baseline Curriculum is outstanding and typifies the excellent support and backing that the property accountability improvement actions have received.

2. The enlisted training efforts centered on a review of the 76Y and 76J task analysis to ensure that the training shortfalls identified by the DAIG have been incorporated into the Service School training courses. The task analysis review has been completed and DAPATF was advised by message from HSC (Incl 2) that the 76J Program of Instruction (POI) is currently out for staffing and approval by OTSG, and should be on-line within six months. I would appreciate your assistance in expediting the approval and implementation of this POI so that instruction may begin in the June/July time frame. This would be in keeping with the changes made in the training courses of other supply MOS's and be of definite assistance in providing knowledgeable, well trained soldiers to manage and account for equipment and supplies in field units and activities.

3. The DAPATF is available to provide any assistance you may desire and I am sure that, together, we can effect changes in Army property accountability procedures that will enable us to better accomplish our mission.

6 MAR 1978

AFZA-GD-S

SUBJECT: Quick Inventory Automotive Toolboxes

Commander
United States Army Forces Command
ATTN: AFCS
Fort McPherson, Georgia 30330

1. On-going actions within the 82d Airborne Division in conjunction with the United States Army Transportation School to test and evaluate aviation related toolboxes indicate that improvements can be made in tool accountability and control through the use of polyvinylchloride (PVC) inserts and an organized tool control program. An internal test in the 82d Airborne Division indicates like improvements in tool control can be accomplished by the expansion of the PVC insert concept to automotive general mechanics' toolkits.
2. In February of this year, MG DeHaven, the Chief of the DA Property Accountability Task Force, was briefed by the Division on the PVC insert concept and shown the aviation and automotive toolboxes configured using PVC inserts. MG DeHaven expressed an interest in the program and requested a copy of the briefing and pictures of the boxes.
3. Initial efforts by the 82d Airborne Division have shown that 70 of the tools in the general mechanics' toolset will fit in the general mechanics' toolbox when configured with PVC and spring clip inserts (Inclosure 1). All 88 tools will fit in an aviation mechanics' toolbox when configured with PVC inserts.
4. Due to the potential increase in tool accountability and subsequent savings in reduced replacement tool costs, this command is vitally interested in testing and adopting the PVC insert concept. To this end, this command stands ready to provide a testing ground for testing of a PVC insert for Army-wide adoption.

AFZA-GD-S

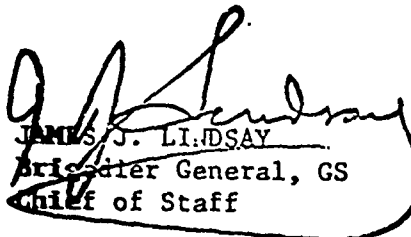

SUBJECT: Quick Inventory Automotive Toolboxes

6 MAR 1972

5. Request FORSCOM assistance in acquiring approval for expanded testing of a general automotive mechanics' toolbox insert and formal DARCOM/TRADOC sponsorship of this test.

ATLG-MSP-SP (23 Feb 78) 1st Ind
SUBJECT: Tool Kit Inventory

HQ TRADOC, Fort Monroe, VA 23651

TO: Commander, US Army Logistics Center, ATTN: ATCL-DP, Fort Lee, VA
23801

1. Inventory and accounting for components of tool kits has long been recognized as a problem. The TRADOC supports any methodology that would allow rapid conduct of accurate tool kit inventories.
2. It appears that there are at least four ways of identifying the components and completeness of tool kits. These are:
 - a. Silhouette layout mats proposed in basic correspondence.
 - b. Preformed inserts for tool containers which are shaped and sized to components of the kit.
 - c. Data plates affixed to the container listing the type and quantity of components of the kit. The data plate concept may have applicability to the Tool Kit, Carpenter's, Engineer Squad.
 - d. Supply catalogues containing a components list along with the description and photographs of the components and the kit.
3. Some informal coordination regarding the development of inventory aids has already occurred between members of the Department of the Army Property Accountability Task Force (DAPATF) and personnel at the Ordnance and Transportation Schools. The Ordnance School has provided a silhouette type layout mat of the General Mechanic Automotive Tool Set to DAPATF. Some information on the work done by the Transportation School on various aircraft tool kits has also been provided to DAPATF.
4. Request US Army Logistics Center determine what efforts and progress have been made by TRADOC Service Schools towards development of tool set/kit inventory aids. Further request the following be accomplished:
 - a. Identify four more tool sets/kits in addition to the General Mechanic Automotive Tool Set, that are adaptable to the silhouette type inventory aid.
 - b. Determine when a sample inventory aid for the selected tool sets/kits will be available for inspection.

ATLG-MSP-SP (23 Feb 78)
SUBJECT: Tool Kit Inventory

c. Recommend whether these silhouette inventory aids should be reproduced for immediate distribution or should be first field tested.

d. Recommend distribution ratio (i.e., one per set/kit, one per squad, etc.) or scope of field test, as applicable.

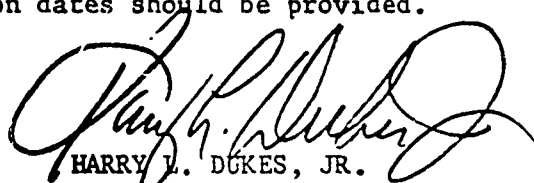

e. Develop field test evaluation questionnaire/plan to obtain meaningful user comment and a basis for cost analysis.

f. Evaluate the appropriateness of using preformed inserts, data plates, etc., in instances where the number and/or size of set/kit components renders the silhouette approach impractical.

5. By separate correspondence, the DAPATF is being advised of this approach to develop viable tool set/kit inventory aids. This correspondence will also note that funds have not been programmed for contractual reproduction of the inventory aid models to be developed.

6. Response to the requirements enumerated in paragraph 4 should be addressed to this headquarters, ATTN: ATLG-MSP-SP, to arrive NLT 25 Apr 78. In the event that all evaluations cannot be adequately addressed within this time period, estimated completion dates should be provided.

DALO-ZXT

DEPARTMENT OF THE ARMY
OFFICE OF THE DEPUTY CHIEF OF STAFF FOR LOGISTICS
WASHINGTON, D.C. 20310

21 APR 1978

Major General Richard H. Thompson
Commander
US Army Troop Support and
Aviation Materiel Readiness Command
4300 Goodfellow Boulevard
St. Louis, MO 63120

Dear General Thompson:

General Post sent me a copy of his letter to you, dated 3 April, concerning the quick inventory aviation general mechanics tool kit. You may recall that you wrote me on 29 December 1977, urging support for the program.

Even before receipt of your letter, the DA Property Accountability Task Force had been actively involved in this project. As you found on your trip to Europe, the troops we have talked to during field visits also want better tool boxes to help them in their inventories.

Initially we assumed that DARCOM should take the lead in developing a modified tool box. However, as a result of a meeting between personnel of the Transportation Center, DARCOM, and the Task Force, it was determined that TRADOC, as representative of the user, should take over the project. TRADOC was so tasked on 23 February and requested to expand the program to include tool kits associated with other Army equipment. They, in turn, asked the Logistics Center to consider various alternatives and to provide milestones for proposed actions by 23 April.

The XVIII Airborne Corps and FORSCOM also back the program and have offered the 82d Airborne Division as the official sponsoring unit, and Fort Bragg as a site for further testing. TRADOC has been advised of the offer. I was briefed on the PCV insert for aviation and automotive tool boxes by the 82d Airborne Division during a conference at Fort Bragg in February.

DALO-ZXT

Major General Richard H. Thompson

The DA Property Accountability Task Force fully supports the efforts of the Transportation Center as outlined in General Post's letter. Anything your command can do to expedite the project will undoubtedly benefit the field user in maintaining better tool accountability and control.

Sincerely,

SIGNED

3. The concept of a proposed study of Performance Evaluation of Installation Resource Management Study, which is being considered by your office (reference 1b), encompasses, within its scope, the theme of the above DAIG recommendation. In order to focus on the total installation resource management task by a single group, the pursuit of action to accomplish the above DAIG recommendation could best be incorporated into your study effort which I fully support. It is, therefore, recommended that your study group, as identified in reference 1b, include the accomplishment of recommendation 6r of reference 1a.

4. This has been discussed by the DAPATF and a member of your study effort, who agree. The DAPATF and the other elements of the Office of the Deputy Chief of Staff for Logistics stand ready to provide assistance to the group on this or any other area.

5. OTIG concurs in this recommendation.

DALO-ZXT (24 Apr 78) 1st Ind
SUBJECT: Shop Equipment, Contact Maintenance, NSN 4940-01-016-2262

DA, ODCSLOG, Washington, DC 20310

TO: Commander, US Army Armament Materiel Readiness Command,
ATTN: DRSAR-MM, Rock Island, IL 61299

1. The attached letter and Equipment Improvement Recommendation (EIR) surface the problem of adequately securing items stored in subject shop equipment. Since locking mechanisms on compartments of all M-880 series contact vehicles are activated by a common key (master key), it is obvious that little real security is provided to items stored therein. As these vehicles continue to enter the inventory and additional keys are issued, it is reasonable to expect increasing problems in managing and accounting for Government property stored on board unless positive action is taken.
2. Request your command review this problem and take action deemed appropriate to improve security of subject shop equipment. A modification that provides an individually keyed lock set for compartments of each vehicle would appear to offer the best solution to the problem.
3. The HQDA POC for this action is Major Pitcher, AUTOVON 224-3238/4782.
4. Report correlation: Implied recommendation to improve security of Army property.

1. References:

a. HQDA (DAMO-FDU) letter, 1 May 1978, Revision of CTA 50-900 and Consolidation with CTA 50-906.

b. VCSA letter, 11 October 1977, Management and Accountability of Army Materiel.

c. HQDA (DALO-ZXT) Proper Count Flasher Message No. 10, DTG 091625Z Jan 78, Organization Clothing and Equipment (CTA 50-900).

2. Reference a forwarded a revision and consolidation of CTA 50-900 and CTA 50-906 for your review.

3. Reference b stated that the Chief of Staff, Army had approved the accompanying DAIG Report of Audit Survey and Special Inspection of Management and Accountability of Army Materiel. This report indicated substantive deficiencies in accountability and recommended corrective action. One such recommendation pertained to the establishment of uniform allowances for CTA 50-900 specifically tailored to organization, mission, and climatic conditions. This recommendation evolved from the DAIG finding that commands inspected had a wide divergence of CTA 50-900 individual issue policies and that subordinate units had a diversity of individual issue among their soldiers. In many cases units had extensive CTA issue in excess of individual soldier minimum essential requirements and which created an accountability burden on unit personnel.

4. Reference c reiterated Army policy and directed that review procedures be established at division, separate brigade and installation level to ensure that only minimum essential CTA 50-900 are authorized. Accountability procedural changes were also noted to ensure increased control over initial issue, individual maintenance, and turn-in.

DALO-ZXT

SUBJECT: Revision of CTA 50-900 and Consolidation with CTA 50-906

5. As a further step to assist field commanders, the quick reference CTA 50-900 discretionary guidelines at inclosures 1 and 2 have been developed by TRADOC and HSC for their use. These guidelines identify what is the recommended minimum essential issue for the individual soldier. This concise listing takes into account the type unit he may be assigned, by category, under varying climatic conditions. In addition to fostering easy identification of baseline requirements by nonlogistically oriented personnel, the guidelines may be used by the logistics community for budget and planning purposes. It will assist commanders at all levels in establishing uniform listings for units under their command while permitting them latitude in selectively adding to or deleting items based on mission unique requirements.

6. Request that you review the attached inclosures, for sufficiency and comment as to the utility of the listings NLT 15 June 1978 to this office.

7. POC is Major(P) James T. Roberts. Report correlation: Recommendation 6E.

DALO-ZXT

SUBJECT: Annual Evaluation of the USACIDC Quarterly Crime Prevention Report

Commander
US Army Criminal Investigation Command
ATTN: CIOP-CP
5611 Columbia Pike
Falls Church, VA 22041

1. Reference letter, CIOP-CP, dated 3 May 1978, subject as above (distributed with HQ USACIDC Quarterly Crime Prevention Report for First Quarter, CY 78).
2. The Quarterly Crime Prevention Report (QCRP) provides an excellent, easy-to-read summary of crime prevention information. It is undoubtedly a valuable tool for crime prevention activities. The publication would be of even greater value if it received widespread distribution rather than limiting it to Army law enforcement activities, as stated in reference letter. The QCPR should be distributed to installations down to unit/activity level which is, after all, the "first line of defense" for crime prevention programs.
3. Much of the information contained in the QCPR would also be of value to the logistics community. If it were provided to appropriate Army staff and subordinate command staff elements on a regular basis, voids and weaknesses in existing policies and procedures could be more readily identified and eliminated.
4. Special Agent Hambrick's participation in the DA Property Accountability Task Force (DAPATF) has proved to be an excellent beginning in ensuring that pertinent crime prevention information is introduced into the logistics community in a timely manner. The DAPATF is a temporary organization, however, and a need exists to have continuing liaison between ODCSLOG and USACIDC after completion of the DAPATF's mission.

DALO-ZXT

SUBJECT: Annual Evaluation of the USACIDC Quarterly Crime Prevention
Report

This could be accomplished by providing a desk in DALO-SM for Mr. Hambrick, or other representative from HQ USACIDC, and continuing the part-time liaison relationship that has existed between USACIDC and the DAPATF since last October. In addition to providing crime prevention information to ODCSLOG, the CI Logistics Specialist Program would also be abreast of proposed changes to logistics policy. Such an arrangement would appear to be mutually beneficial to both organizations.

DALO-ZXT

17 MAY 1978

SUBJECT: Recategorization of Supplies and Equipment

Deputy Chief of Staff for
Operations and Plans
Headquarters, Department of the Army
Washington, DC 20310

1. References:

a. HQDA letter, dated 11 October 1977, subject: Management and Accountability of Army Materiel.

b. AR 310-34,

c. AR 735-5.

2. Reference 1a indicated confusion existed concerning the expendability code assigned to items in the Army Master Data File (AMDF). It was found that items coded "X" (expendable) were treated as consumables regardless of whether they were true consumables or nonconsumables. Since 95 percent of the items in the AMDF are coded "X", the need to improve or change attitudes towards the accountability of these items is apparent.

3. Recommendation 6K of the DAIG special report addresses the need to recategorize equipment and components into more realistic expendability codes. This recategorization should include simple definitions which differentiate between items that are truly consumed and those which must be accounted for until worn out or turned in.

4. A review of present definitions has led to the conclusion that an additional code is needed to avoid the recoding of many items as nonexpendable, which would then require property book accounting.

5. Following are the proposed new expendability code definitions.

a. Nonexpendable - "N". Items which are not consumed in use, retain their original identity during the period of use, and require that accountability be maintained throughout the life of the item.

DALO-ZXT

SUBJECT: Recategorization of Supplies and Equipment

This includes all nonconsumable end items coded nonexpendable in the AMDF and authorized by TO&E, MTOE, JTA, TDA, or CTA (except for CTA 50-970/8-100). Commercial and fabricated items similar to items coded as nonexpendable in the AMDF or authorization media are considered nonexpendable.

b. Durable - "D". Items which retain their original identity, are not consumed in use, and are not categorized as nonexpendable. Included are nonconsumable components of all sets, kits, outfits and assemblages; all tools (Federal Supply Classes 5110, 5120, 5130, 5133, 5136, 5140, 5180, 5210, 5220, and 5280); and any other nonconsumable item with a unit value in excess of \$50.00.

c. Expendable - "X". Items, regardless of value or type classification, which are consumed in use. This includes all Class IX (repair parts) and other items, with a unit value of \$50.00 or less, that do not fit the criteria of a nonexpendable or durable item.

6. The Surgeon General will develop procedures for coding and accounting for Class VIII, Medical Supplies and Equipment, used at fixed treatment facilities. These procedures will be coordinated with ODCSLOG and published in AR 40-61.

7. The following designates the type accountability required for the specified category of items:

<u>Category</u>	<u>Accountability</u>
Nonexpendable	Stock record, property book, and hand receipt
Durable	Stock record and hand receipt/hand receipt annex (user level)
Expendable	Stock record and no accounting required upon issue

This does not infer that expendable items are not to be used efficiently. Commanders should institute local controls as necessary.

8. The document register for expendable items will be renamed Expendable/Durable Document Register. The Expendable/Durable Register will be retained for two years after the last supply action and then destroyed IAW AR 340-2. This will provide an audit trail for durable items and will also provide information on the consumption of expendable items.

DALO-ZXT

SUBJECT: Recategorization of Supplies and Equipment

9. There have been numerous misinterpretations concerning the application and use of expendability and recoverability codes. This is particularly true when an item is coded expendable, as well as recoverable. This misinterpretation results from a failure to look beyond the AMDF expendability column. The expendability code denotes the method to be used in accounting for the property; the recoverability code indicates disposition action to be taken with each item, including the organization level to which the item will be returned. It is proposed that the AMDF be restructured to move the recoverability column along side the expendability column to more easily draw user attention to the recoverability codes.

10. Your comments/concurrences on proposals in paragraphs 5-9, above, by 16 June 1978 would be appreciated.

TOOELE ARMY DEPOT
TOOELE, UTAH 84014

10 May 1978

SDSTE-COU

SUBJECT: Reports of Survey and Cash Collection Vouchers

Department of the Army
ATTN: DACA-FAL-S
Washington, D.C. 20310

1. Here at Tooele Army Depot property accountability is foremost among priorities of our Commander, Colonel Burbules. The combination of Cash Collection Voucher, Statement of Charges and Report of Survey generally allows us to establish and enforce accountability and responsibility in a manner satisfactory to both the Government and the employee.
2. Unfortunately, it has been suggested that your Messages 270104Z Feb 76 and 252059Z Nov 78, Subject: Application of Simple Negligence to Hand Tool Losses, stand for the proposition that, in cases of hand tool loss Cash Collection Vouchers will not be used. This interpretation stems from the language in 252059Z Nov 74 to the effect that "a report of survey will be processed... unless the loss is admitted and a statement of charges is processed..."
3. Is this interpretation correct? Does this message remove the cash collection voucher as an alternative for enforcement of accountability? If so, it would seem that any motivation for an employee to accept monetary responsibility without a costly report of survey is diminished. If negligence must be admitted via a statement of charges or ascertained by Report of Survey, there is no question that the employee will put the government to the task of proving negligence. Of course, on the other hand if an employee can pay without a record of negligence by signing a cash collection voucher his motivation to admit liability is a little greater.
4. I understand that communicating directly with your office informally may be extraordinary, perhaps even improper, but I have exercised the other options available to me and now turn to you for help, because the other answers I have received conflict. Any information which your office, as the font of knowledge with respect to Reports of Survey can provide, would be greatly appreciated.

AUTOVON 680-4221

HQ TRADOC, Fort Monroe, VA 23641 03 FEB 1978

TO: HQDA (DALO-ZXT) WASH DC 20310

1. The attached documents amply attest to a serious supply accountability problem existing in the 281st Avn Co (USAR). Although it appears obvious that negligence is involved, it is doubtful that any survey officer or board could piece together a seven-year puzzle and expect to have sufficient evidence to levy pecuniary charges.

2. It appears that a waiver of property accounting provisions UP Chapter 13, AR 735-5 would be more appropriate in this case. However, it appears that in lieu of final action being taken by TRADOC, it would be in the best interests of all concerned that final action remain in command channels. This would insure that appropriate disciplinary/administrative actions could be taken. In this regard, request an exception be granted for the above mentioned course of action so that Fifth Army and FORSCOM be directed to take final approval action.

5 JUN 1978

SUBJECT: Draft AR 190-51, Security of Army Property at Unit and
Installation Level

Commander
US Army Military District
of Washington
ATTN: ANLOG
Fort Lesley J. McNair
Washington, DC 20319

1. References:

- a. DCSLOG letter, DALO-ZXT, 1 Apr 78, subject as above, with inclosure, Draft AR 190-51, subject as above, undated.
- b. MDW letter, ANLOG, 8 May 78, subject as above.
- c. DA report, DAIG-IS, 6 Oct 77, subject: Report of Audit Survey and Special Inspection of Management and Accountability of Army Materiel.

2. Reference paragraph 2 of your letter (reference 1b):

a. The requirement to maintain an informal serial number control ledger for office machines contained in paragraph 3-11c(2)h of Draft AR 190-51, cited in your letter, is a Level II security measure. It is an additional recommended security measure to be implemented at the discretion of the local commander if Level I safeguards have proven inadequate to stem thefts/unexplained losses of such items from bulk stocks. It is not a mandatory (Level I) physical security measure.

b. A change has been made to paragraph 1-3a of Draft AR 190-51 deleting the reference to annual physical security inspections and simply referring to requirements for such inspections as outlined in AR 190-13. A revision to AR 190-13 will incorporate the changed inspection requirements.

DALO-ZXT

SUBJECT: Draft AR 190-51, Security of Army Property at Unit and
Installation Level

3. All comments from Army staff agencies and the major Army commands, as well as from a few large CONUS installations, were reviewed and incorporated in Draft AR 190-51 as appropriate. Major changes were made in some areas, most notably with regard to security lighting at airfields and security of items designated as pilferable in the Army Master Data File (AMDF). The purpose for some of these changes was to reduce costs and the burden associated with implementing certain provisions of the regulation when the added risk trade-off appeared acceptable and reasonable.

4. Paragraph 1-5, Waivers or Exceptions, of the draft regulation was also changed to broaden and clarify the major Army commanders' authority to provide exceptions to Level I requirements. Specifically cited as a basis for exception is a Level I physical security measure clearly not in the best interest of the US Government. A location with negligible criminal history and local criminal threat is noted as an example of when such an exception might be appropriate. Costs of a particular measure should, of course, be considered when making this determination.

5. The DAIG report (reference 1c), based on inspection of 118 company-size units, noted that "inadequate safeguarding of materiel resulted in a portion of the losses discovered during the inspection" (paragraph 4a(4), reference 1c). The report further indicated that a sizeable number of commanders felt that inadequate storage facilities of organizational clothing and equipment (OCE) had contributed to losses. It was also found that numerous reports of survey for OCE cited security problems as a basis for the losses. A review of existing directives revealed that little specific guidance was available to commanders on protecting their assets, although a number of them (AR 190-13, AR 210-10, AR 710-2, etc.) charged the commander with responsibility for safeguarding property within their commands. Draft AR 190-51 was developed, not to impose more stringent standards, but to provide basic standards for various types of common Government supplies and equipment for which there were no security standards.

DALO-ZXT

SUBJECT: Draft AR 190-51, Security of Army Property at Unit and
Installation Level

6. In view of the above stated need for security guidance in this area, the additional flexibility provided to major Army commanders in allowing exceptions to Level I requirements, and the delay that was experienced in obtaining comments from the field, resource impacts for Draft AR 190-51 will not be requested. Responses from the Army Staff and major Army commands indicate common agreement that Level I measures delineated in Draft AR 190-51, with the changes that have been incorporated, are basic, essential, and reasonable for the protection of US Government property.

7. The POC for this action is Major Pitcher, AUTOVON 224-4328/9. (Commercial 694-3238/9). Report correlation: Implied recommendation to improve security of Army property.

DALO-LER (5 Apr 78) 1st Ind
SUBJECT: USACIDC Property Accountability Recommendations

DA, ODCSLOG, US Army Logistics Evaluation Agency, New
Cumberland Army Depot, New Cumberland, PA 17070 2 JUN 1978

TO: HQDA (DALO-ZXT), WASH DC 20310

1. Basic correspondence requested our evaluation of Inclosure 1 for possible inclusion in AR 710-2. Paragraph 2 is a brief summary of those recommendations adopted for inclusion in AR 710-2. Paragraph 3 is an explanation of those recommendations not accepted. Responses are keyed to the specific paragraphs in Inclosure 1 to basic letter.

2. Adopted recommendations:

a. Paragraph 2a(1). Concur in part. AR 710-2 presently contains a glossary. A review of the terms contained in this glossary indicates that there are numerous terms that require further definition. There are also several terms used in AR 710-2 that are not defined. The terms in the glossary will be reviewed for further definition or additions/deletions, as applicable. However, updating the terms in AR 710-2 is only a partial solution to the problem identified. All terms used by the Army logistics community should be reviewed. Logistics terms should be standardized and included in AR 310-25, Dictionary of United States Army Terms.

b. Paragraph 2a(5). Concur in part.

(1) Change 5, AR 710-2, proposes that only sensitive items are required to be inventoried quarterly. Ammunition and arms are coded as sensitive and are, therefore, required to be inventoried.

(2) The requirement to inventory pilferable items quarterly is not feasible. There are too many items coded as pilferable in the ARMS AMDF. DSU/GSUs are required to conduct a 100 percent inventory of all items semiannually. This requirement provides sufficient control.

(3) The term "adjustment research" has been eliminated and replaced with the term "causative research" in the draft change 5, AR 710-2. This is in consonance with terminology used in AR 735-5, Property Accountability - General Principles, Policies, and Procedures.

SUBJECT: USACIDC Property Accountability Recommendations

c. Paragraph 2a(6). Concur. AR 735-11 and change 5, AR 710-2 (both in draft), no longer permit the use of DA Form 444, Inventory Adjustment Report, for loss of sensitive items. Ammunition and arms are both coded as sensitive in the ARMS AMDF.

d. Paragraph 2a(7). Concur. See b above.

e. Paragraph 2a(8). Concur. The definitions of components of end items are presently under review by the Materiel Readiness Support Activity. The new terms and definitions will be included in change 5, AR 710-2.

f. Paragraph 2a(9). Concur in part. Change 5, AR 710-2, requires that excess items be turned in within 10 days.

3. Explanation of those recommendations not accepted for adoption:

a. Paragraph 2a(4). This Agency agrees with the finding that control in the utilization of DA Form 1687, Delegation of Authority - Receipt for Supplies, is lacking. The problem, however, is not the system but one of command emphasis and attention.

b. Paragraph 2a(10). The draft change 5 to AR 710-2 outlines the requirements for inventory of organization clothing and individual equipment (OCIE). Inventories are required upon assignment to, and prior to departure from, a unit. These inventories will be conducted prior to the individual reporting to the OCIE issue point for issue or turn in. Inventories prior to, and immediately after, a field exercise are encouraged. Other inventories are at the discretion of the commander. Diverse geographical locations and varying missions of the units make it extremely difficult to establish more stringent criteria in AR 710-2.

c. Paragraph 2a(11). This Agency agrees that procedures for obtaining items from the cannibalization point need to be clarified. The "can" point is a source of supply to the DSU/GSU supply support activity and not the source of supply for using units for organizations. Requests should be submitted to the DSU/GSU. Using units should not deal directly with the "can" point. Establishing controls at the

DALO-LER (5 Apr 78) 1st Ind

MEMORANDUM FOR: OFFICE, ASSISTANT SECRETARY OF DEFENSE (COMPTROLLER)

ATTN: MR. CREHAN

SUBJECT: Army's Request for Deviation from DOD 7200.10M

1. This responds to your request of the DA Property Accountability Task Force to review the attached DOD, Office of the General Counsel memorandum (Tab A).
2. The Army strongly believes that liability for damage or loss to other Government property should be limited to an amount equal to one month's pay for the following reasons:
 - a. The Army has not collected for catastrophic losses.
 - b. It is the Army's belief that it is unreasonable to collect total liability for catastrophic losses.
 - c. The use of a simple negligence standard versus a gross/simple negligence standard would result in increased findings of pecuniary liability.
 - d. The DAIG found that of the 640 reports of survey in inspected units, property losses were valued at \$549,806, only \$33,506 (6.1 percent) of liability was approved.
 - e. The proposed deviation provides for a reasonable, realistic, and believable level of pecuniary liability for loss or damage to Government property.
 - f. Provides a deterrent to careless loss or damage to Government property.
 - g. Procedure will be simpler to administer and can be supplemented with punitive actions under the Uniform Code of Military Justice.

DALO-ZXT

SUBJECT: Army's Request for Deviation from DOD 7200.10M

h. This procedure will be more equitable than the use of a standard dollar criterion, which is applicable to all grades.

i. A standard of one month's base pay would not require changes to the DOD manual necessitated by inflationary adjustments.

3. After careful review of the DOD, General Counsel memorandum, and the Comptroller General of the United States Decision of 5 December 1963, (B-152699) (Tab B), the Army desires to change its request to establish a blanket remission of indebtedness for enlisted personnel when losses involving personal arms and equipment exceed one month's basic pay. The present system for damage or losses of personal arms and equipment will remain in effect. This change will require both officer and enlisted personnel to pay for the full loss of personal arms and equipment. However, the Army will pursue a course of action through legislative change to allow blanket remission of indebtedness for enlisted personnel for losses of personal arms and equipment.

CMT 1

MAJ Pitcher/ss/43238

1. Reference DAIG Report, DAIG-IS, 6 October 1977, subject: Report of Audit Survey and Special Inspection of Management and Accountability of Army Materiel.
2. Referenced DAIG Report cited inadequate storage facilities of OCE as contributing to losses of Government property and noted that review of numerous reports of survey substantiated that lack of protection was the basis for substantial losses (paragraph 4a(4), reference 1). Conversations between members of the DA Property Accountability Task Force (DAPATF) and commanders during trips to the field have also indicated that inadequate secure storage space for unit supplies and equipment is a major problem at many locations.
3. Request your office take the action deemed appropriate to ensure all new construction includes adequate secure storage space for safeguarding Government property of units/activities that will occupy them. Recommended security standards for facilities used to store and protect unclassified and nonsensitive Government supplies and equipment are at inclosure 1 (Sensitive items are identified in Appendix N, AR 710-2).
4. The HQDA POC for this action is Major Pitcher, 694-3238/9. Report correlation: Implied recommendation to improve security of Army property.

STORAGE STRUCTURE SECURITY

Buildings and rooms used for the storage of unclassified and nonsensitive US Army supplies and equipment are considered secure structures if they meet or exceed the following standards:

a. Walls and floor of new construction are of masonry and/or concrete. Walls and floors of existing structures, and ceilings of existing structures and new construction are of at least 1/2 inch (1.27 cm) plywood, 1 inch (2.54 cm) tongue-in-groove boards or equivalent.

b. Doors provide a degree of security comparable to that provided by the walls of the basic structure.

c. Door hinge mounting screws are not exposed to the exterior of the facility. If screws are exposed they will be spot welded, covered, or filled with material in a fashion to prevent their easy removal. Nails will not be used to mount hinges.

d. Door hinge pins exposed to the exterior of the facility are of a design or modified to prevent their easy removal.

e. Doors to the exterior locked from the inside are secured with a dead bolt locking device, cross bar, or similar locking device that is resistant to jimmying and manipulation from the outside as opposed to a latch style door lock.

f. Windows have individual locking devices.

g. All first floor openings, except doors, in excess of 96 square inches (619.4 square cm) which are located less than 12 feet (3.7m) from ground level are barred, grilled, or covered with chain link material in a manner to preclude easy removal. Installed metal framed windows which do not provide an opening in excess of 96 square inches (619.4 square cm) with the glass broken out and when fully open are exempt from this requirement.

h. Doors which are secured from the outside have locking devices conforming with appropriate Corps of Engineer guide specifications for the type of structure or with US Government tumbler-type, key operated padlocks.

MEMORANDUM FOR: COMMANDER, LOGISTICS EVALUATION AGENCY

ATTN: COLONEL TOUSLEY

SUBJECT: Logistics Service Awards Program

1. The results of the IPR, conducted on 8 June 1978 for the Director, DAPATF, subject as above, are listed below:

a. Selection of the combat service support units and combat/ combat support unit by the local commanders will be accomplished through the use of the evaluation annexes of AR 672-XX, results of Inspector General Inspections, and CLRTX visits if available.

b. MACOMs will establish a logistics awards board to select the best units in the seven categories as applicable.

c. MACOMs will submit their nominees to Logistics Evaluation Agency who will categorize the nominees from all MACOMs.

d. The DCSLOG unit logistics awards board chaired by the ADCSLOG will evaluate and nominate one unit per category.

e. The final approval will rest with the DCSLOG.

2. Sponsors for the program were discussed and prioritized. They will be contacted during the time frame that the regulation is being staffed with MACOMs. The agencies discussed were:

a. American Defense Preparedness Agency (ADPA).

b. Association of the United States of America (AUSA).

c. Society of Logistics Engineer (SOLE).

DALO-ZXT

SUBJECT: Logistics Service Awards Program

3. The draft regulation will be briefed during the upcoming DAPATF Working Conference III at Fort Lee, Virginia, 27-29 June 1978. The regulation will be distributed at the conference to all MACOM representatives for coordination. The cover letter will be signed by General DeHaven. During the time of the conference Mr. Ted Stanley and LTC O'Hara will visit TSA to discuss the Connelly Award and its similarities with the LOG Awards Program.

4. Additional coordination prior to the conference will be conducted by telephone between Mr. Stanley and LTC O'Hara.

13 JUN 1978

SUBJECT: Tool Kit Inventories

Commander
US Army Materiel Development
and Readiness Command
ATTN: DRCIS-S
5001 Eisenhower Avenue
Alexandria, VA 22333

1. References:

a. The Inspector General Report of Survey and Special Inspection of Management and Accountability of Army Materiel, 6 October 1977.

b. Letter, DALO-ZXT, ODCSLOG to DARCOM, 23 December 1977, subject: Improved Composite Tool Kit (CTK) Inventory, and 1st Ind, DARCOM, 26 January 1978.

c. Letter, DALO-ZXT, ODCSLOG to TRADOC, 23 February 1978, subject: Tool Kit Inventory, and 1st Ind, TRADOC, 23 May 1978 (Incl 1).

2 Reference 1a stated that problems existed in the identification, inventorying, and security of hand tools. The overprinted hand receipt (DA Form 2062) and illustration of all items in sets, kits, and outfits, which are being included in CL supply catalogs, should assist in identifying and inventorying of hand tools. However, comments from the field recommend that other quick inventory methods such as tool box inserts and silhouette layout mats also be adopted.

3. As a result of your reply to letter from this office, 23 December 1977 (reference 1b), TRADOC was requested to expand initial efforts in developing instant inventory aids. The response from TRADOC indicating the evaluation and views of that headquarters and the comments of the Logistics Center and several of the associated schools are included in reference 1c. A tool box insert program for aircraft maintenance which shows promise, was initiated by the US Army Transportation Center and is currently being evaluated by TSARCOM. However, similar efforts for other types of equipment are desirable.

DALO-ZXT

SUBJECT: Tool Kit Inventories

4. As the representative of the user, TRADOC recommends that your headquarters assume the development and fielding of inventory aids in view of your responsibility for review and materiel management of sets, kits, and outfits under the provisions of AR 708-1. TRADOC will advise and assist DARCOM as required. Request appropriate action be taken to review high density SKO's for the possible immediate application of a tool kit inventory method, and the remaining SKO's be programed for a similar review according to the master review schedule. An implementation plan is requested by 17 July 1978.

5. It is further requested that the status of this project be briefed at the DAPATF Working Conference scheduled for 27-29 June 1978.

SUBJECT: Draft AR 735-11

Commander
US Army Materiel Development
and Readiness Command
ATTN: DRCPP-SP
5001 Eisenhower Avenue
Alexandria, VA 22333

1. Subject draft Army regulation is forwarded pursuant to the FONECON between Mr. Eadinger, of your office, and Captain Varo on 26 May 1978.
2. Review of chapter 6 of the draft reveals that it has remained substantially unchanged since 1962. Request your office review the draft with specific emphasis toward necessary revisions in chapter 6. The inclosed draft contains pencil changes to be added to chapter 6. Also inclosed is recommended language modifying para 6-1b.
3. It is also requested that you advise this office regarding any perceived need to staff this chapter through DLA and/or MTMC. In this regard, it should be noted that, in accordance with suggestions received from MTMC, the current chapter 7, AR 735-11, has been deleted.
4. The draft regulation should be sent out for publication within a matter of days. As chapter 6 has minimal impact on the policy changes in the report of survey system, if comments are not received before the regulation is sent out, any revisions will be included in the followup revision to be completed after an approximate six-month test period of the new regulatory standards.

1. References:

- a. FORSCOM message, DTG 191850Z Jun 78, subject as above.
 - b. DALO-ZXT letter, 7 December 1977, subject: Acceleration of Current Program to Supply Publications.
 - c. DA conference, 14-15 June 1978, subject: Standardization of Definitions and Titles (BII and AAL).
2. Referenced message stated that all components in operator manuals must be brought under control by the use of hand receipts.
3. Reference b was the initial tasking letter requesting preprinted, reproducible DA Form 2062, Hand Receipts (HR's), be included in the -10 TM operator manuals.
4. The initial thrust of the tasking letter was to ensure all items of equipment and operator manuals were covered by reproducible hand receipts.
5. In view of the results of referenced meeting, request your headquarters take necessary actions to notify Materiel Readiness Commands to develop an additional hand receipt for the end item and its integral components for proper property accountability.

SUBJECT: TM Operators' Manual Consolidation List

Commander
US Army Materiel Development
and Readiness Command
ATTN: DRCIS-S
5001 Eisenhower Avenue
Alexandria, VA 22333

1. References:

a. HQDA (DALO-ZXT) message, DTG 172040Z Apr 78, subject:
Acceleration of Current Program to Simplify Supply Publications.

b. DARCOM/MRSA/DAPATF meeting, 15 June 1978.

2. Reference 1a established a requirement for IPR, which was accomplished, and also requested that plans be developed to add preprinted hand receipts to remainder of operator TM's after initial priority list was accomplished.

3. The meeting referenced in 1b, surfaced efforts by MRSA to develop a computer print-out which would accomplish the following:

a. Complete listing of all operator TM manuals which would require accompanying hand receipt documents for equipment (approximately 7,000 manuals).

b. List would be broken out by readiness command.

4. Request the following information be furnished DAPATF concerning the print-out:

a. When will above mentioned list be accomplished?

b. What sequence numbering will the list be in?

DALO-ZXT

SUBJECT: TM Operators' Manual Consolidation List

c. In what priority will the list be stratified?

d. What will determine this priority, e.g., maintenance significant items, high density items, or a combination of both?

e. Once the priority is established, what is the target date for completion of hand receipts for manuals?

5. Request information as to what program action has been or is planned to resource the TM simplification effort.

6. Request information be furnished DAPATF by 24 July 1978. Further, request one copy of print-out be furnished DAPATF upon its compilation.

Draft AR 672-XX, Logistics Services Awards Program

TO SEE DISTRIBUTION

FROM DALO

DATE 23 JUL 1978

CMT 1

LTC O'Hara/kp/44782

1. As a result of increased command emphasis on property accountability and a concerted effort at unit level to improve supply discipline, the establishment of an award to recognize excellence in all areas of logistics is being considered by this office. These areas include supply, maintenance, transportation, petroleum, and ammunition. Food service will be excluded, since it is represented by the Philip A. Connelly Award. The Awards Program will be applicable to all active Army units.

2. A draft Army regulation to implement the Logistics Services Awards Program is inclosed. It is requested that the draft be reviewed and your comments and concurrence be forwarded on DA Form 2028 to Director, DAPATF (DALO-ZXT), by 31 July 1978.

3. The POC for this action is LTC W. D. O'Hara, Jr., Room 1A256, Pentagon, 694-3238/4782.

Installation Level

SEE DISTRIBUTION

1. Reference HQDA (DALO-ZXT) message, DTG 112035Z Nov 77, subject:
Security of Army Property at Installation/Organizational Level (a
Proper Count Message).

2. Subject regulation provides guidance on safeguarding unclassified,
nonsensitive supplies and equipment at unit and installation level.
It is intended that the proposed regulation will provide the unit/
installation commander:

a. A single source reference document that interfaces property
management and accountability and physical security, which are inter-
related, by broad category of property.

b. Definitive guidance on what are considered to be minimum
"reasonable precautions" to be taken to safeguard various kinds of
property (Level I physical security measures, chapter 3).

c. A workable methodology and flexibility for developing a
physical security program tailored to the local security environment
(chapter 2 and Level II physical security measures, chapter 3).

d. A concise document (less than 30 pages when published) that
outlines this information in an easily readable and ready reference
format.

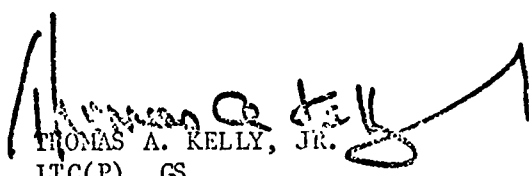

3. Addressees are requested to provide command concurrence/nonconcur-
rence in the proposed regulation and any comments to HQDA (DALO-ZXT),
Washington, DC, not later than 3 May 1978. Comments should be forwarded
on DA Form 2028. It is not anticipated that the draft AR will be
restaffed with field commands after consideration/incorporation of
comments provided.

PROPERTY ACCOUNTABILITY

—enforcement of supply discipline—

Various disciplinary and administrative measures are available to the commander to enforce supply discipline and reduce the loss, damage or destruction of government property.

A commander's usual reaction is to reach for AR 735-11 and start a report of survey. This may be appropriate or, in some cases, required. But, the report of survey is a supply-oriented document; it is not intended to be used as corrective action or punishment for negligence or misconduct which may have contributed to the loss.

Commanders must recognize that military discipline goes hand in hand with supply discipline. There are disciplinary and administrative tools available for use in conjunction with the report of survey:

- An oral reprimand has an immediate impact on everyone. In more serious cases, a formal letter of admonition or reprimand may be used and, when appropriate, may be filed in the member's official military personnel file in accordance with AR 600-37.

- Noting demonstrated inefficiency in OERs and EERs is a must. If a member continually displays a lack of ability or desire to meet command supply discipline requirements, consideration may be given to MOS reclassification, bar to reenlistment, reduction for inefficiency under chapter 7, AR 600-200, or separation as set down in chapter 5 or 13, AR 635-200.

- Cases of misconduct or neglect resulting in damaged or lost military property are subject to Article 15 or court-martial under the Uniform Code of Military Justice (UCMJ). For example, disciplinary action under the UCMJ may be taken under Article 92 for dereliction of duty or for failure to obey orders or punitive regulations.

Disciplinary action may also be taken under Article 108 for loss or damage to military property or for the wrongful sale or disposition of such property. In many instances, AR 735-11 requires a finding that the member's gross negligence was the proximate cause of the loss before he may be held pecuniarily liable.

However, disciplinary action under

the UCMJ often is permissible based on simple negligence. In addition, disciplinary action may be taken for misconduct which was not the direct cause of the loss.

The argument is often heard that "This soldier has been punished enough by the report of survey, and I don't want to give him an Article 15." This indicates a misunderstanding of the purpose of both the report of survey and nonjudicial punishment.

The report of survey is not a form of punishment nor has it proved to be effective as a deterrent. Nonjudicial punishment is both, though it is resorted to only when less severe measures either have failed to correct the situation or are inappropriate in view of the seriousness of the violation.

Use of administrative and disciplinary alternatives discussed above need not be limited to cases involving the standards prescribed by AR 735-11 for pecuniary liability. Even where no pecuniary liability is found, the facts may warrant some form of command action. Further, these measures may be appropriate not only for personnel directly causing a loss but also for those who fail to supervise properly.

There is little doubt that strong measures should be taken against the supply sergeant whose stocks were found by a command inspection to be \$10,000 short due to his misconduct or neglect. But similar action also would be appropriate against supervisors and commanders in the chain of command if investigation revealed that required inventories had never been made or verified.

At present, the report of survey all too frequently is successfully appealed, or the pecuniary liability remitted as a morale factor. It's then too late to take action of any kind. Supply discipline and with it military discipline suffer.

Obviously, each case must be judged on its own facts. Commanders have adequate means available to ensure a vigorous program of supply discipline and a full proper count in addition to the report of survey.

EDITOR'S NOTE: *COMMANDERS CALL* plans to do an in-depth story on reports of survey, upon receipt of the revised regulation.

Proper Count Message

"Proper Count" has become a watchword in the Army in recent months. It is, of course, a contraction of the words "property accountability" and labels the concerted, intensive effort underway, Army-wide, to make much needed and overdue improvements in the management and accountability of our materiel. It also connotes each soldier's and civilian employee's personal responsibility for insuring that maximum lifespan and utility are obtained from all Government property entrusted to them.

The Army Chief of Staff directed, last year, a special Department of the Army Inspector General's inspection of management and accountability of Army materiel. Results of that inspection left little doubt that substantial improvements were needed in the way we look after and take care of Government property. General Rogers, after reviewing the inspector general report, stated his position lucidly, "We simply are not going to tolerate this type of mismanagement in our Army." He also provided clear-cut guidance on the approach to be taken in ameliorating the property accountability problems that exist.

"I expect each commander to become involved, for most of the problems associated with control of supplies in the Army can be attributed to a lack of involvement at all levels of command. The greatest improvements will result from a high level of command interest; I expect that level to be reached by all of us."

After reviewing the inspector general report, the initial, logical question is usually, "What happened to the stringent property controls of the 1950's and 1960's?" A complete answer to this question is difficult since a number of factors have combined to attenuate the effectiveness of the Army's supply economy program during the last decade.

Active involvement in combat operations frequently has resulted in a shift of emphasis away from strict accountability for property. Our prolonged experience in Southeast Asia was certainly no exception. We must also realize that advancing technology, as well as preparation for multiple contingency missions, have also had an influence. We must keep track of, as well as care for, an ever increasing density of equipment, supplies, components, and parts in a typical unit. The threat of relatively brief, high intensity conflict situations has also necessitated a proliferation of pre-positioned war reserve and backup stocks throughout the world. These must be managed and accounted for.

Numerous changes in the logistics system itself have also had a substantial impact. The advent of the computer provided the means for more responsive logistics support, but it has not been an unmixed blessing. Increasing sophistication requires personnel with additional skills and, hence, training; and they are not always available in desired numbers or at the most propitious times. Change, whether resulting from doctrinal innovation or system sophistication, all too frequently results in periods of turbulence and uncertainty when items may "fall through the cracks" that temporarily exist while property control procedures are being modified.

Finally, it must be recognized that sociological changes in American society at large sooner or later are manifest in the Army as well. Civilian experts in assets protection have pointed out the diminishing effectiveness of traditional ethical standards and employee goodwill as restraints against criminal or antisocial behavior toward the "company." It is reasonable to expect that some of our personnel view the Army as a nonpersonal, faceless entity that is ripe for ripping-off since "nobody's hurt" and "the Government can afford it." Ever notice how many US Government ballpoint pens you see in use in homes and businesses offpost?

The next logical question is, "What can we do to get better?" The key to a sound asset control program is, of course, the active involvement of commanders at all levels, as the Chief of Staff has stated. It is difficult to argue with the maxim "that gets done which the boss checks." A commander must be fully cognizant of his property accountability responsibilities; be knowledgeable of the policy, procedures, and requirements contained in pertinent directives; and take the time to inspect, question, and review his command's performance.

At company level there are four basic property accountability functions that must be properly performed to adequately control Government supplies and equipment. Every item on the property book or on hand receipts should be hand receipted and subhand receipted to a responsible individual at the lowest practicable level. All individual clothing records must be accurate and up to date. Change-of-command and periodic inventories have to be conducted in accordance with existing directives and at any other time that the commander perceives a need.

Another function the company commander must perform is to insure that appropriate inventory adjustment and disciplinary actions are taken in a timely manner in incidents involving lost, damaged, or destroyed property. Finally, the commander must take all reasonable precautions to safeguard supplies and equipment that arrive in or depart from his command. In essence, the company commander is responsible for implementing a comprehensive unit asset protection program through the integration of sound management techniques, personal accountability, and physical controls.

Though command emphasis can be expected to result in the greatest improvement in accounting for the Army's property, there are numerous other actions underway to assist in this endeavor. These are being coordinated by the Department of the Army Property Accountability Task Force. The task force was established on 25 October 1977 under the Deputy Chief of Staff for Logistics, based on a recommendation contained in the inspector general report. The mission of the task force is to execute the remaining recommendations contained in the report, that were approved by the Chief of Staff, and to take any other actions deemed necessary to improve the management and accountability of supplies and equipment.

Task force membership consists of representatives from various Headquarters, Department of the Army, and field organizations who have expertise in personnel and training, supply, physical security, logistics systems, property accountability, management of change and authorizations, publications, medical supply, military law, and criminal investigation. The multidisciplinary organization of the task force allows for a unified approach to the multifaceted and complex problems associated with our sophisticated logistics system and for expeditious coordination of actions among the Army Staff. To facilitate interchange of information and implementation of the inspector general recommendations, points of contact have been established at all major Army commands and they, in turn, have established similar "stovepipe" communication channels with their subordinate commands.

Department of the Army Staff actions that can be implemented immediately are announced to the field by separate messages. Increased visibility is provided to these property accountability messages through the use of an identifying statement in the passing and delivery instructions. Messages transmitting information are labeled "This is a Proper Count Message." Those that are directive in nature are prefaced with the statement, "This is a Proper Count Flasher Message Number .". These are numbered sequentially. Policy changes contained in "flasher" messages will ultimately be incorporated in appropriate regulations.

The task force is working on a broad spectrum of actions to improve the Army's property management and accountability system. Some highlights of ongoing projects are summarized in the box on page 5. These efforts are being closely coordinated with the major commands to ensure that all proposed changes to the logistics system are reasonable and practical. In addition to the "stovepipe" property accountability structure between Department of the Army and the major commands to facilitate communications, extensive personal contact is used by the task force so that policy and procedural changes are not developed in a vacuum. Members make frequent TDY trips to continental United States installations. A trip through US Army, Europe, has just been completed and there are plans to visit Japan, Hawaii, and Korea this Spring. Periodic working conferences of points-of-contact in the major commands have also provided input from the field to the task force.

Indications are that the tactical commanders have taken up the property accountability banner and are moving out aggressively to improve control of their assets. The logistics community is particularly challenged to provide the tools and expertise necessary to assist them in doing their jobs more efficiently. Directives, technical manuals, supply catalogs, and component listings must be made simple and understandable, with changes published much less frequently. Policies and procedures pertaining to property accountability - as well as relief from accountability - have to be reasonable, yet comprehensive and "close the loop" to ensure that no property or collection actions to reimburse the Government for lost, damaged, or destroyed items "fall through the cracks." Policies and procedures must also be simple, practical, affordable, and effective over the long haul. Thought must also be given to aids or concepts - such as tool set inserts and layout sheets - that facilitate taking inventories at the user and unit levels.

Many of the improvements under consideration by the task force are not new. Some "tried and true" procedures, from years past, may well be reaffirmed and again implemented. Any ideas that you may have, whether original or based on experience, are earnestly solicited and would be appreciated. They should be directed to HQDA (DALO-ZXT), Washington, DC 20310.

Our problems have evolved over a period of years and we cannot expect miracles to solve them overnight. However, if we all become as professionally knowledgeable in logistics as we should be, pull together as a team to make the system work as it was intended, and methodically correct the shortcomings, substantial progress can be made in a matter of months. Possession of authorized levels of equipment by units and habitual exercise of supply discipline by all personnel are essential to readiness, particularly during these times of severely constrained funding. We owe this much to our country, our Army and, most of all, to ourselves.

Self-Help Available in Property Accountability

Soldiers can increase their knowledge of property accountability procedures by means of the correspondence subcourses, training extension course (TEC) lessons, and field manual listed in the accompanying chart. These exportable training materials are available for individual or group training.

All Army personnel may apply for correspondence subcourses by mailing a completed and approved DA Form 145, Army Correspondence Course Enrollment Application, to - Army Correspondence Course Program, Newport News, Virginia 23628. Supervisors may enroll groups of soldiers in courses that parallel on-the-job training.

If TEC lessons are not available from battalion S3's, commanders may address requests to - Commander, US Army Training Support Center, ATTN: ATTSC-TP-TECSPT, Fort Eustis, Virginia 23604.

Field Manuals may be obtained at company libraries or requisitioned through publications channels.

Correspondence Subcourses:

IS0277, Small-Unit Administrative Supply Operations
QM0012, Unit and Organizational Supply, Part I
QM0013, Unit and Organizational Supply, Part II
QM0063, Packaging and Packing
QM0129, Supply Procedures at Unit and Organizational Levels
QM0173, Clothing Sales Store and Self-Service Supply Centers
QM0346, Introduction to Division Logistics System (DLOGS)
QM0374, Repair Parts Supply Records and Procedures, Part I
QM0375, Repair Parts Supply Records and Procedures, Part II
QM0418, Hand Tools
QM0569, Automated Property Records at Unit and Organizational Levels
QM0622, Supervisory Aspects of Unit and Organizational Supply

Field Manual:

FM 10-30, Central Issue Facility

Training Extension Course Lessons:

TEC Lessons 551-101-7901-F through 7905-F, PLL (DLOGS)
TEC Lessons 551-101-7915-F through 7927-F, PLL (Non-DLOGS)

Part II

Major Command Input

NOTE: Items noted in paragraph 3 of each chapter input listing are annotated with the tasking document referred to in paragraph 2 of the same chapter. DAPATF actions listed in paragraph 2 may be found on the page identified in the volume noted.

Chapter 5

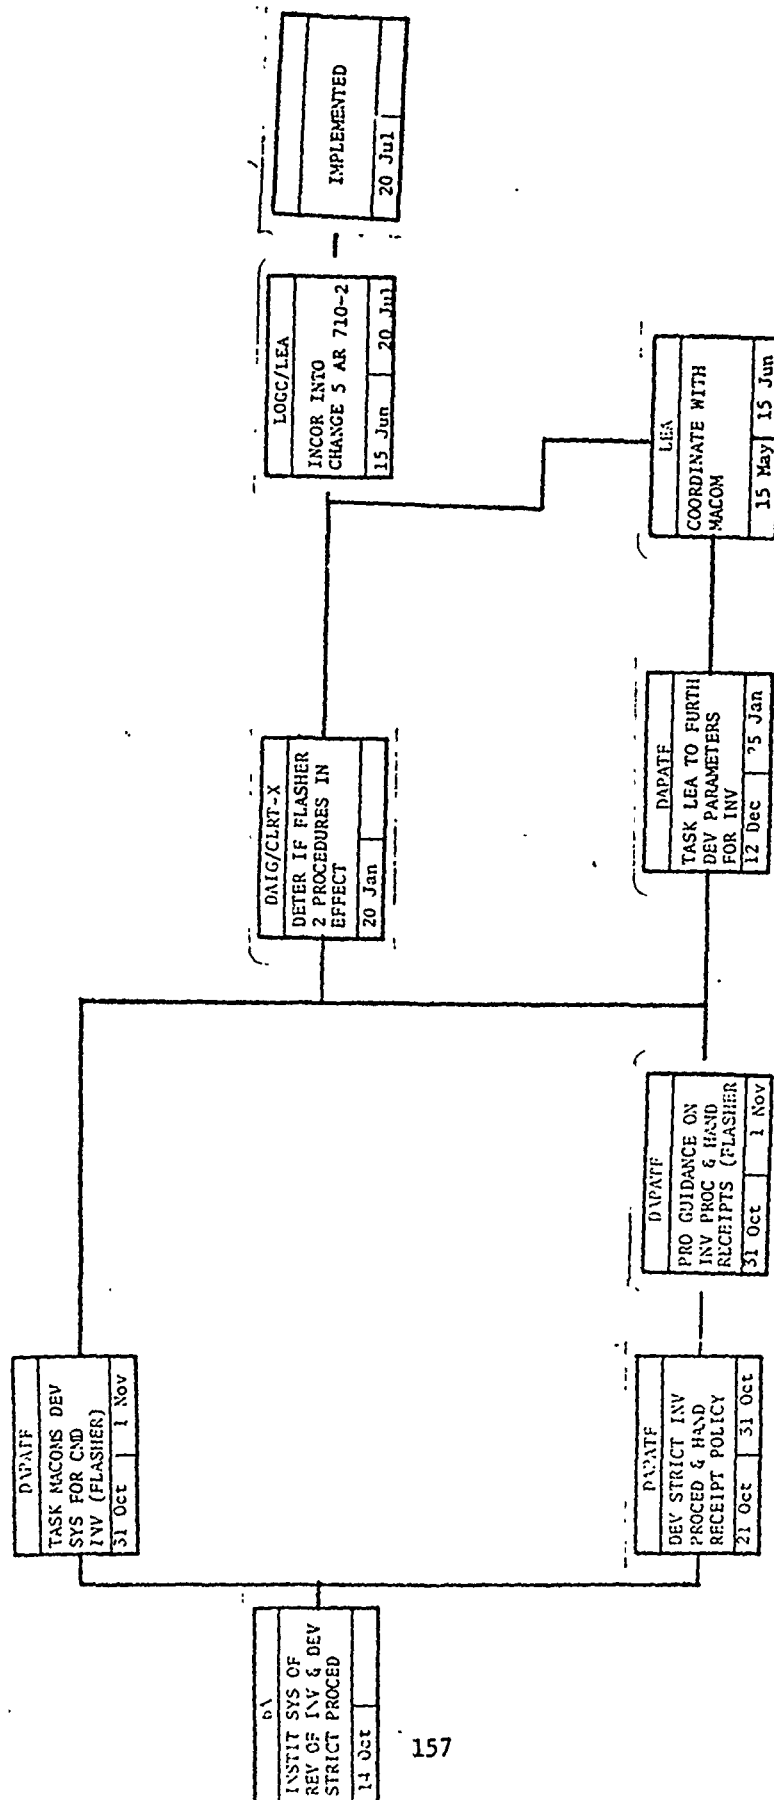

Command Emphasis

1. Recommendation 6A. Institute a system of review at major command level which will ensure that unit of command emphasis, at installation level, necessary to correct the deficiencies uncovered by this inspection. Specifically, it is a system for strict inventory procedures that will provide unit commanders with the assistance and time to properly account for unit property and assign responsibility for individual items, down to the user level.

THIS IS A PROPER COUNT MESSAGE

SUBJECT: PROPER COUNT IMPACT ON PERSONNEL (USAR)

1. IMPLEMENTATION OF PROPER COUNT DIRECTIVES, COUPLED WITH INCREASED COMMAND EMPHASIS ON SUPPLY MANAGEMENT PROCEDURES, HAS REEMPHASIZED A PROBLEM THAT CONTINUOUSLY PLAGUES THE USAR AND WILL NOT IMPROVE. THIS IS THE ABILITY OF USAR UNITS TO MANAGE, ACCOUNT FOR, AND CONTROL EQUIPMENT AND SUPPLIES WITHIN CURRENT MANPOWER RESOURCES.

2. IN USAR UNITS THE SUPPLY FUNCTION IS ACCOMPLISHED LARGELY BY PART-TIME PERSONNEL. IN SOME CASES, UNIT TECHNICIANS ATTEMPT TO PERFORM SOME OF THESE FUNCTIONS; HOWEVER, THEY ARE LIMITED DUE TO THE PRESSURE OF OTHER DUTIES AND LACK OF QUALIFICATIONS. SIXTH ARMY STUDIES HAVE REVEALED THE UNIT ASST CURRENTLY SPENDS ONLY 10 - 15 PERCENT OF HIS TIME ON SUPPLY RELATED FUNCTIONS. THE REMAINDER OF HIS TIME IS SPENT ON NON-LOGISTICS RELATED TASKS.

3. THE DA IG REPORT ON MANAGEMENT AND ACCOUNTABILITY OF ARMY MATERIEL IDENTIFIED THE MAGNITUDE OF PROBLEMS THAT ACTIVE COMPONENTS WITH FULL-TIME, TRAINED PERSONNEL ARE EXPERIENCING IN MANAGEMENT PROBLEMS; THESE PROBLEMS ARE THREEFOLD IN USAR UNITS. THE USAR CANNOT ACCOMPLISH ALL THE TASKS REQUIRED TO MANAGE, ACCOUNT FOR AND CONTROL UNIT PROPERTY. THE TIME REQUIRED IS JUST NOT AVAILABLE. THIS IS COMPOUNDED BY THE PERSONNEL SHORTAGES CURRENTLY BEING EXPERIENCED IN THE MAJORITY OF USAR UNITS. PROBLEMS ARE FURTHER EXAGGERATED BY MANUAL SYSTEMS AND PROCEDURES; INADEQUATE SPACE; CHANGES IN SKO'S; AND FREQUENT REQUISITIONING CAUSED BY INVALID REQUESTS. THE PROBLEM WILL PERSIST IN THE USAR UNTIL ADEQUATE NUMBERS OF QUALIFIED, FULL-TIME PERSONNEL ARE AUTHORIZED AND/OR ASSIGNED TO USAR UNITS.

4. TO MEET THE OBJECTIVES OF THE DA PROPERTY ACCOUNTABILITY TASK

 * UNCLASS E F T C *

PAGE 01
 181900Z MAY 78
 RUCLHTA/7822

* UNCLASS E F T O *

PENTAGON TELECOMMUNICATIONS CENTER

FORCE AND TO ASSIST IN THE IMPROVEMENT OF SUPPLY PROCEDURES OVER-ALL, IT IS PROPOSED THAT;

A. ADDITIONAL SUPPLY ORIENTED ACTIVE COMPONENT AUGMENTEES (OFF/WO/ENL) BE ASSIGNED TO CENTERS AND BDE/GP/BN-SIZE UNITS THAT HAVE SIGNIFICANT AMOUNT OF EQUIPMENT ON HAND.

B. ADDITIONAL FULL TIME SUPPLY ORIENTED ARMY RESERVE TECHNICIANS (ART) AND/OR NON-DUAL STATUS PERMANENT CIVILIANS BE ASSIGNED TO MUSARC AND SEPARATE COMPANIES POSSESSING A PROPERTY BOOK, E.G., FA/ENG/SIC/ACFT/CAV TRPS/ ETC. AS AN ALTERNATIVE RESERVISTS CAN BE ASSIGNED ON A 2-YEAR EXTENDED ADT TOUR (SAME AS THE RESERVE RECRUITERS), 175 DAY ADT AND/OR ON A TWO-WEEK AT TOUR (WHICH WILL SATISFY THEIR AT REG.)

C. ONE ADDITIONAL MTA 4 EACH YEAR TO BE UTILIZED TO CONDUCT ANNUAL INVENTORIES.

D. ADDITIONAL SEPARATE ADMIN CHIEF PERIODS BE AUTHORIZED TO UNIT COMMANDERS AND STAFF OFFICERS TO IMPROVE THE "PROPER COUNT" PROGRAM AS PART OF THE UNIT'S ANNUAL TRAINING PROGRAM (ATP). (THIS WILL INSURE THAT THE COMMANDERS AND STAFF OFFICERS DEVELOP COMMAND INTEREST AND ARE FULLY INVOLVED IN THE "PROPER COUNT" PROGRAM).

E. MUSARC BE AUTHORIZED ADDITIONAL FULL-TIME SUPPLY ORIENTED ARTS TO PERFORM DUTIES AS "EXAMINERS" WOULD CONDUCT STAFF INSPECTION/ASSISTANCE VISITS TO UNITS AT LEAST ONCE EACH YEAR TO AUDIT THE PROPERTY BOOKS AND EVALUATE THE IMPLEMENTATION OF THE "PROPER COUNT" PROGRAM. THE NUMBER OF EXAMINERS REQUIRED WOULD DEPEND UPON THE NUMBER OF SUBORDINATE UNITS TO BE EXAMINED IN THE MUSARC.

5. TO RESOLVE THIS PROBLEM RECOMMEND THAT DA AND OAR INITIATE A JOINT STUDY ON THE FEASIBILITY OF THE ABOVE PROPOSALS. IT WOULD APPEAR THAT THE MONETARY SAVING THROUGH TIGHTENED ACCOUNTABILITY AND IMPROVED MANAGEMENT WOULD MORE THAN JUSTIFY THE ADDED PERSONNEL COSTS AND MOVE US CLOSER TO THE "TOTAL ARMY" CONCEPT. HOWEVER, PERSONNEL SHORTAGES BOTH CURRENT AND PROJECTED MUST BE RECOGNIZED IN CONSIDERATION OF THIS CONCEPT. THE CURRENT "FAVORED" POSITION OF OVERSEAS COMMANDS IN FILL OF EXPERIENCED SUPPLY PERSONNEL WOULD PROBABLY RESULT IN THE CDRS (THUS FORSCOM) EXPERIENCED SUPPLY PERSONNEL BASE BEING FURTHER DEGRADED.

SUBJ: MANAGEMENT INFORMATION SYSTEM FOR LOSS ADJUSTMENT ACTIONS
 A. DA, VICE CHIEF OF STAFF LETTER, 11 OCT 77, SUBJ: MANAGEMENT
 AND ACCOUNTABILITY OF ARMY MATERIEL
 1. A REQUIRES THE ESTABLISHMENT, AT THE MACCM AND INSTALLATION
 LEVEL, OF A MANAGEMENT INFORMATION SYSTEM THAT WILL MAINTAIN VISI-
 BILITY OF ALL SUPPLY ACCOUNTABILITY ADJUSTMENT ACTIONS.
 2. VISIBILITY OF LOSS DATA IS ENVISIONED EVENTUALLY THROUGH A DA
 STANDARD SYSTEM, HOWEVER, THIS SYSTEM MAY NOT BE AVAILABLE FOR
 SEVERAL YEARS. SUCH A SYSTEM IS INTENDED TO PROVIDE THE COMMANDER
 WITH VISIBILITY AND MANAGEMENT DATA OF RELIEF FROM ACCOUNTABILITY
 DOCUMENTS SUCH AS REPORTS OF SURVEY, IARS, STATEMENT OF CHARGES
 AND CASH COLLECTION VOUCHERS.
 3. IN ACCORDANCE WITH A, REQUEST THIS HQ BE ADVISED OF THE TYPE
 MANAGEMENT INFORMATION SYSTEM CURRENTLY UTILIZED TO PROVIDE MANAGE-
 MENT INFORMATION REQUIREMENTS ON ALL LOSS ADJUSTMENT ACTIONS.
 THIS INFORMATION IS REQUIRED TO ENABLE THIS HQ TO EVALUATE ALL
 REQUIREMENTS AND DETERMINE THE MOST APPROPRIATE METHODS TO SATISFY
 THOSE REQUIREMENTS THROUGH STANDARD AUTOMATED MEANS.
 4. RESPONSE REQUESTED NLT 24 APR 78.

THIS IS A PROPER COUNT MESSAGE

SUBJ: MANAGEMENT INFORMATION SYSTEM FOR LOSS ADJUSTMENT ACTIONS

A. DA MSG, DALO-ZXT, 2819J5Z MAR 78 SUBJ: MANAGEMENT AND ACCOUNTABILITY OF ARMY MATERIEL.

B. DA LETTER, DALO-ZXT, MFR ON 15 - 16 DEC 77 CONFERENCE, FT LEE VA.

C. FORSCOM MSG, AFAG-SMS, 051530Z APR 78.

1. REFERENCE A REQUESTS STATUS OF IMPLEMENTATION OF A MACOM/INSTALLATION MANAGEMENT INFORMATION SYSTEM FOR MAINTAINING VISIBILITY OF ACCOUNTABILITY ADJUSTMENT ACTIONS.

2. THIS HEADQUARTERS BY REF C HAS TASKED EACH INSTALLATION TO IDENTIFY THE TYPE OF MANAGEMENT INFORMATION SYSTEM CURRENTLY UTILIZED FOR MANAGEMENT/MONITORING OF LOSS ADJUSTMENT ACTIONS. RESPONSE DATA WILL BE EVALUATED WITH THE ACTUAL REQUIREMENTS FOR AN MIS.

3. GUIDANCE PRESENTED AT PARAGRAPH 6 OF REF E INDICATES THAT IT IS NOT IN THE BEST INTEREST OF GOOD MANAGEMENT TO INTRODUCE A NEW AUTOMATED MIS DEVELOPMENT EFFORT UNTIL ALL REQUIREMENTS HAVE BEEN IDENTIFIED. ONCE REQUIREMENTS HAVE BEEN ESTABLISHED, USALC AND CSC SHOULD DETERMINE THE FEASIBILITY AND LOGIC IN DEVELOPMENT OF A SUPPORTING AUTOMATED SYSTEM. IN KEEPING WITH THE PROVISIONS PRESCRIBED BY AR 18-1, THIS HEADQUARTERS TO DATE HAS NOT ENCOURAGED THE DEVELOPMENT OF A MACOM UNIQUE OR CLASS C FOR MIS. AFTER EVALUATION OF THE VARIOUS METHODS FOR OBTAINING LOSS ADJUSTMENTS DATA AND ACTUAL REQUIREMENTS HAVE BEEN IDENTIFIED, FORSCOM WILL IDENTIFY ALL REQUIREMENTS AND IF APPROPRIATE, PROVIDE DA WITH RECOMMENDATIONS FOR A STANDARD ARMY WIDE AUTOMATED MIS NOT EARLY MAY 1978.

SUBJ: MANAGEMENT AND ACCOUNTABILITY OF ARMY MATERIEL

A. LTR, OFFICE OF THE CHIEF OF STAFF, 11 OCT 77, SAB.

B. HQCA, DALU-ZXT, 281905Z MAR 78.

1. REF A REQUIRES THE ESTABLISHMENT OF A MANAGEMENT INFORMATION SYSTEM THAT MAINTAINS VISIBILITY OF SUPPLY ACCOUNTABILITY ADJUSTMENT ACTIONS. REF B REQUESTS STATUS OF IMPLEMENTATION OF REF A.

2. INFORMATION REQUESTED IN REF B FOLLOWS:

A. IMPROVED VISIBILITY OF ADJUSTMENT DOCUMENTS IN EXISTING INFORMATION DATA BASE WAS ACHIEVED BY:

(1) REQUIRING INVENTORIES TO BE PERFORMED IAW AR 710-2 AND SURVEYS, STATEMENTS OF CHARGES, CASH COLLECTION VOUCHERS AND INVENTORY ADJUSTMENT REPORTS (IAR) BE PROMPTLY SUBMITTED FOR REVIEW AND APPROVAL.

(2) MODIFYING THE RESOURCE MANAGEMENT/EXPENDITURE REPORT TO REFLECT SSSC SALES OF HAND TOOLS. THE RESULTING INFORMATION IS USED BY SUBORDINATE COMMANDERS, USAREUR IG, CLRT AND CLAIT TEAMS TO ASSESS PROGRAM EFFECTIVENESS DURING THEIR REVIEWS OF ADJUSTMENT DOCUMENTS.

(3) REQUIRING USAREUR F&AU TO INFORM ADJUSTMENT DOCUMENT APPROVING AUTHORITIES IN WRITING OF COLLECTION ACTION ACTUALLY TAKEN.

(4) CONDUCTING INTERNAL REVIEW AUDITS TO IDENTIFY POTENTIAL POLICY PROBLEMS AND COMPLIANCE VIOLATIONS. THE RESULTS OF AUDITS ON SSSC HAND TOOL CASH SALES, TOOL CONTROLS, AND USE OF ADJUSTMENT DOCUMENTATION IN FINANCIAL PLANNING WERE FORMALLY PROVIDED TO THE AUDITED UNITS.

B. INCREASED COMMAND INTEREST IN AND EMPHASIS ON USE OF THIS INFORMATION WAS ACHIEVED BY:

(1) ENFORCING AR 735-11 QUARTERLY COMMAND REVIEW REQUIREMENTS AND REQUIRING USAREUR SUBORDINATE UNIT COMMAND REVIEWS TO BE SUBMITTED TO HQ USAREUR FOR REVIEW.

(2) PUBLISHING A SAMPLE REPORT OF SURVEY COMMAND REVIEW. A COPY WAS PROVIDED TO HQCA ON 31 MAR 78. A SAMPLE IAR COMMAND REVIEW IS NOW BEING PREPARED FOR DISTRIBUTION.

 * UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

- (3) MAKING ADJUSTMENT DOCUMENTS A MATTER OF INTEREST DURING USAREUR IG VISITS AS EVIDENCED BY THE USAREUR IG REQUEST FOR CLARIFICATION OF IAR APPROVAL PROCEDURES.
- (4) HIGHLIGHTING THE OCCURRENCE OF ARTIFICIAL LOSSES APPEARING IN IAR AND SURVEYS BECAUSE OF UNIT LEVEL OVERSIGHTS.
3. RELATED ADJUSTMENT PROCEDURE OBSERVATIONS ARE PROVIDED FOR YOUR INFORMATION.
- A. PAST FAILURES TO PERFORM REQUIRED REVIEWS APPEAR TO BE CAUSED BY MISUNDERSTANDING. NOW ADJUSTMENT DOCUMENTS ARE BEING REVIEWED FOR MANAGEMENT PURPOSES AS WELL AS ADMINISTRATIVE COMPLETENESS.
- B. INITIAL COMMAND REVIEWS ESTABLISHED BASE LINES TO IDENTIFY RELATIVE MAGNITUDES OF PROBLEM AREAS AND TO EVALUATE EFFECTS OF MANAGEMENT ACTIONS. SUBSEQUENT REVIEWS TEND TO BE MORE USEFUL BECAUSE DATA IS COLLECTED TO SOLVE LOCAL PROBLEMS. THIS VERSATILITY IS ESSENTIAL FOR THE 1300 UNIT PROPERTY BOOKS AND 350 DS/GS ACCOUNTS.
- C. RESULTS OF COMMAND REVIEWS ARE MORE IMPRESSIVE WHEN THE UNIT/COMMAND IS PROVIDED SEVERAL SAMPLES OF EXCELLENT REVIEW SUMMARIES AND THESE ARE THEN LOCALLY ADAPTED FOR USE. THE COMMAND REVIEW LEARNING CURVE IS EXPECTED TO CONTINUE TO GO UP.
- D. CONSIDERATION SHOULD BE GIVEN TO USE OF UNIT CLASS A AGENT SERVICES AS AN OPTION TO CURRENT HQDA SSSC HAND TOOL SALES PROCEDURES. THIS MIGHT OVERCOME PROBLEMS BECAUSE LOST TIME MAYBE REDUCED AND MAY ENCOURAGE UNIT COMMANDERS TO CONDUCT MORE INVENTORY SPOT CHECKS.
- E. SOME UNITS ARE MAKING GREATER USE OF STATEMENTS OF CHARGES NOW THAN PREVIOUSLY. THIS REDUCES THE RELIANCE ON SSSC PROCEDURES AND MAY BE MISINTERPRETED TO INDICATE LACK OF PROGRAM SUPPORT.
4. USAREUR CONTINUES TO PLACE COMMAND EMPHASIS ON VISIBILITY AND USE OF ADJUSTMENT DOCUMENT INFORMATION.

23 June 1978

SUBJECT: Reports of Survey and Statements of Charges Audit Trail Test
(1 April - 31 May 1978)

Director
DA Property Accountability Task Force
ATTN: DALO-ZXT
The Pentagon
Washington, DC 20310

1. Reference letter, DALO-ZXT, Major General Dellaven to Major General Vaught, dated 15 March 1978.
2. The 24th Infantry Division Finance Office was pleased to have had the opportunity of conducting the Audit Trail Procedures Test for DD Forms 200 and DD Forms 362 during April and May of 1978.
3. I feel that the test was a success and proved to be a means of enhancing efficiency in processing collection actions in this finance office.
4. Through participating in the Audit Trail Procedures Test, the 24th Infantry Division Finance Office has become aware of the need for improved control measures in the processing of DD Forms 200 and 362. I believe that the conscientious application of the following recommendations will lead to a substantial increase in the collection of Reports of Survey and Statements of Charges:
 - a. To prevent Statements of Charges from being returned to the files room before collection action has been confirmed, both copies of the "E" Block Ticket will have printed in red ink in the remarks section of the Block Ticket: RETURN TO PAY ADJUSTMENTS. (Incl 1)
 - b. To enhance collections on Statements of Charges, the pay adjustment clerk will pull one copy of the DD Form 362 and annotate the block ticket number and the date. Then, this copy will be filed in a 3-day suspense file awaiting the return of the collected DD Form 362. (Incl 1)

AFZP-VDF

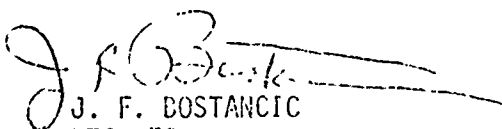

23 June 1978

SUBJECT: Reports of Survey and Statements of Charges Audit Trail Test
(1 April - 31 May 1978)

c. Inclosure 2 is a proposed Pay Adjustment Log for DD Forms 200 and 362. This form contains sufficient space to record all of the entries required by the Audit Trail Procedures Test. In addition, this control log also has a column to record the date that the Report of Survey or the Statement of Charges was received at Finance, and a column to record the service member's unit. The date received column enables supervisors to determine the amount of time required to complete the collection action within the finance office. The unit column serves as an additional control measure.

FOR THE COMMANDER:

2 Incl
as

J. F. BOSTANCIC
LTC, FC
Division Finance Officer

STATEMENT OF CHIEF'S DD Form 362
REPORT OF SURVEY DD Form 200
SOP

1. Centralized control of DD Forms 362 and 200 will be maintained at the following levels of responsibility:

- a. Housing Division: Government property issued by or charged to that office.
- b. CIF: (Fort Stewart) Government property issued by or charged to that office.
- c. CIF (Hunter Army Airfield) Government property issued by or charged to that office.
- d. DIO: Government property issued by or charged to that office.

2. If the DD Form 362/200 is given to a soldier for items issued by or charged to the offices listed in para 1a,b,c,d above; and if the member is not in a departing, PCS, or ETS status, then:

- a. Forward to appropriate office.
- b. Appropriate office will check correctness of DD Form 362.
- c. Appropriate office will forward to the Division Finance Officer, ATTN: PAY ADJUSTMENTS, Ft Stewart, GA 31313:
 - (1) Four copies of DD Form 362.
 - (2) One extra copy for each additional individual listed on the DD Form 362.
 - (3) Attach the DD Form(s) 362/200 to two copies of DA Form 200 (Unit Transmittal Letter). Annotate the name and the SSAN of each individual on the Unit Transmittal Letter.

If the member is departing on PCS or ETS, he/she must handcarry the DD Form 362/200 to the appropriate office for corrective action and to the Finance Office for collection.

3. Upon receipt of DD Form 362/200 in the Finance Office:

- a. Insure all annotated documents are attached to the UTL. Sign and date the UTL. If the UTL and the document do not correspond, annotate the UTL and call the appropriate office to correct the discrepancy.
- b. Date stamp all documents as received.
- c. Check BOTH copies of the "E" block ticket to insure that the block control clerk has printed in RED INK in the remark section of the block ticket: RETURN TO PAY ADJUSTMENTS.

d. Review the PFR to insure that no previous collection for the same DD 362/200 has been initiated or collected.

e. Pull one copy of DD 362/200 and annotate the block ticket number and the date. Then file this copy in the 3-day suspense.

f. Route the block as follows:

- (1) 1 PFR
- (2) 2 QE
- (3) 3 Control (Pay Adjustments)

g. Pull the suspense copy and match it with the PFR. Pull the copy to be returned to the originating activity.

h. Have DD Form 362/200 certified to the effect that the collection action has been made.

i. Log the DD Form 362/200 action and the date forwarded back to the originating activity.

Chapter 8

Turn-in Procedures

1. Recommendation 6D. Improve and simplify procedures for the turn-in of excess property with the objective of returning the material to its intended use and eliminating the unauthorized but implicit incentives for hoarding excesses for later "scrounge-trades."

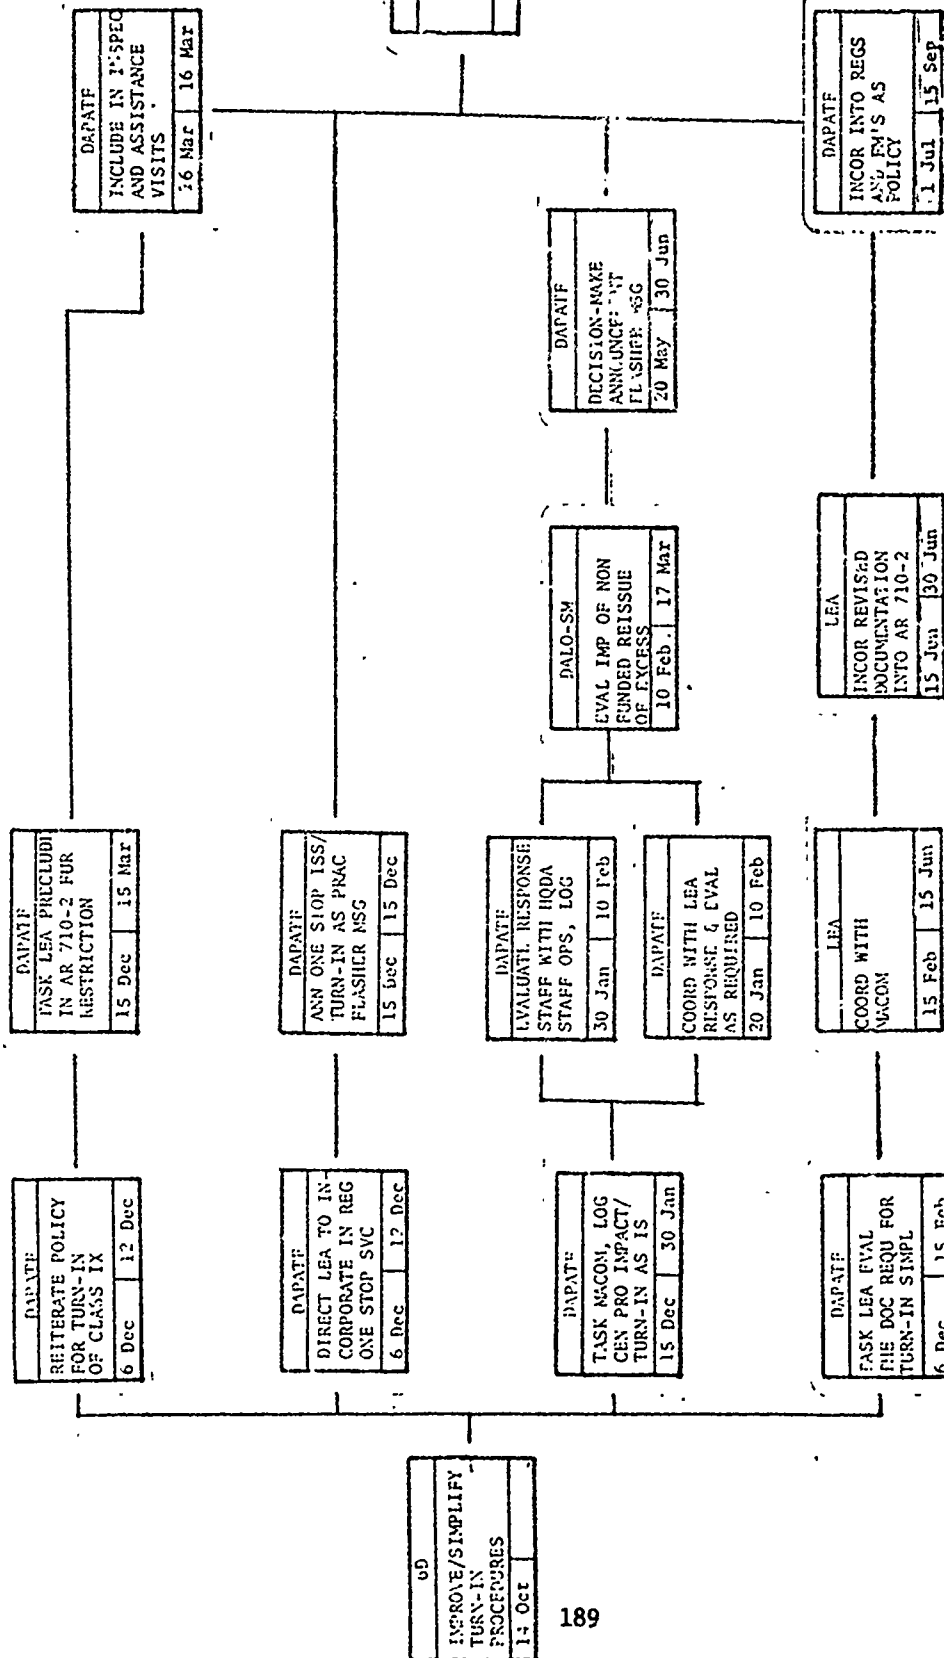

2. DAPATF actions:

	<u>Volume</u>	<u>Page</u>
a. Proper Count Message, DTG 161825Z Dec 77, Turn-in of Excess Material.	1	52
b. Letter, 16 Dec 77, Turn-in Procedures.	1	88

UNIFORM ALLOWANCE ESTABLISHMENT

DEPARTMENT OF THE ARMY
HEADQUARTERS US ARMY MATERIEL DEVELOPMENT AND READINESS COMMAND
5001 EISENHOWER AVE., ALEXANDRIA, VA. 22333

17 MAR 1978

DRCMM-MP

SUBJECT: Standardization of Definitions and Terms

THRU: HQDA (DALO-SML)
WASH DC 20310

TO: HQDA (DALO-ZXT)
WASH DC 20310

1. References:

- a. Letter, DALO-SML, dated 14 February 1978, subject as above.
- b. Letter, DALO-ZXT, dated 15 February 1978, subject as above.
- c. Phone conversation between LTC W. O'Hara, DALO-ZXT, and Mr. R. Graves, DRCMM-MP, 10 March 1978.
- d. Letter, DRCMM-MP, dated 8 March 1978, subj: Use of DA Form 2062 (Hand Receipt) with Operators' Manuals (copy inclosed).

2. Reference 1a requests that the DARCOM response to the DA Property Accountability Task Force (PATF), on inclusion of preprinted, reproducible hand receipts in -10 operators' manuals, be submitted to HQDA (DALO-SM), the proponent of the affected Army regulations and military specifications, prior to submission to HQDA (DALO-ZXT), the PATF. In addition, this reference requests that a review be made of definitions and terms currently used to identify the various lists of support items within the COEI (e.g., BII, AAL, ICOEI, and ES&ML's) for the purpose of improving clarity and simplification.

3. Reference 1b requested that DARCOM take action to identify mandatory and discretionary items for end items/systems on a priority basis and within the framework of definition changes to be made in AR 310-3, AR 700-18, and MIL-M-63050. It also requests that this action be correlated with the DARCOM actions to provide preprinted, reproducible, DA Form 2062 (Hand Receipt) with component lists (CL's) and operators' manuals.

DRGM MP

17 MAR 1978

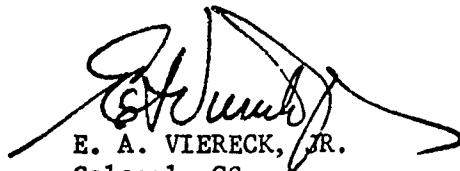

SUBJECT: Standardization of Definitions and Terms

4. In response to the requirements stated in paragraphs 2 and 3 above, action was initiated in the hand receipt work group meeting 22-24 February 1978 (incl 1 to ref 1d) to review all definitions currently used to identify the various support item lists (BII, AAL, etc.) identified in AR 700-18, AR 310-3, and MIL-M-63050, and make recommendations for their simplification. This is included as a part of the plan for providing preprinted, reproducible DA Forms 2062 with -10 operators' manuals provided DA PATF by above reference 1d. DARCOM recommendations will be submitted through HQDA proponent (DALO-SM) by July 1978.

5. When the determination is made as to the precise definitions and terms to be used for the various support item lists in the -10 operators' manuals, action will be taken to identify the items contained within these listings, based upon the revised definitions and criteria. The plan for implementation of the hand receipt concept will be adjusted depending on the extent of changes required to these support item lists.

04 APR 1978

SUBJECT: Property Accountability for Discretionary Components of
End Items

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference your message DALO-ZXT 221900Z Dec 77, subject as above.
2. Specific procedures for the hand receipting and control of discretionary components have been transmitted to INSCOM units. Group, field station, separate company and MI detachment commanders have been appointed as the approving authority for discretionary components of end items. The major thrust of the INSCOM program is to require only those components needed to accomplish the mission to be on hand in the units.
3. Major subordinate units of the INSCOM have established procedures at the approving level for the accountability of discretionary components of end items.
4. The property accountability for discretionary components of end items will be the subject of continuing review in subordinate units during this Headquarter's command of the Command Supply Inspection and Command Logistics Review Team.
5. A copy of the INSCOM implementing procedures is attached.
6. POC this headquarters is Major A. Hoyer, Autovon 222-5563/5641.

USED WITH BII AND THE TERM DISCRETIONARY WITH AAL.

2. IN COMPLIANCE WITH THE DA GUIDANCE DISCUSSED ABOVE, THIS HQ DEVELOPED THE FOLLOWING DEFINITIONS OF BII AND AAL:

A.BII: BASIC ISSUE ITEMS(BII)(MANDATORY ITEMS)ARE THOSE MINIMUM ESSENTIAL ITEMS, TOOLS, TMDE, REPAIR PARTS, PUBLICATIONS, FIRST AID, AND SAFETY RELATED EQUIPMENT REQUIRED BY THE OPERATOR/ CREW TO PLACE THE END ITEM IN OPERATION TO ACCOMPLISH ITS ASSIGNED MISSION TO PERFORM EMERGENCY REPAIRS UNTIL COMPLETION OF THE MISSION. BII(EXCEPT FOR PUBLICATIONS)ARE STOCK NUMBERED ITEMS WHICH ARE LISTED IN AND AUTHORIZED BY THE OPERATOR'S MANUAL TO BE ISSUED WITH THE END ITEM. BII ARE SEPARATELY PACKED FOR SHIPMENT AND MUST ACCOMPANY THE END ITEM WHEN IT IS ISSUED, TRANSFERRED BETWEEN PROPERTY ACCOUNTS, OR TURNED IN.

B.AAL: ADDITIONAL AUTHORIZATION LIST(AAL)(DISCRETIONARY) ITEMS ARE THOSE ADDITIONAL ITEMS, SEPARATE FROM BII, RECOMMENDED TO SUPPORT THE END ITEM DURING OPERATION BUT NOT REQUIRED TO PLACE THE END ITEM IN OPERATION OR TO PERFORM EMERGENCY REPAIRS. AAL ITEMS NEED NOT ACCOMPANY THE END ITEM DURING OPERATION AND WILL NOT BE ISSUED OR TURNED IN WITH THE END ITEM. THE AAL IS AN INFORMATIONAL LISTING IN THE OPERATOR'S MANUAL, PREPARED BY THE PROponent COMMAND, AND IDENTIFIES THE PARTICULAR ITEMS AND RECOMMENDED MINIMUM QUANTITY OF EACH NEEDED TO SUPPORT ONE END ITEM. THE SELECTION OF THE PARTICULAR ITEMS AND THEIR QUANTITIES FROM THE AAL WILL BE DETERMINED BY THE USER COMMAND. AAL ITEMS MUST BE AUTHORIZED BY A CTA, MIDE, TDA, OR JTA OR MUST BE ADDED TO THE APPROPRIATE AUTHORIZATION DOCUMENT PRIOR TO ISSUE.

3. REQUEST EACH ADDRESSEE REVIEW THE ABOVE DEFINITIONS FOR ACCURACY AND APPLICABILITY AND PROVIDE COMMENTS AND/OR CONCURRENCE TO CDR, MRSA, LEXINGTON, KY, ATTN: DRXMD-MP, BY 21 APRIL 1978. PART II FOR MRSA.

4. REQUEST MRSA, DRXMD-MP, SERVE AS HCCARCOM POINT OF CONTACT TO REVIEW AND COMPILE THE COMMENTS/CONCURRENCES FROM ABOVE ADDRESSEES. BASED UPON THE RESPONSES, MRSA WILL FINALIZE CLEARLY UNDERSTANDABLE DEFINITIONS FOR BII(MANDATORY)ITEMS AND AAL (DISCRETIONARY)ITEMS. BY 1 MAY 1978, MRSA WILL SUBMIT TO THIS HQ(DFCMM-MP)FINAL DEFINITIONS FOR BII AND AAL AND CORRESPONDING DRAFT LETTERS OF INSTRUCTION FOR DISSEMINATION ARMY-WIDE. IN ADDITION, MRSA WILL PROVIDE TO THIS HQ PLANS INCLUDING MILESTONE DATES FOR RECOMMENDED CHANGES TO THE APPROPRIATE AR'S AND SPECIFICATIONS BASED ON THESE NEW/REVISED DEFINITIONS.

1. REF A ESTABLISHES HQDA POLICIES AND PROCEDURES FOR ISSUING AND ACCOUNTING FOR PERSONAL CLOTHING AND EQUIPMENT AT UNIT AND ORGANIZATION LEVEL. REF B ESTABLISHES HQDA POLICIES AND PROCEDURES FOR ESTABLISHMENT OF AN INSTALLATION CENTRAL ISSUE FACILITY (CIF) INCLUDING STOCKAGE POLICIES AND ISSUE PROCEDURES. REF C RESTATES REQUIREMENTS IN REFS A AND B AND IMPLIES THAT ALL CTA 50-900 IS ISSUED/RECEIVED BY INSTALLATION CIF IAW REF B. REF C ALSO REQUIRES IDENTIFICATION OF DISCRETIONARY CTA 50-900 ITEMS NLT 1 MAY 78. REF D PROVIDES USEFUL INFORMATION FOR LAYING OUT CIF OPERATIONS, DETERMINING STOCKAGE LEVELS AND SETTING UP CIF RECORDS IAW REF B.
2. USAREUR EFFORTS TO IMPROVE CTA 50-900 PROPERTY ACCOUNTABILITY CONTINUES BUT IS HINDERED BY MISUNDERSTANDING OF UNIT/ORGANIZATION PROCEDURES (REF A) AND INSTALLATION/DIVISION CIF PROCEDURES (REF B AND D).
3. TO ASSIST USAREUR UNITS AND TO IMPROVE THE APPLICATION OF HQDA POLICIES AT APPROPRIATE ACTIVITIES, THE FOLLOWING INFORMATION IS PROVIDED.
 - A. ONLY USAREUR APPROVED SUPPLY ACTIVITIES ARE AUTHORIZED TO OPERATE CIF IAW REF B AND D. USE OF ABSTRACT ACCOUNTING PROCEDURES IS LIMITED TO USAREUR APPROVED CIF ONLY. ALL OTHER NON-DLOGS CLOTHING EXCHANGE ACTIVITIES MUST OPERATE UNDER PROPERTY BOOK ACCOUNTING PROCEDURES (REF A) AND WILL NOT USE ABSTRACT ACCOUNTING PROCEDURES.
 - B. WHILE PROPERTY BOOK CLOTHING ISSUE/EXCHANGE/TURN-IN POINTS PROVIDE MANY OF THE SAME SERVICES AS CIF, THEY ARE NOT AUTHORIZED TO STOCK CTA 50-900 OR USE REPAIR CYCLE, RESUPPLY AND LAUNDRY CYCLE FORMULAS AUTHORIZED IN REF B AND SHOWN IN REF D. UNIT/ORGANIZATION PROPERTY BOOKS ARE AUTHORIZED TO MAINTAIN UP TO FIVE PERCENT OF THEIR AUTHORIZATION FOR SIZED ITEMS ON HAND BUT THIS IS NOT CONSIDERED AS A STOCKAGE LEVEL. THIS QUANTITY IS AN AUTHORIZATION CEILING ONLY.
 - C. THE OBJECTIVE OF REF C IS TO IMPROVE CTA 50-900 CONTROLS IN UNITS AND ATTEMPTS TO CLARIFY THE USE/UNIT/CIF PROCEDURES TO BE FOLLOWED. WHERE A APPROVED CIF (REF B) IS NOT ESTABLISHED, NON-DLOGS UNIT PROPERTY BOOKS (REF A) WILL PERFORM ISSUE, EXCHANGE, TURN-IN AND CLOTHING RECORDS MAINTENANCE FUNCTIONS IAW REF A AND C.
 - D. UNITS OPERATING UNDER DLOGS PROVISIONS (TC 38 SERIES) MAY ESTABLISH A SINGLE CIF (REFS B AND D) WITH ANNEXES OR REQUIRE UNIT COMMANDERS TO SIGN FOR ALL CTA 50-900 ON THEIR HAND RECEIPT AND CONDUCT REQUIRED TRANSACTIONS THROUGH THE UNIT PROPERTY BOOK. THE POLICIES AND PROCEDURES IN REF A APPLY TO THE UNIT COMMANDERS' HAND RECEIPT ALTERNATIVE. THE POLICIES OF REFS B AND D APPLY WHEN A CIF

IS ESTABLISHED. EXCEPT FOR DIVISION CIF OFFICERS, UNIT PROPERTY BOOKS ARE NOT AUTHORIZED TO USE ABSTRACT ACCOUNTING PROCEDURES. E. REFERENCES TO DIRECT TRANSACTIONS IN REF C BETWEEN THE USER AND THE CIF DO NOT PROHIBIT DIRECT TRANSACTIONS BETWEEN USERS AND UNIT SUPPLY PERSONNEL IF AN APPROVED CIF IS NOT ESTABLISHED. ON THE CONTRARY, DIRECT ISSUE/TURN-IN TRANSACTIONS ARE ENCOURAGED SO THAT RESPONSIBILITIES FOR CTA 50-900 ARE CLEARLY ESTABLISHED AND FILLED.

F. CONUS INSTALLATIONS TYPICALLY ESTABLISH A SINGLE CIF FOR CENTRALIZED CTA 50-900 OPERATIONS. USAREUR SUPPLY PERSONNEL MAY ERRONEOUSLY BELIEVE THAT EACH INSTALLATION COMMANDER OPERATES A CIF IAW REF B AND D. THIS MISUNDERSTANDING EXISTS EVEN AT SOME USAREUR SUB POSTS AND SUB COMMUNITIES. THESE ACTIVITIES, UNLESS APPROVED BY USAREUR, MUST OPERATE IAW REF A. WHERE COMMUNITIES OR OTHER PROPERTY BOOK ACTIVITIES HAVE MEMORANDUM OF UNDERSTANDING OR AGREEMENTS BECAUSE OF UNIT SEPARATION FROM PARENT UNITS, PROPERTY BOOK PROCEDURES (REF A) CAN CONTINUE TO BE USED. WHILE USAREUR DOES NOT ENCOURAGE SUCH MEASURES OVER THE LONG TERM, THIS SUPPORT TECHNIQUE IS AUTHORIZED UNTIL MORE ACCEPTABLE SUPPORT ALTERNATIVES ARE AVAILABLE.

3. REQUEST USAREUR MACOM INSURE THAT THIS INFORMATION IS WIDELY DISSEMINATED SO THAT EFFORTS TO IMPROVE PROPERTY ACCOUNTABILITY CAN CONTINUE.

SUBJECT: Guidelines for Individual Issue of Discretionary Items,
CTA 50-900

HQ, Academy of Health Sciences, US Army, Fort Sam Houston, TX 78234

APR 20 1978

TO: Commander, US Army Health Services Command

1. Attached as Inclosures 1 and 2 are the recommended discretionary CTA 50-900 individual items of issue for AMEDD TOE by unit category and climatic condition.

2. Recommendations for each individual MTOE unit were not identified. AHS can only recommend discretionary individual items of issue for type units by unit category and climatic zone. Allowances for discretionary individual items of issue must be a judgemental decision on the part of the commander based on the units mission and contingency plans.

SUBJ: STANDARDIZATION OF DEFINITIONS AND TITLES

A. CDRARCOM MSG, DRMM-4P, DTG 132030Z APR 78, SAB.

1. REQUESTED RESPONSE TO REFERENCE A IS SUBMITTED BELOW. RESPONSES ARE KEYED TO REF A.

2. PARA 2A; RECOMMEND DEFINITION OF BII BE AMENDED AS FOLLOWS;

"BII; BASIC ISSUE ITEMS ARE THOSE MINIMUM ESSENTIAL, MANDATORY ITEMS REQUIRED TO OPERATE THE EQUIPMENT AND TO ENABLE IT TO PERFORM THE MISSION AND FUNCTION FOR WHICH IT WAS DESIGNED OR INTENDED. BII ARE NATIONAL STOCK NUMBERED (NSN) ITEMS WHICH ARE LISTED AT AND AUTHORIZED BY APPENDIX OF THE OPERATIONS MANUAL TO BE ISSUED WITH THE END ITEM. THESE ITEMS WILL BE ISSUED WITH THE EQUIPMENT (UNDER ITS NSN), BE KEPT WITH IT AND ACCOUNTED FOR AS A PART OF IT ON THE UNIT PROPERTY BOOK/HAND RECEIPT. IT MUST ACCOMPANY THE END ITEM WHEN IT IS ISSUED, TRANSFERRED BETWEEN PROPERTY ACCOUNTS, OR TURNED IN."

SAFETY ITEMS SHOULD INCLUDE FIRE EXTINGUISHERS REQUIRED IAW AR 385-55.

3. PARA 2.A; RATIONALE FOR ABOVE DEFINITION IS BASED UPON GUIDANCE FOR CLEAR, SIMPLE TERM DEFINITIONS. ADDITIONALLY, TMDE, REPAIR PARTS, AND PUBLICATIONS SHOULD NOT BE INCLUDED AS COMPONENTS OF THE BII FOR THE FOLLOWING REASONS;

A. TMDE - TEST, MEASURING AND DIAGNOSTIC EQUIPMENT (TMDE) SHOULD BE AUTHORIZED BY APPROPRIATE SUPPLY CATALOGS AND/OR REPAIR PARTS MANUALS (FOR SPECIAL PECULIAR EQUIPMENT) FOR USE BY QUALIFIED MAINTENANCE PERSONNEL NOT OPERATOR/CREW.

B. REPAIR PARTS. APPROPRIATE -20P MANUALS LIST THE AUTHORIZED REPAIR PARTS FOR AN ITEM OF EQUIPMENT AND REQUIRED CONTROL BY PLL PERSONNEL. ANY ATTEMPT TO PLACE ADDITIONAL REPAIR PARTS WITH THE

ATCD-S-A

SUBJECT: Guidelines for Individual Issue of Discretionary Items,
CTA 50-900

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference letter, DALO-ZXT, HQDA, 19 Jan 78, subject as above.
2. Based on our understanding of the problem, the desired solution appears to be the development of effective procedures to insure compliance with existing guidelines, rather than publication of more guidelines. Appendix A of CTA 50-900 explains the term "discretionary allowances." It states in part: "Items of clothing and equipment authorized on a discretionary basis . . . governed by procedures established in AR 710-2. These items will not be requisitioned by, nor issued to, organizations unless required for the necessary operation of the unit, military mission, or for discharge of assigned military duties, including climatic and geographical requirements, and then only in the quantities as necessary and required. Paragraph I-A-7f of CTA 50-900 states: "It is essential that appropriate commanders use extreme care in authorizing discretionary allowances indicated herein, to insure limitation qualitatively and quantitatively to those items which are essential to the mission of their commands. Too liberal an interpretation of what is necessary will generate excessively large requirements and adversely affect the supply situation Army-wide."
3. Any discretionary item which the appropriate commander determines to be required for the accomplishment of his unit's mission can be considered mission essential to that unit, be it required by one or all soldiers of the unit. Since the terms "mission essential" and "minimum essential" appear to be used interchangeably in the referenced letter, the following definitions of these terms were used in developing the inclosed guidelines:
 - a. Minimum essential discretionary allowances - Clothing and equipment items issued at the discretion of appropriate commanders which meet all of the following criteria:
 - (1) Must be essential to the health, comfort and efficient functioning of personnel within a given climatic zone.

Encl 1

ATCD-S-A

SUBJECT: Guidelines for Individual Issue of Discretionary Items,
CTA 50-900

(2) Must be required for the accomplishment of the unit's TOE/TDA mission.

(3) Must be required by all personnel within a given type unit/organization regardless of MOS, status or duty assignment.

b. Mission essential discretionary allowances - Clothing and equipment items which, in addition to mandatory items, are essential to the accomplishment of all missions assigned to a unit/organization, to include training which is necessary to enable that unit to be prepared to accomplish any of its assigned missions. This includes items authorized on the basis of MOS, status or duty assignment.

4. In developing the inclosed minimum essential guidelines, we considered only those items in the CTA which met the criteria prescribed by paragraph 3a above. Specifically, we did not include those mission essential items which are required exclusively by selected unit personnel based on MOS or duty assignment (e.g., Pocket Ammunition Magazine, LIN P13051). This determination must remain the prerogative of authorized commanders. The procedures for exercising this discretionary authority are clearly specified in CTA 50-900 and appropriate publications referenced in Appendix C.

5. The value of the requested guidelines is recognized only as a general guide to assist commanders at all levels in determining the minimum allowances required for efficient functioning of personnel engaged in peacetime military operations under specific climatic conditions. Such guidelines should clearly state that the items shown constitute the basic allowance for all personnel assigned to a given unit; that allowances based on individual MOS, position or duty assignment are not included; that allowances required to support specific contingencies or missions other than the unit's normal TOE/TDA mission are not included; and that these guidelines do not relieve commanders of their responsibility to determine that these items are actually required.

6. Detailed review of all discretionary allowances contained in CTA 50-900 revealed that most items which meet the criteria in paragraph 3a above are required for environmental protection within specified climatic zones by all personnel regardless of type unit, MOS, duty assignment or any other consideration. Consequently, these items were compiled into guidelines for individual issue of items common to all units/organizations which are at Inclosure 1.

7. Inclosure 2 contains those items which, in addition to those listed in Inclosure 1, are considered minimum essential for Category I Infantry units.

ATCD-S-A

SUBJECT: Guidelines for Individual Issue of Discretionary Items,
CTA 50-900

8. Inclosure 3 contains those items which, in addition to those listed in Inclosure 1, are considered minimum essential for Airborne, Ranger and Special Forces units.

SUBJ: ACCOUNTABILITY FOR CLOTHING AND EQUIPMENT

- A. DALOZXT 091910Z MAY 78, SAB (FLASHER NO 14)
- B. DAMO-FDU 191950Z APR 78, TRANSFER OF CTA 50-900
- C. DALO-SMS 281412Z SEP 77, ABSTRACTING OF EQUIP
 1. TO ENSURE STANDARDIZED PROCEDURES FOR THE ISSUE, TURN-IN, TRANSFER, AND ACCOUNTABILITY OF ORGANIZATIONAL CLOTHING AND INDIVIDUAL EQUIPMENT, THE FOLLOWING ACTION WILL BE FULLY IMPLEMENTED BY 1 JUL 78:
 - A. DURING RECEPTION CENTER PROCESSING, (1) OCIE WILL BE RECORDED ON DA FORM 3078.
 - B. INITIAL PERMANENT DUTY STATION:
 - (1) ALL OCIE WILL BE TRANSFERRED FROM DA FORM 3078 TO DA FORM 3645.
 2. ALL FUTURE ISSUES/TURN-INS WILL BE RECORDED ON THE DA FORM 3645.
 3. EXPENDABLE ITEMS WILL NOT BE RECORDED ON THE DA FORM 3645 (EX: DCG TAGS, PATCHES, STRIPES)
 4. ALL OCIE AUTHORIZED FOR RETENTION/TRANSFER WILL NOT BE PICKED UP ON UNIT, ORGANIZATION OR CIF PROPERTY BOOKS. (EX: HOSPITAL WHITES, COOK WHITES, AVIATION CLOTHING, ATHLETIC UNIFORM) IAW DA MSG 191950Z APR 78.
 5. ABSTRACTING WILL BE ACCOMPLISHED IN THE FOLLOWING MANNER:
 - A. DA FORM 3645 WILL BE PREPARED IN (2) CYS.
 - (1) ONE CY TO UNIT
 - (2) ONE CY RETAINED BY CIF
 - B. INDV ISSUES/TURN-INS WILL BE RECORDED ON A CONSOLIDATED 3645, REFLECTING THE INDIVIDUALS NAME, SSN, AND QUANTITY ISSUED. THE CONSOLIDATED 3645'S WILL THEN BE TOTALED, ATTACHED TO A SEPARATE 3645 FOR ISSUE AND TURN-IN AND POSTED TO THE PROPERTY BOOK AT FAST WEEKLY. THE SEPARATE 3645'S WILL SHOW THE TOTAL QUANTITY ISSUED OR TURNED IN, THE TRANSACTION AND THE NOTATION: "SEE SUPPORTING 3645(S) ATTACHED".

SUBJ: WASH AND WEAR FATIGUES

A. FT DIX ATZCGC 10 MAY 78 REQUEST FOR EXCEPTION TO POLICY FOR ISSUANCE OF FATIGUES DURING BASIC TRAINING. (U)

1. REF REPORTED A HIGH INCIDENCE OF WASH AND WEAR FATIGUE DAMAGE DURING RIGOROUS EXERCISES OF BASIC TRAINING. ESTABLISHMENT OF A PROCEDURE FOR FREE EXCHANGE/REPLACEMENT/REPAIR OF DAMAGED FATIGUES FOR BASIC TRAINEES WAS REQUESTED.

2. IMPLEMENTATION OF THE RECOMMENDATION FOR FREE EXCHANGE/REPLACEMENT/REPAIR OF FATIGUES DAMAGED DURING BASIC TRAINING CANNOT BE SUPPORTED IN VIEW OF FISCAL RESTRAINTS. THIS HEADQUARTERS HAS, HOWEVER, RECOMMENDED TO HCLM THAT FATIGUES RECOVERED FROM PERSONNEL AT DISCHARGE BE AUTHORIZED FOR USE AS SUPPLEMENTAL CLOTHING BY BASIC TRAINEES. SPECIFICALLY, TWO SETS OF FATIGUES WOULD BE ISSUED TO EACH BASIC TRAINEE BY THE SUPPORTING PROPERTY BOOK OFFICER FOR THE DURATION OF THE TRAINING PERIOD.

3. YOUR HEADQUARTERS WILL BE ADVISED OF DEVELOPMENTS. POC THIS HEADQUARTERS IS LTC KURGIEL, ACTUATOR 680-2710.

SUBJECT: Revision of CTA 50-900 and Consolidation with CTA 50-906

DA, OTSG, WASH DC 20310 26 JUN 1978

TO: HQDA (DALO-ZXT), WASH DC 20310

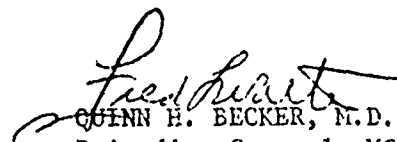

1. The proposal to include in CTA 50-900 lists of minimum essential discretionary organizational clothing and equipment for individuals by unit category and climatic zone has merit.
2. Recommend the inclosed HSC guidelines for individual issue medical units/organizations be consolidated with TRADOC guidelines for individual issue items common to all units/organizations. This list will establish guidelines to assist commanders of all units in authorizing minimum essential discretionary organizational clothing and equipment.
3. The HSC and TRADOC lists do not include female clothing. Therefore, proposed lists of clothing and equipment for women in medical units/organizations are attached (Incl 3, 4 and 5).

FOR THE SURGEON GENERAL:

5 Incl

Added 3 Incl

3. Indiv issue to women
(excluding nurses)
4. Indiv issue (nurses) -
discretionary
5. Indiv issue (nurses) -
mandatory

QUINN H. BECKER, M.D.

Brigadier General, MC
Director, Health Care Operations

 SUBJ: SUPPLY PUBLICATIONS CHANGE PROCEDURES.

- A. YCUR 012007Z FEB 78 (U).
1. REFERENCED MESSAGE PROVIDES GUIDANCE PERTAINING TO REGULATORY CHANGES AND IS PROPER COUNT FLASHER MESSAGE NR 11.
 2. THE RESTRICTIONS IMPOSED BY THIS MESSAGE DOES NOT ALLOW THIS ACTIVITY TO PERFORM ITS MISSION PERTAINING TO CODE ASSIGNMENTS THAT WILL EVENTUALLY BE PUBLISHED IN AR 725-50.
 3. CCDES SIGNIFICANT TO INTRA ARMY REQUIREMENTS AS INDICATED BY REFERENCED MESSAGE ARE TO BE PUBLISHED WITH A MINIMUM FREQUENCY OF SEMI-ANNUALLY. THIS IS TO BE ACCOMPLISHED UTILIZING FORMAL CHANGES TO REGULATIONS.
 4. THE ABOVE POLICY PREVENTS THIS ACTIVITY FROM ASSIGNING DOCUMENT IDENTIFIER CODES, ROUTING IDENTIFIER CODES, DISTRIBUTION CODES, AND WEAPONS SYSTEMS DESIGNATOR CODES ON AN AS REQUIRED BASIS TO SUPPORT CCSS, SAILS, DS-4 AND OTHER INTERNAL ARMY SYSTEMS. ADDITIONALLY THIS LIMITS OUR ABILITY TO SUPPORT MATERIEL READINESS REQUIREMENTS AND INTURN LIMITS DARCOM MRC'S ABILITY TO DETERMINE WHAT ITEMS OF SUPPLY ARE HAVING ON ADVERSE EFFECT ON THE ARMY'S OPERATIONS READINESS GOALS.
 5. REQUEST THAT A REVIEW OF THE POLICY AND GUIDANCE CONTAINED IN REFERENCE MESSAGE BE MADE AND THAT THIS ACTIVITY BE GIVEN THE AUTHORITY TO CONTINUE MAKING MESSAGE CHANGES TO AR 725-50 AND AR 710-2, AS REQUIRED OF THE CODES INDICATED ABOVE.
 6. THIS ACTIVITY'S POINT OF CONTACT CONCERNING THE ABOVE ACTION IS MR EDWIN LUY, AUTOVON: 745-3686/3893.

DEPARTMENT OF THE ARMY
HEADQUARTERS, UNITED STATES ARMY FORCES COMMAND
FORT MCPHERSON, GEORGIA 30330

AFAG-ASP

27 APR 1978

SUBJECT: Supply Publications Change Procedures

HQDA (DALO-ZXT)
Washington, DC 20310

1. Reference DA message, 012007Z February 1978, subject as above (Proper Count Flasher Message No. 11).
2. The following comments are provided in accordance with above reference.
 - a. Prior to the dispatch of above reference, the system of changing supply publications was inadequate and caused confusion at unit/activity supply areas. The number of message and letter changes when implemented by installations and other intermediate headquarters, resulted in a volume of correspondence that fell on the unit/activity supply accounts. This called for undue and numerous changes in supply records, many of which were minor and unimportant in nature.
 - b. General consensus of field commanders is that the proposed policy of distributing interim message changes through the pinpoint distribution system is excellent.
3. Specific comments of interest made by field commanders follow:
 - a. Supplements to Supply AR's below the MACOM level should be prohibited. Reason being that all units/activities under command of a MACOM should be following the same procedures.
 - b. The supply field is not the only message change offender. MILPERCEN sends out many message type interim changes to AR's requesting "widest possible dissemination." This requires a "shotgun" approach to reach the holders of a basic AR.
 - c. The current procedure of disseminating information by the "Proper Count, Proper Count Flasher" and interim change message formats have resulted in confusion at the unit level. Each communication from a higher

AFAG-ASP

SUBJECT: Supply Publications Change Procedures

headquarters results in subsequent implementation by subordinate headquarters. USAADCENFB indicates it has received 33 DA Proper Count Messages, 39 FORSCOM Proper Count Messages, 24 TRADOC Proper Count Messages, and numerous messages from USAFIVE, USASIX, 504th ASA Group, and the 31st ADA Brigade.

d. The 5th Infantry Division (M) and Ft Polk indicates it has a problem similar to c above. Currently, to find an answer to an accountability question, the unit supply representative must research messages, letters, regulations, circulars, supply bulletins, supply catalogs, and local SOP's. In addition, he must consult pamphlets, bulletins and message files to determine if the on-hand publications are current with the appropriate changes.

e. Ineffective distribution of publications changes is reported as being the single most problematic area in attempting to remain current on supply procedures. On occasion this can be attributed to incorrect publications procedures at unit level. However, much of the problem remains in the methods used to by-pass the pinpoint distribution system.

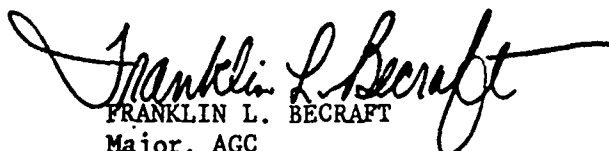

f. Fort Sheridan reports that messages issued to "clarify" policy regulations have the same effect as a change, i.e., they must be disseminated to all holders of appropriate publications and must be posted to and filed with the appropriate directives. The following messages were identified as being in this category.

(1) DALO-ZXT, 312105Z Feb 78 (Proper Count), subject: Items Not Authorized in Quick Supply Stores (QSS).

(2) DALO-ZXT, 152028Z Mar 78 (Proper Count), subject: Marking of Tools.

(3) DALO-ZXT, 230238Z Mar 78 (Proper Count), subject: Abandoned Clothing of Enlisted Personnel Dropped From the Rolls.

FOR THE COMMANDER:

FRANKLIN L. BECRAFT
Major, AGC
Assistant Adjutant General

HSLO-S

SUBJECT: Supply Publication Change Procedures

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference is made to message, DALO-ZXT, 012007Z Feb 78, subject as above.
2. Headquarters, US Army Health Services Command (HSC) and subordinate units have implemented the procedures outlined in referenced message. Review of all supply publications have been accomplished and rescissions and changes have been made where indicated. The DCSLOG in Headquarters, US Army Health Services Command monitors supply publication change turbulence within the command.
3. The limitations imposed on supply publication changes by referenced message are considered realistic. This policy should be helpful in reducing turbulence and confusion in supply functional areas.
4. Numerous message changes to CTAs are continuing to be published. These message changes do not follow the format prescribed by your 1 Feb 78 message. A recent example is at inclosure 1. Although authorization documents such as CTAs are not published by DA DCSLOG, they are considered to be a supply publication by field users. Recommend the supply publication change procedures be followed in publishing changes to CTAs.

SUBJECT: Supply Publications Change Procedures

HQDA (DALO-ZXT)
Washington, DC 20310

1. Reference is made to HQDA message 012007Z Feb 78, subject as above. This command has experienced no turbulence attributable to the policy stated in the message. This is primarily due to the fact that all MDW units are in the National Capital Region (NCR) and, for supply, MDW operates as essentially one installation. Therefore the constraints on interim message/letter changes do not apply.

2. The two supply publication supplements MDW has will be revised during this FY to incorporate policy and procedure changes resulting from the Proper Count Flasher Messages. The DA proponent review requirement is expected to impact only to the extent of slowing publication and implementation.

APO New York 09403

AEUPE-AMD-AC

26 April 1978

SUBJECT: Supply Publication Change Procedures

Commanders of USAREUR Major Commands and Assigned Units (to Division Level)
Heads of Staff Offices, This Headquarters

This letter expires 1 year from date of publication.

1. HQDA (DALO-ZXT) message, DTG 012007Z February 1978, subject above, is partially quoted as follows for information and action:

"This is a Proper Count Flasher Message No. 11

SUBJ: Supply Publication Change Procedures

A. AR 310-1, Publications, Blank Forms, and Printing Management,
1 Dec 76.

B. AR 310-2, w/Ch 1, Identification and Distribution of DA Publications and Issue of Agency and Command Administrative Publications,
12 Jul 76.

C. AR 310-3, w/Ch 11, Preparation, Coordination, and Approval of Department of the Army Publications, 26 Jul 77.

1. The DAIG report on management and accountability of Army materiel indicated that the number of supply publication changes/supplementary instructions issued by various headquarters, was unmanageable at unit level. Many changes were transmitted by electrical means and were minor in nature. In one instance, one regulation was changed by the electrical message method 25 times since August 1974 without initiation of formal revision as required by AR 310-3. In addition, the Army distribution system was noted as unresponsive. Message initiators were relying on AIG distribution, rather than utilizing pinpoint distribution procedures.

2. Effective immediately, the following policy will be reiterated and enforced by applicable headquarters' staff agencies concerned with supply publication change.

a. Publications will be amended or added to by publication of formal numbered changes. Serious errors will be corrected immediately by published changes, while minor changes will be allowed to accumulate and be published in the next significant change or revision to the publication. Except for changes required for immediate correction of serious errors, numbered changes should be issued no more than semiannually, with annual issue preferable

b. Interim electrical message changes will be utilized only to:

(1) Meet a mandatory effective date imposed by law, Executive Order, an order from another executive agency, court order, or DOD directive.

(2) Eliminate or modify a policy, procedure, or other specifications that:

(a) Could result in loss of life, personal injury, or destruction of property.

(b) Is wasting Army funds, man-hours, or other critical resources.

(3) Forestall the issuance of anticipated adverse judicial rulings.

c. Interim pinpoint message changes will be used whenever possible when a change is urgent and when widespread distribution is desired.

d. Preparation of messages will include: (Para 1-12.1, Change 11, AR 310-3).

(1) A two-part number noting the first part as the number of the next regular change, followed by a hyphen, and when the second part indicating the sequence number of the interim change.

(2) The subject indicating the information as an interim change.

(3) The expiration date of the message, six months from the date of transmission, with a statement in the text that "This message expires six months from the date of the message, if not superseded by a formal numbered change."

e. The number of interim electrical messages will be limited to three changes, as in the case of the interim pinpoint message changes. After a maximum of three changes are issued, or within six months of the first message change, the proponent agency of the supply publication must supersede those changes through issuance of a formal numbered change (para 1-12.2, Change 11, AR 310-3).

3. In regard to the use of supplements to AR, the DA report stated that a majority of commanders surveyed did not feel that the additional guidance was necessary for effective unit operations. This places the use of the supplement process as an effective tool for issuing implementing instructions in doubt. Therefore with regard to supply publications, MACOMS will:

a. Review policies concerning development and publication of supplementary guidance to ensure policies are IAW AR 310-2.

b. Review supplement to ensure information is minimum essential for effective implementation and that the information contained therein is current and applicable.

c. Rescind those supplements that are deemed ineffective.

4. Effective 1 June 1978, all MACOM supplements to supply publications developed IAW AR 310-2, will be forwarded to HQDA proponent agencies for review and approval prior to publication. Supplements may clarify DA policy, but will not deviate from that policy. MACOMS will establish similar procedures for subordinate elements.

5. It must be emphasized that, although logistics management is a dynamic process, unnecessary changes to clarify or provide interim policy guidance

AEUPE-AMD-AC

26 April 1978

SUBJECT: Supply Publication Change Procedures

by the electrical message method creates tremendous turbulence and/or doubtful receipt at user level. Commanders who authorize such changes must ensure that the review and approval process is such that only the most urgent are transmitted."

2. Particular attention is directed to paragraph 4 of quoted message. Proponents of proposed supply publications will insure required coordination and approval have been made before releasing document for publication.

3. These procedures will be incorporated into USAREUR Supplement 1 to AR 310-2 upon publication of change to basic AR.

MEMORANDUM FOR: HEADS OF STAFF OFFICES

SUBJECT: USAREUR Command Publications

1. In January 1977, I provided a summary of publications policies and other guidance intended to reduce the length and volume of our directives and to avoid wasting time on needless activity. That guidance has been incorporated into USAREUR Supplement 1 to AR 310-2, 1 December 1977.

2. We have made some progress in reducing the number of our publications, but much remains to be done, as evidenced by the large number of publications listed in USAREUR Pam 310-1 that remain outdated. I reiterate my personal interest in this matter and solicit your personal support to accomplish this purpose. I have asked the AG to prepare specific administrative guidance to insure that this project is a coordinated effort. His guidance, attached as Inclosure 1, is approved for implementation.

Command Publications

TO Heads of Staff Offices

FROM AG

DATE 3 Apr 78

CMT 1

MAJ Smith/sb/8373

1. During January 1977, the Chief of Staff issued specific guidance on publications policies to reduce the volume and improve the quality of USAREUR directives. Since then, the coordinated efforts of the staff have had the following results:

a. 167 command publications were eliminated.

b. 395 complete revisions or changes were published.

c. 69 new or revised posters were published.

d. Current total of 872 long-term publications and 151 posters represents nearly a 20% reduction.

These results are commendable and mean resource savings throughout the command. The obvious paper and printing savings are great but the intangible savings are even greater. Coordination with higher and lower level commands has significantly reduced the need to publish supplementary guidance. Commanders and staff officers have fewer publications with which to be familiar, thus allowing more time for other worthwhile activities. The greatest impact is here in the headquarters staff. Once essential guidance is placed in a well coordinated long-term publication, it becomes unnecessary to duplicate our efforts to republish each year. The annual review permits an opportunity to publish changes as necessary.

2. The posted copy of USAREUR Pam 310-1 at inclosure 1 indicates a large number of our publications remain outdated. The Publications Control Officer has dealt with you on many of these and a significant number are now being revised. To continue our progress and insure this large undertaking is a coordinated effort, request you accomplish the following:

a. Personally review inclosures to gain an appreciation for the currency of your publications.

b. Designate an individual knowledgeable in staff procedures (UM 1-10 and UM 310-10) concerning command publications to be your staff publications control officer. This individual should be charged with the following specific duties:

(1) Determine current status and continued essentiality of each publication within your proponentcy.

(2) Determine a realistic date for submitting appropriate coordinated draft revisions. Assign a point of contact for each such publication.

(3) Determine which publications are truly essential for distribution to REFORGE units.

(4) Prepare a consolidated reply encompassing all above actions to this office NLT 26 May 1978.

Incl 1, CofS Memo, 10 Apr 78

DA FORM 2496

REPLACES DD FORM 24, WHICH IS OBSOLETE.

281

AEUPE-AMD-AC
SUBJECT: Command Publications

3. Additional guidelines and policy that will influence your actions are:

a. Each supplement preceded by a plus (+) sign and followed by date of current AR must be revised or rescinded before 1 February 1979. See paragraph 4-25b.1, AR 310-2, as supplemented. All such supplements not acted upon earlier will be rescinded automatically.

b. STAFF 77 and other directed revised relationships must be considered and incorporated into essential publications. Any publication dated before January 1977 is candidate for revision.

c. Command program guidance concerning functional responsibilities transferred to subordinate commands must remain within your proponentcy. For example, if Cdr, 4th Trans Bde is assigned responsibility for the Terminal Facilities Guide, then DCSLOG retains responsibility for internal headquarters coordination and publication of USAREUR guidance. You should insure subordinate units responsible for preparing draft USAREUR publications have necessary directives (USAREUR Memorandums) to do so.

d. REFORGER units automatically receive publications designated by an asterisk (*) in USAREUR Pam 310-1.

e. When an AR is superseded or rescinded, the corresponding USAREUR supplement must be revised immediately. USAREUR Supplement 1 to AR 310-2 provides procedures.

f. The workload spread of your staff and the AG editorial staff must be considered when proposing revision dates. Obviously, all publications requiring revision cannot be accomplished in the last months of this year.

g. Publication of a change is the preferred method to update guidance. This office will determine whether a complete revision or change will be published based on costs, convenience to user, and complexity of the subject.

h. The Chief of Staff tasked this office to develop a policy that will significantly reduce the number of interim message changes to command publications. AR 310-3 established similar policy which has not been sufficiently implemented. Message at inclosure 2 indicates the gravity involved with losing control of such changes.

4. In summary, we must insure our subordinate commanders have necessary guidance to do their jobs while assuring we do not waste their time with superfluous details. USAREUR directives will be published, when essential, in concise language. Few USAREUR programs are so unique that special detailed guidance must be published. Departmental guidance is written in terms that generally can be applied without further supplementation. A well coordinated and written command publication provides a basis for long-term planning and mission accomplishment and considers the impact on our individual soldiers.

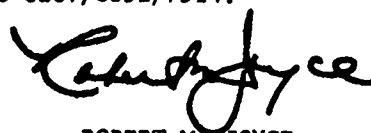

AEUPE-AMD-AC

SUBJECT: Command Publications

5. Specific requirements of this paper are enumerated again, as follows, to insure initiation of a coordinated effort:

- a. Designate a publications control officer to accomplish this project.
- b. A 100% review of all publications will be accomplished.
- c. Nonessential publications will be eliminated.
- d. Outdated guidance will be revised.
- e. REFORGER units will be provided essential USAREUR publications.
- f. Provide by 26 May 1978 a reply to the AG, ATTN: AEUPE-AMD-AC, that includes the following:
 - (1) A copy of inclosure 1, posted in red ink, with updated or corrected status as follows:
 - (a) Line thru those that should be rescinded and mark with the letter "R".
 - (b) Those containing current guidance and requiring no revision, mark with a letter "C".
 - (c) Those requiring revision mark with "REV" and proposed revision date.
 - (d) Delete or add REFORGER designation as necessary.
 - (2) A separate listing of POC and telephone number of each publication that will be revised.
 - (3) Provide POC information by 28 April 1978 to the USAREUR Publications Control Officer (Major W. H. Smith), telephone 6267/8392/7914.

SUBJECT: Draft TRADOC Supplement 1 to AR 710-1

Commander
US Army Training and Doctrine Command
ATTN: ATLC-HSP
Fort Monroe, VA 23651

1. Subject draft supplement was referred to this headquarters by the DA Property Accountability Task Force for review and approval since DARCOM is the proponent agency for AR 710-1.
2. This headquarters interposes no objection to the publication of this supplement; however, AR 710-1 is currently under complete revision with a proposed publication date of 30 April 1979. Accordingly, the US Army DARCOM Materiel Readiness Support Activity, ATTN: DRXMD-SS was tasked by this headquarters for maintaining this regulation in a current status, including the preparation and staffing of changes and revisions. In addition, the following recommended changes are provided:
 - a. Page 1, paragraph 2-5. The addition of "and TRADOC" to current paragraph 2-5c appears to be in error.
 - b. Page 6, paragraph 3-32h. Change paragraph 3 32h to read "3-32g" since paragraph 3-32f is the last paragraph in current AR.
 - c. Page 24, paragraph 5-47d(2)(c). Change "ACMA" to read "SICC". The term "ACMA" is no longer used.
 - d. Page 31, paragraph 5-47i. Change reference to "AR 735-7" to read "AR 37-69". AR 37-69 superseded AR 735-7 effective 1 July 1976.
 - e. Page 22, paragraph 5-47i(3)(a)2. AR 700-59 is cited. However, DA Pamphlet 310-1 reflects the AR as being rescinded by DA Circular 310-1 with no replacement.

SUBJ; EXCEPTION TO REGULATION

A. PARA 5-4B, AR 735-5, 22 MAY 74 (U)

B. YOUR DALO-ZXT 251624Z NOV 77, SUBJ; TRANSFER OF PROPONENCY OF SUPPLY AND SUPPLY ACCOUNTABILITY REGULATIONS OF DCSLOG (U)

1. REF ALFA PREVENTS FOREIGN INDIGENOUS PERSONNEL FROM SIGNING PROPERTY VOUCHERS. REF HAVE CHANGED PROPONENCY FOR AR 735-5 FROM DALO TO DALO ALTHOUGH SPECIFIC OFFICE WAS NOT IDENTIFIED.

2. REDUCED ALOS, REPLACEMENT OF US PERSONNEL WITH INDIGENOUS PERSONNEL, AND RESTRICTION OF REF ALFA, ALL COMBINED, ARE SERIOUSLY HAMPERING MANY ACTIVITIES IN CARRYING OUT ASSIGNED MISSIONS. MOST SERIOUSLY AFFECTED ARE TLA ACTIVITIES IN MAINTENANCE SHIPS, RECREATION SERVICES ACTIVITIES, AND FACILITIES ENGINEERING ACTIVITIES.

THERE ARE NUMEROUS ACTIVITIES THAT ARE COMPRISED ENTIRELY OF INDIGENOUS PERSONNEL AND SUPPORTED BY STOCK RECORD ACCOUNT. THERE ARE ALSO 23 KOREAN SERVICE CORP COMPANIES COMPRISED ENTIRELY OF INDIGENOUS PERSONNEL. IN ORDER TO COMPLY WITH REF ALFA, IT IS NECESSARY TO ASSIGN US INDIVIDUALS SPECIFICALLY TO SIGN PROPERTY VOUCHERS. SUPPLIES ARE THEN SIMPLY GIVEN TO SHOP/ACTIVITY PERSONNEL (INDIGENOUS) FOR MISSION PERFORMANCE.

3. IT IS BELIEVED THAT REF ALFA POLICY IS A CARRY-OVER FROM PREVIOUS MULTILINE DOCUMENT SYSTEM WHERE ONE SIGNATURE SUFFICED FOR NUMEROUS LINE ITEMS. BELIEVE THAT REF ALFA SHOULD NOT BE APPLICABLE TO PRESENT SINGLE LINE DOCUMENT SYSTEM OR THAT IT SHOULD BE CHANGED POSSIBLY TO APPLY TO ONLY NON-EXPENDABLE OR HIGH DOLLAR-VALUE ITEMS.

4. REQ THIS HQ BE AUTHORIZED EXCEPTION TO REF ALFA UNDER CIRCUMSTANCES DESCRIBED IN PARA 2 ABOVE TO PERMIT INDIGENOUS PERSONNEL TO SIGN PROPERTY VOUCHERS FOR EXPENDABLE ITEMS.

Chapter 12

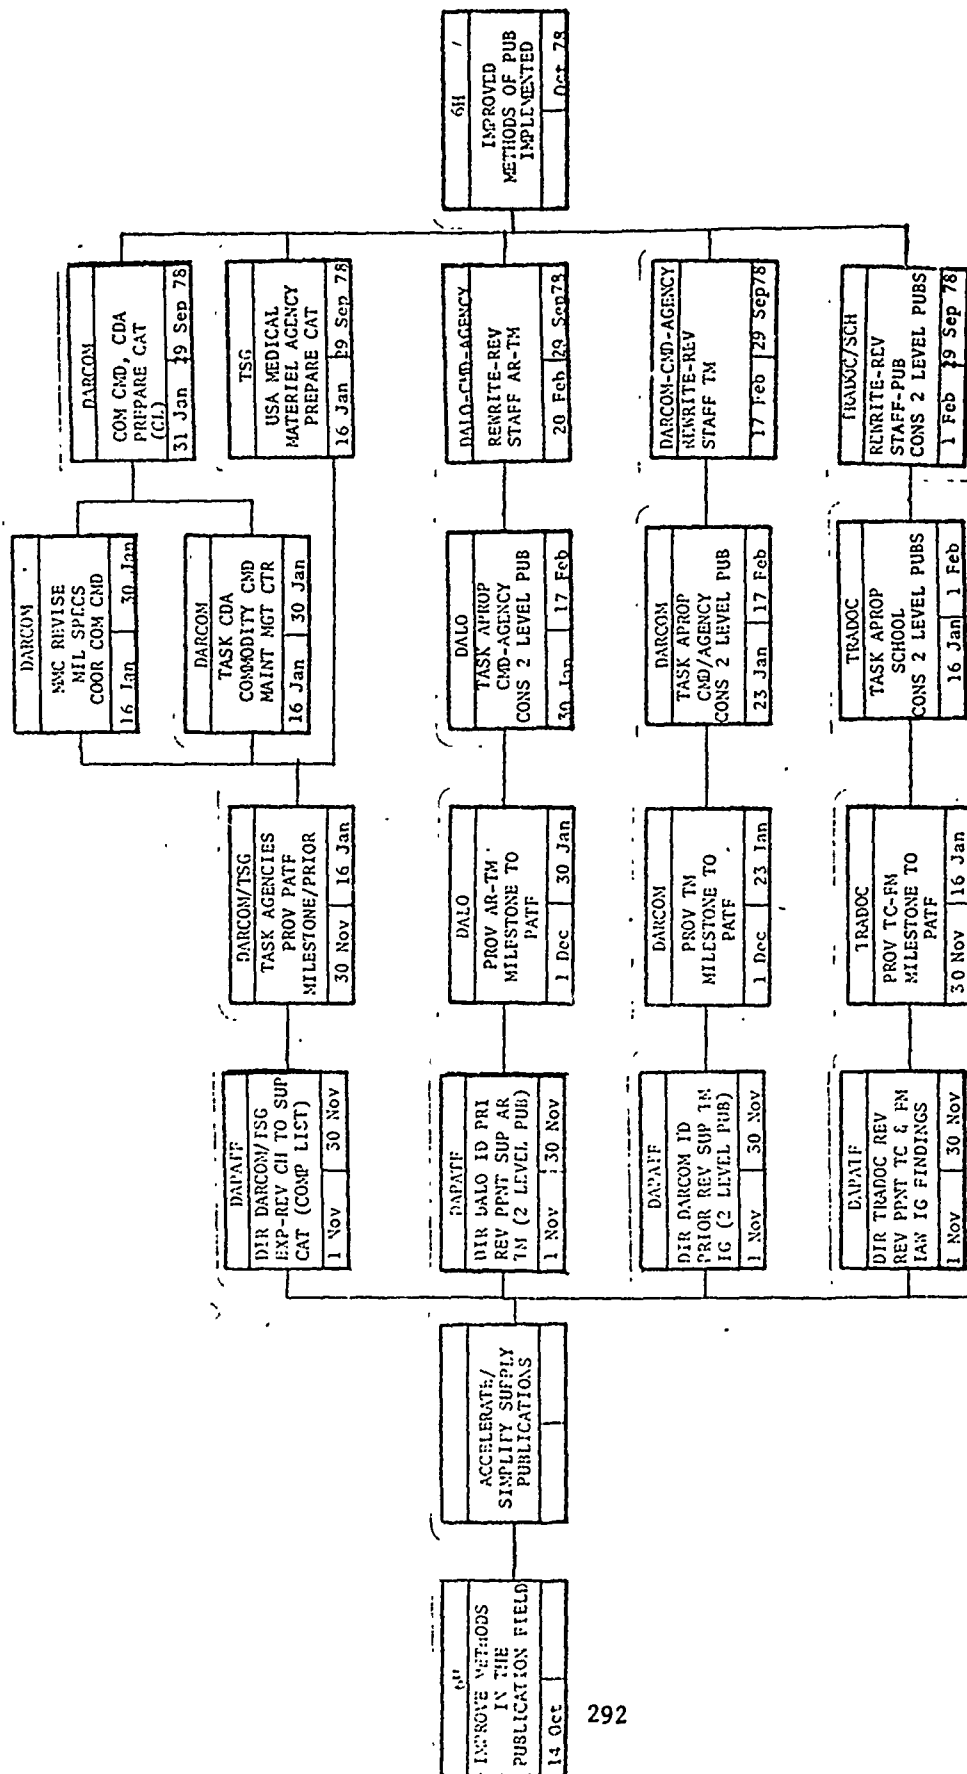

Supply Publication Simplicity

1. Recommendation 6H. Accelerate the current program to simplify supply publications. Consider issuance of two levels of user manuals; one for the operator and a more sophisticated one for technical support personnel. Include standard inventory "tear-out" forms as annexes to publications referring to sets, kits, and outfits so that components can be brought under control without resort to cumbersome "shortage annex" procedures.

SUBJ: ACCELERATION OF CURRENT PROGRAM TO SIMPLIFY SUPPLY PUBLICATIONS
 (S 19 MAY 78)

A. LTR MRSA DRXMC-SE 24 APR 78 (U)

B. YOUR 081930Z MAY 78 (U)

1. PLANNED ACCOMPLISHMENTS REQUESTED IN REF B ARE AS FOLLOWS:

A. PARAGRAPH 1: CONTACT HAS BEEN MADE WITH VARIOUS MPCs CONCERNING
 OVERPACKING SCs AND HAND RECEIPT WITH PHYSICAL SKOS IN FUTURE ISSUES.

B. CONSENSUS OF OPINION IS THAT THIS IS NO PROBLEM.

C. MRSA WILL PROVIDE GUIDANCE TO ISSUING COMMANDS TO INCLUDE IN THE
 FIR

PACKING LIST OR PROCUREMENT PACKAGE THE APPROPRIATE SC AND HAND RECEIPT
 PT

WHEN SHIPPING SKOS TO RECIPIENTS. TARGET DATE 5 JUNE 78.

D. APPROPRIATE CHANGES TO AR 310-3, CHAPTER 12, AND DARCOM-R 750-4
 5

WILL BE RECOMMENDED BY MRSA. TARGET DATE 30 MAY 78.

F. PARAGRAPHS 2 AND 3: QUANTITIES FOR COLUMN T, DA FORM 2062 AND
 PARAGRAPH 3, FORMAT FOR HAND RECEIPT: INSTRUCTIONS TO PROPONENTS HAS
 BEEN ISSUED VIA REFERENCE A.

2. REQUEST THE LATERAL ADVERTISE ACTION TO BE TAKEN IN 1C AND 1D. MRSA
 POINT OF CONTACT FOR THIS PROJECT IS MR. ANDY DALLAK, AUTOVON 745-413

7.

THIS IS A PROPER COUNT MESSAGE
SUBJECT; COMPONENT LISTINGS OF INTEGRAL COMPONENTS OF END ITEMS,
DA FORMS 2062.
A. DA CONFERENCE, 14-15 JUN 78, SUBJECT; STANDARDIZATION OF
DEFINITIONS AND TITLES (BII AND AAL)
B. CALO-ZXT LETTER, 7 DEC 77, SUBJECT; ACCELERATION OF CURRENT
PROGRAM TO SUPPLY PUBLICATIONS.
1. REF CONFERENCE IDENTIFIED A MAJOR PROBLEM WHICH WILL SURFACE
IN REVISED TECHNICAL MANUALS, -10 SERIES, IN COMPLIANCE WITH REF B.
2. REF B DIRECTED CARCCM TO REVIEW AND TAKE ACTION TO REVISE
OPERATOR'S MANUALS TO INCLUDE THE DA FORM 2062, HAND RECEIPT, AS
A COMPONENT LISTING IN A REPRODUCIBLE FORMAT. REF B DIRECTED THIS
COMPONENT LISTING TO INCLUDE BASIC ISSUE ITEMS AND DISCRETIONARY
ITEMS (NONCONSUMABLE).
3. REF A INDICATED CARCCM WAS PROCEEDING ON THIS GUIDANCE AND
THAT THOSE ITEMS PRESENTLY IDENTIFIED AS INTEGRAL COMPONENTS OF
END ITEMS WOULD NOT BE IDENTIFIED/LISTED ON THE REPRODUCIBLE
DA FORMS 2062.
4. FORSCOM CONTENDS THAT COMPLIANCE WITH RECOMMENDATION 6H OF
THE SPECIAL IG REPORT ON PROPERTY ACCOUNTABILITY REQUIRES THAT
"ALL" COMPONENTS MUST BE BROUGHT UNDER CONTROL WITHOUT THE USER
HAVING TO OBTAIN THE COMPONENT LISTING FOR BII AND AAL FROM THE
MANUAL AND HAVING TO TYPE THOSE LISTING THE INTEGRAL COMPONENTS
OF THE END ITEM.
5. REQUEST CA REVIEW OF REQUIREMENTS OF REF B TO INCLUDE
INTEGRAL COMPONENTS OF END ITEM.

1. REF REQUESTS COMMENTS/CONCURRENCE ON PROPOSAL TO ADD A NEW EXPENDABILITY CRITERIA.
 2. CONCUR WITH PROPOSAL IN REF. USAREUR FIELD UNITS ALSO RECOMMEND CONSIDERATION OF THE FOLLOWING RECOMMENDATIONS:
 - A. THE 50 DOLLAR UNIT VALUE LIMITATION SHOULD BE INCREASED TO 100 DOLLARS TO BE REPRESENTATIVE OF EQUIPMENT VALUE TO BE SAFEGUARDED AND APPROXIMATE THE BREAK POINT BETWEEN STATEMENTS OF CHARGES VERSUS REPORT OF SURVEYS.
 - B. COMMODITY COMMANDS SHOULD BE ADVISED NOT TO RECLASSIFY NON-CONSUMABLE COMPONENTS OF ALL SETS, KITS AND OUTFITS ON A BLANKET BASIS. THIS WILL ENSURE THAT THE INCREASED ADMINISTRATIVE COSTS ARE NOT OUTWEIGHED BY THE EXPECTED SAVINGS.
 - C. DURABLES SHOULD BE SPECIFICALLY AUTHORIZED FOR STOCKAGE IN SELF MADE ONLY TO PROPERTY BOOK OFFICER REPRESENTATIVES.
 - D. EXPENDABILITY CODE TITLE APPEARS TO BE OUTDATED AND SHOULD BE RETITLED "ACCOUNTABILITY CODE" IN AMDF. ADOPTION OF THIS RECOMMENDATION MAY ALLOW FOR ELIMINATION OF TERMS "CONSUMABLE" AND "NONCONSUMABLE."
 - E. CHANGES TO AUTOMATED SYSTEMS (I.E. SAILS AND DLOGS) SHOULD BE DIRECTED CONCURRENT WITH CATALOG CHANGE BROADCASTS.
 - F. MOVEMENT OF RECOVERABILITY CODE ALONG SIDE EXPENDABILITY CODE IS PARTICULARLY NOTEWORTHY TO AMDF USERS.
 3. HQ USAREUR ACTO IS MAJ KAPKE HBG MIL 676J.

 SUBJ REVIEW OF THE EQUIPMENT SURVEY PROCESS (S 30 APR 78)

- A. YOUR 051852Z APR 78 (U)
- B. AR 310-34, 24 FEB 75 W/CH 1 AND 2 (U)
- C. AR 570-7, 30 JUN 75 (U)
1. FCL COMMENTS KEYED TO PARA 4 SUBPARA OF REF A, ARE PROVIDED IN COMPLIANCE WITH PARA 5 THEREIN.
 - A. FREQUENCY OF SURVEYS AS CONTAINED IN PARA 2-1 OF REF C IS CONSIDERED ADEQUATE. HOWEVER, PARA 2-1A SHOULD BE AMENDED TO PERMIT INDIVIDUAL UNIT SURVEY TO BE RESCHEDULED WHEN REQUIRED, WITHOUT CAUSING SLIPPAGE OF OTHER SCHEDULED UNIT EQUIPMENT SURVEYS.
 - B. CURRENTLY THERE IS ONLY ONE (1) READINESS REPORTING UNIT IN THE COMMAND AND NO PROBLEMS HAVE BEEN ENCOUNTERED. EXPERIENCE FACTOR IN THIS AREA HAS BEEN SUCH THAT NO COMMENTS ARE OFFERED.
 - C. MAKEUP OF SURVEY TEAM HAS BEEN ON AN AD HOC BASIS WITH SELECTION OF MEMBERS IAW CRITERIA OUTLINED IN PARA 2-4 OF REF C. PROCEDURE CAN BE PROBLEMATIC IN CASES OF INDIVIDUAL SURVEYORS, IN THAT BOTH TECHNICAL KNOWLEDGE AND EXTENSIVE MANAGEMENT OF EQUIPMENT DO NOT ALWAYS GO HAND-IN-HAND. TECHNICAL KNOWLEDGE AND APPLICATION/UTILIZATION IS CONSIDERED TO BE OF FIRST IMPORTANCE IN THAT THE TEAM CHIEF SHOULD BE ABLE TO PROVIDE NECESSARY EXPERTISE FOR EQUIPMENT MANAGEMENT.
 - D. PARA 2-20 REF C SHOULD BE AMENDED. INSTEAD OF ENCOURAGING INSTALLATION/UNIT COMMANDERS TO CONDUCT EQUIPMENT REVIEWS PRIOR TO TAIDS SUBMISSION, REVIEWS SHOULD BE MADE MANDATORY WITHIN ONE (1) YEAR FROM THE DATE OF THE MACOM SURVEY. RESULTS OF THE INSTALLATION/UNIT SURVEY SHOULD BE AVAILABLE TO THE MACOM EQUIPMENT SURVEY TEAM FOR REVIEW.
 - E. THREE SUCCESSIVE DRAFTS OF CHANGE TO AR 310-34 EQUIPMENT UTILIZATION MANAGEMENT PROGRAM, DATED 15 DECEMBER 75, 30 NOVEMBER

SUBJ: REVIEW OF THE EQUIPMENT SURVEY PROCESS

A. YOUR 051852Z APR 78, SA8.

B. AR 570-7, EQUIPMENT MANAGEMENT: EQUIPMENT SURVEY PROGRAM DTD
30 JUNE 1975.

1. THE FOLLOWING COMMENTS ARE KEYDT TO PARA 4A THRU 4E REF A
ABOVE:

A. RECOMMEND FREQUENCY OF SURVEYS AS SET FORTH IN PARA 2-1 AND
2-1A REF B, ABOVE, NOT BE CHANGED. PARA 2-1A PROVIDES THE MACOM
WITH DESIRED FLEXIBILITY, FURTHER RECOMMEND PARA 2-1B BE CHANGED
TO PERMIT DESK AUDIT FOR UNIT/ACTIVITIES WHOSE TDA VALUES DO NOT
EXCEED 150,000 DOLLARS REGARDLESS OF LOCATION.

B. SURVEY OF READINESS REPORTING ELEMENTS WOULD BE DESIRABLE;
HOWEVER, IT IS QUESTIONABLE WHETHER THE ADDITIONAL ASSETS (MAN-
POWER AND TOY FUNDS) REQUIRED TO INCLUDE THESE UNITS IN THE
EQUIPMENT SURVEY PROGRAM WOULD PROVE ECONOMICALLY SINCE MAJOR POR-
TION OF MTOE UNITS IS STRUCTURED FROM TDE WHICH IS AN AUTHORIZATION
DOCUMENT IN ITSELF. IT SHOULD BE POINTED OUT THAT THIS COMMAND
DOES NOT HAVE ANY READINESS REPORTING UNITS.

C. MAKEUP OF SURVEY TEAMS REMAIN AS RECOMMENDED IN REF
B, ABOVE.

D. ESTABLISHMENT OF SURVEY TEAMS BELOW THE MACOM LEVEL IS NOT
RECOMMENDED. THESE TEAMS ARE APT TO BE MORE SUBJECTIVE THAN
OBJECTIVE IN THEIR SURVEY. PARA 2-17.1, AR 710-2 PROVIDES FOR
RECONCILIATION OF PB AND AUTHORIZATION DOCUMENTS. CONTROL OF A
DETAILED AND THOROUGH RECONCILIATION OF THE PB AND AUTH DOC
WOULD PROVIDE THE COMMANDER NECESSARY DATA TO DETERMINE IF EQUIP
ON HAND WERE AUTH AND REQUIRED TO CARRY OUT HIS MISSION.

MT-SPI

SUBJECT: Equipment Authorization Policies and Equipment Survey Process

HQDA (DALO-ZXT)
WASH DC 20310

1. References:

- a. DALO-ZXT message, 051854Z Apr 78, subj: Equipment Authorization Policies and Procedures Review (Proper Count Message).
- b. DALO-ZXT message, 051852Z Apr 78, subj: Review of the Equipment Survey Process (Proper Count Message).
- c. MTMCR 715-2, Resources Review Boards (Incl 1).
- d. MTMCR 750-1, Utilization of Equipment Reports (Incl 2).
- e. MTMC Suppl 1 to AR 710-1 (Incl 3).
- f. MTMC Suppl 1 to AR 570-7 (Incl 4).

2. Comments to para 4, a thru h, reference a follow:

- a. Letter requests are used for both proponent approved and HQDA controlled TDA equipment. All TDA equipment authorizations must be approved by this HQ.
- b. Commander awareness is accomplished in several ways, such as: through letters, messages, review and analysis meetings, annual capital equipment budget submissions, and submission of economic analyses UP AR AR 235-5. Examples of MTMC regulatory media include references c thru f:
- c. Not applicable.
- d. Revalidation is an on-going action.
- e. Statement of need must be conclusive. Doubtful items are returned to the originator for additional information or disapproved.

MT-SPI

SUBJECT: Equipment Authorization Policies and Equipment Survey Process

f. Provisions of AR 235-5 are followed. Also see reference c.

g. Not required. This headquarters approves administrative storage when justified.

h. Generally adequate.

3. Comments/recommendations to para 4a thru e, reference b follows:

a. Recommend that the length of time between surveys be as determined by the major command. MTMC is a staunch supporter of the Equipment Survey Program and for several years installation surveys were accomplished on an annual basis. As TDAs were purified annual surveys were eliminated. Between surveys, command visibility and control include utilization management (ref b) and economic analyses; e.g. barge derrick and tug services at Military Ocean Terminal, Bayonne are furnished from commercial sources and personnel and equipment authorizations have been deleted from the TDA. The foregoing is not to say that equipment surveys are no longer required; however, it is felt that the need for a survey with the attendant TDY expenditures can best be determined by the major command.

b. Not applicable.

c. Para 2-4, AR 570-7 is adequate.

d. Recommend the teams remain at HQDA/MACOM level; however, augmentation from subordinate command/installation levels should be used if personnel constraints exist.

e. Recommend that para 2-1b, AR 570-7 be deleted and replaced by: "On-site equipment surveys of units/activities with few TDA equipment authorizations will be made at the discretion of the major command." The figure of \$150,000 in para 2-1b, AR 570-7 could equate to two, three or four items and is not recommended as a criteria in determining the need for an equipment survey. In this connection, this HQS received verbal approval from DALO-PLR over two years ago to deviate from the \$150,000 criteria.

SUBJECT: Equipment Authorization Policies and Procedures Review

HQDA (DALO-ZXT)
WASH DC 20310

1. References:

- a. DA message, DALO-ZXT DTG 051854Z Apr 78, subject as above.
- b. AR 310-34, 27 Feb 75, w/changes 1 and 2.
- c. AR 310-49, 10 Jun 75, w/change 1.

2. Following comments keyed to subparagraphs of paragraph 4 of reference a, are provided in compliance with paragraph 5 therein.

a. Letter Requests (LR) are reviewed at Directorate, Garrison Force Development Activity and MACOM ACofS, G3, Force Development Division. Since the inception of LR procedures by Letter of Instructions and subsequent inclusion in Appendix H to reference b, it has been proven to be timely and effective in reducing TDA document turn-around time for documenting equipment.

b. LR are required to be reviewed and approved for submission through Directors/Unit Commanders via command channels to HQ, US Army Japan, ACofS, G3 for review and approval. In some instances requests are forwarded to appropriate MACOM staff offices for review and concurrence for acquisition of equipment on LR that is of high dollar value and/or mission peculiar.

c. Processing LR through this command and DA agencies has posed no problems. Current LR procedures and processing time frames are more than adequate and as such no changes in command channel review and approval procedures are recommended.

d. In consideration of the fact approved LR equipment is included in the first update of activity TDA subsequent to receipt of approved LR, a separate revalidation of LR is not considered necessary. Command Letter of

AJGC-FDA

24 APR 1978

SUBJECT: Equipment Authorization Policies and Procedures Review

Instructions (LOI) makes it mandatory that a review of equipment authorizations be conducted in conjunction with annual inventories and/or upon change of command or responsible property book officers.

e. Justification for equipment must be in accordance with guidelines provided in Appendix C of reference c. Additional guidance as outlined in AR 310-34 for communication equipment, materials handling equipment, aircraft and motor vehicles must be considered in preparing justification for such equipment. Data as to personnel reductions, labor saving equipment, workloads, size and dispersion of work areas, cost savings etc., should be used in supporting statements. Recommend that an expanded criteria for equipment justification be included as an appendix to either reference b or c.

f. A full economic analysis, per AR 11-18 is made in accordance with Appendix A thereto, as pertains to programs, projects and activities to which the concept of economic analysis or program evaluation applies. A cost analysis providing comparison as to cost of owning equipment, as opposed to cost of not owning equipment is applied on a case by case basis for high dollar value mission peculiar items of equipment.

g. Storage centralization of subordinate unit items used only periodically is currently practiced for one TOE unit. Central pool for Facility Engineer equipment is also operated to support four activities at separate geographical locations.

h. Other policies contained in AR 310-34/310-49 are considered adequate inasmuch as AR 310-34 provides detailed guidance while AR 310-49 provides summary guidance. These publications interface and can be used without difficulty.

i. No further comments are offered.

SUBJ EQUIPMENT AUTHORIZATION POLICIES AND PROCEDURES REVIEW

A. YOUR DALU-ZXT 051854Z APR 78 (U)

1. THE FOLLOWING IS IN RESPONSE TO REFERENCE A AND IS KEYED TO PARAGRAPH 4.

A. PARA 4A--LETTER REQUESTS REVIEW PROCEDURES ARE ADEQUATE.

B. PARA 4B--THIS FACET OF COMMAND RESPONSIBILITY MUST BE EMPHASIZED BOTH IN REGULATION AND THRU INSPECTIONS.

C. COMMAND CHANNEL REVIEW AND APPROVAL PROCEDURES APPEAR ADEQUATE.

D. ESTABLISHMENT OF REVALIDATION PROCEDURES FOR APPROVED LETTER REQUESTED EQUIPMENT AFTER A SPECIFIC PERIOD OR TCE CHANGE IS DESIRABLE BUT THE COST OF ADDITIONAL MANPOWER AND TDY FUNDS THAT WOULD BE REQUIRED TO PUT THIS INTO EFFECT MUST BE CONSIDERED IF IT IS GOING TO BE ACCOMPLISHED EARLIER THAN THE EQUIPMENT SURVEY 3 YEAR CYCLE.

E. JUSTIFICATION CRITERIA REQUIRES REINFORCEMENT. AR 310-49 IS ESPECIALLY IN NEED OF REVISION IN THIS AREA TO PROVIDE MORE SPECIFIC AND DETAILED GUIDANCE ON JUSTIFYING EQUIPMENT.

F. COST ANALYSIS PROCEDURES SHOULD APPLY TO EQUIPMENT REQUESTS. THE REQUESTOR SHOULD BE REQUIRED TO SHOW HOW THE ADDITIONAL EQUIPMENT OR NEW EQUIPMENT WILL SAVE MONEY IN THE PERFORMANCE OF HIS MISSION. A SYSTEM TO ACCOMPLISH IMMEDIATE BUY OF EQUIPMENT THAT WOULD SAVE SPACES OR DELETE PRESENTLY AUTHORIZED EQUIPMENT ON A 2 FOR 1 OR GREATER QUANTITY IS REQUIRED. AUTHORIZING THE ITEM DOES NOT PHYSICALLY GIVE THE UNIT THE ASSET TO EFFECT THE SAVING. (THE FACILITY ENGINEER AREA IS A GOOD EXAMPLE WHERE THE LATEST STATE OF THE ART EQUIPMENT COULD SAVE SPACES.)

G. STORAGE CENTRALIZATION IS PRACTICAL AT MAJOR INSTALLATIONS. USACC IS USUALLY A TENANT ON AN INSTALLATION. THE

 * UNCLASSIFIED *

262215Z APR 78
 RUWJHRA/5662

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

SYSTEM OF POOLING EQUIPMENT WITH HOST INSTALLATIONS DOES NOT GIVE APPROPRIATE SUPPORT OF POOLED EQUIPMENT TO TENANT UNITS. ALTHOUGH THE TENANT UNIT HAS THE PERSONNEL TO OPERATE THE EQUIPMENT, THE HOST WILL NOT LET THE TENANT OPERATOR USE IT. THE HOST REQUIRES HIS OPERATOR TO OPERATE THE EQUIPMENT AND THEN CHARGES THE TENANT FOR THE JOB. THIS GENERALLY OCCURS IN THE FACILITIES ENGINEERING AREA.

H. OTHER POLICIES IN AR 310-34/310-49 WOULD BE MORE EFFECTIVE IF ALL REGULATIONS WHICH PROVIDE EQUIPMENT AUTHORIZATION GUIDANCE WERE CONSOLIDATED INTO A SINGLE GOVERNING AR; FOR EXAMPLE, AR 570-7. THIS CONSOLIDATED REGULATION SHOULD SUPERSEDE PORTIONS OF ALL REGULATIONS RELATING TO AUTHORIZATION IN MTOE/TDA AND BECOME A SINGLE AUTHORITATIVE SOURCE.

I. THE REQUIREMENT TO REQUEST LINE ITEM NUMBERS (LIN) FOR INCORPORATION IN CHAPTER 6 OF SB 700-20 SHOULD BE REVIEWED FURTHER. THESE ITEMS ARE NOT SUPPORTED BY THE ARMY WHOLESALE SYSTEM AND HAVE BEEN PROCURED FOR SPECIFIC FUNCTIONS FROM COMMERCIAL SOURCES. COSTS INCURRED IN MAINTAINING THIS DATA IN AUTHORIZATION DOCUMENTS IS QUESTIONABLE IN LIGHT OF HISTORICAL ACTION TAKEN BY HQDA TO ELIMINATE SECTIONS VI, V, AND IV OF TDA SINCE 1956. THESE TDA EQUIPMENT SECTIONS WERE BUILT AT ENORMOUS COST TO THE ARMY ONLY TO BE DISCONTINUED WHEN THE TRUE VALUE FOR MANAGEMENT WAS ESTABLISHED. THE RECENT ACTION TO TRANSFER LIN FROM CHAPTER 7 TO CHAPTER 6 OF CHAPTER 2 HAS RESULTED IN A STRAIGHT FORWARD REASSIGNMENT OF INDIVIDUAL CHAPTER 6 LIN BASED ON EXTENSIVE SUBMISSION OF REQUESTS FOR TYPE CLASSIFICATION EXEMPTION.

2. THIS COMMAND HAS NO SUPPLEMENTAL MATERIEL CONCERNING AR 310-34/310-49.

SUBJECT: Equipment Authorization Policies and Procedures Review

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference is made to:

- a. Message, DALO-ZXT, HQDA, 051854Z Apr 78.
- b. Appendix H, AR 310-34.
- c. Appendix D, AR 310-49.
- d. USAREC/MEPCOM Supplement 1 to AR 310-49 (Inclosure 1).

2. All requests for equipment authorization within this Command are processed in accordance with reference 1b through 1d. Each command level is required to review equipment authorization requests to insure they comply with the above regulations.

3. The following comments are furnished in accordance with paragraph 5, reference 1a and are relative to this Command's review procedures.

a. Review of letter requests for authorization within this Command begin with the requesting activity commander, they are then forwarded through regional/sector commanders to HQ USAREC/HQ MEPCOM. The review at each echelon is performed to insure that the request is in proper format and compliance with reference 1b through 1d. This review includes research as to availability of a standard item determination as to controlled/noncontrolled item, type, cost, quantity, and justification. Additionally, at all levels a review is required to be made by the logistics personnel and the staff element controlling the function requiring the item.

b. Justification is in accordance with paragraph 3-18, AR 310-49 and reference 1d. The need for the item in relationship to mission accomplishment is a primary factor.

d. Items authorized are reviewed on an annual basis to insure continuous need through IG inspection, Command Logistics inspection, and the Command Supply Discipline Program reviews team.

USARCRFM-PB

SUBJECT: Equipment Authorization Policies and Procedures Review

d. During the cost analysis procedures the commander is made fully aware of type, number, and cost of equipment requested due to the indepth economical review made in relationship to leasing versus purchasing, possible selection of a standard adopted item in lieu of a commercial item, or the initiation of a new method or discontinuance of an old at the same time satisfying mission requirements.

4. This Command has no items that are used only periodically, therefore, no centralized storage.

5. Policies as established by AR 310-34/310-49 are adequate for this Command.

6. Inclosure 1 is furnished in accordance with paragraph 5, reference 1a.

2. In compliance with reference 1a, the following comments are provided. Comments are keyed to para 4, ref 1a:

- a. LETTER REQUEST REVIEW PROCEDURES AT INSTALLATION, MACOM AND HQDA LEVEL. Letter request review procedures are those contained in Section II, Appendix H, ref 1b and Section II, ref 1c as implemented by references 1d and 1f.

27 APR 1978

AFLG-SMS

SUBJECT: Equipment Authorization Policies and Procedures Review

b. COMMANDER AWARENESS OF TYPE, NUMBER AND COST OF EQUIPMENT REQUESTED. Ref 1e (WALKER) requested commanders screen request for change from subordinate units and examine critically proposed additions and deletions.

c. CHANGES IN COMMAND CHANNEL REVIEW AND APPROVAL PROCEDURES. No changes in review and approval procedures are recommended at this time.

d. ESTABLISHMENT OF REVALIDATION PROCEDURES FOR APPROVED LETTER REQUESTED EQUIPMENT AFTER A SPECIFIC PERIOD OR TOE SERIES CHANGE. The letter request procedure for approval of equipment addresses a specific MTOE number and CCNUM, upon reorganization to a different series TOE or reorganization under the same TOE all equipment must be rejustified before authorization in the new MTOE can be accomplished.

e. JUSTIFICATION CRITERIA. Guidance for justification of equipment is as contained in references 1b, 1c and 1d.

f. COST ANALYSIS PROCEDURES. No cost analysis procedures are in effect at this time. This area is being explored as to the best and easiest manner in which to produce this information.

g. STORAGE CENTRALIZATION OF SUBORDINATE. Guidance was provided in ref 1h to screen items required for climatic and/or contingency requirements for centralized storing.

h. ADEQUACY OF OTHER POLICIES IN AR 310-34/310-49. Inclusion of changes disseminated by messages take too long in being incorporated into the regulations, e. g., Audio-Visual equipment messages from February 1977.

SUBJECT: Review of the Equipment Survey Process

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference your MSG (U) 051852Z Apr 78, subject as above.
2. Recommendations below are keyed to paragraphs of referenced message as follows:
 - a. Length Of Time Between Surveys: The present three-year interval is satisfactory providing there are no substantive and/or frequent changes in manpower levels or organization missions. Sporadic increases/decreases in manpower levels, due to changes in assigned missions, simultaneously increase/decrease the types and density of equipment. It may be advisable to require equipment surveys to be conducted within 90 to 120 days preceeding such changes of manpower levels and missions. This will avoid the possibility of having equipment in some organizations/activities and not in use, or of having equipment required in other organizations but not available for use, and in some instances of causing needless acquisition of equipment.
 - b. No comment.
 - c. No comment.
 - d. Establishment Of Teams At Levels Other Than, And In Addition To, HQDA/MACOM: Establishment of teams at lower levels may prove beneficial. Caution should be exercised to avoid Equipment Survey Teams being authorized at levels where Man-power Survey Teams are not authorized. The Equipment Survey Team must coordinate its efforts with the Man-power Survey Team. This may be very difficult or impossible if both functions are not authorized at the same level.

SUBJ: EQUIPMENT AUTH POLICIES AND PROCEDURES

1. YOUR 051854Z APR 78.

THE FOLLOWING COMMENTS ARE KEYED TO PARAGRAPH 4A THRU I, ABOVE
REF:

- A. REVIEW PROCEDURES FOR LTR REQUESTS AS AUTH IN AR 310-49 ARE ADEQUATE.
 - B. CORRS OF HSC ACTIVITIES ARE REQUIRED TO SIGN LTR CJB-MITTING PRIORITY LISTING OF EQUIP REQUIREMENTS NEEDED TO SUPPORT THEIR MISSION ACCOMPLISHMENT.
 - C. ALL REQUESTS FOR EQUIP HAVING A COST VALUE OF \$100 OR MORE IS REVIEWED BY A COMMITTEE COMPOSED OF MEMBERS FROM DEPUTY CHIEF OFFICES OF HSC. APPROVAL OF EQUIP REQUIREMENTS ARE CONTINGENT UPON JUSTIFICATION SUBMITTED AND MISSION TO BE SUPPORTED. EQUIP APPROVED FOR AUTH AND ACQUISITION BY THIS COMMITTEE ARE PROVIDED HSC PBAC FOR APPROVAL PRIOR TO ADVISING HSC ACTIVITIES.
 - D. LONG TERM CHANGES IN MISSION REQUIREMENTS DICTATE REVIEW OF EQUIP FOR LATERAL TRANSFER OR TURN IN.
 - E. JUSTIFICATION CRITERIA MUST BE CONSISTENT WITH NEED OF MISSION ACCOMPLISHMENT.
 - F. COST ANALYSIS IS REQUIRED FOR ALL REQUESTS FOR AUTH TO LEASE EQUIP. THESE ARE REVIEWED ON AN ANNUAL BASIS.
 - G. NOT APPLICABLE
 - H. POLICIES GOVERNING AUTH AND DOCU IN AR 310-34 AND 310-49 ARE ADEQUATE.
 - I. NCNE

MACO-M

ADD 28 1978

SUBJECT: Equipment Authorization Policies and Procedures Review

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference your message, 051854Z Apr 1978, subject as above.
2. The following comments are provided in response to your request:
 - a. Procedures for review of letter requests for equipment are not so much in need of change as is the criticality of the reviews which are given. The responsibility for justifying requests for equipment rests with the originator. Where insufficient information or justification is included such requests should not be honored.
 - b. Regulations should include a requirement that Commanders emphasize the importance of restricting equipment requests to the minimum necessary to accomplish the mission efficiently and effectively.
 - c. Stricter controls should be established on the acquisition of commercial equipment. Reasons why standard items are not considered satisfactory should be required. In addition, a recommendation should be required as to whether an item should be adopted in lieu of an already adopted item or in addition thereto.
 - d. Requirements for items and/or quantities which exceed those authorized by basic TOE's should be required to be revalidated at not more than two year intervals for items with an initial cost of \$1,000 or over.
 - e. Justification for equipment should include detailed reasons why each item is needed, what necessary function it will serve, how this function has been accomplished (if not a new mission), and exactly how the item will be used.
 - f. A simplified format for use in cost analyses should be developed.

MACO-M

SUBJECT: Equipment Authorization Policies and Procedures Review

g. Centralized storage of TOE field equipment, particularly mechanical/electrical items would provide greater assurance of availability in working condition in the event of deployment, provided inspection, testing and serviceing, as applicable, would be accomplished periodically.

h. Where there is a question as to the length of time an item will be needed and the economics of the situation are not readily apparent, a loan from another activity at the installation or from the NICP should be considered. If a loan is not possible, rental of the item for not more than one year should be considered. If the requirement for a rented item will continue beyond one year, an economic analysis should be made to determine whether continued rental or procurement would be most advantageous to the Government.

i. Regulations governing equipment surveys should require that Common Tables of Allowances (CTA) items be included if time permits. The survey should cover whether the CTA items on-hand are in fact authorized by the CTA.

j. Defense Disposal Activities should be required to obtain written assurance that requests for release of materiel include an approval from the Accountable Officer of the installation placing the request and that the requestor has authority by TDA or CTA for the equipment. The same should apply to transfers between installations.

2. Inclosed is copy of draft supplement to AR 310-49 submitted for review. This draft was prepared some time ago but was not published when it was learned that a complete revision of AR 310-49 was about ready for publication. Portions of this draft are considered applicable to the present effort.

FOR THE SUPERINTENDENT:

1 IncX
As stated

AFLG-SMS

28 APR 1978

SUBJECT: Review of the Equipment Survey Process (S: 30 Apr 78)

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference, HQDA MSG, DALO-ZXT, DTG 051852Z Apr 78, SAB.
2. The following comments are furnished keyed to those areas as requested in paragraph 4 of reference message.
 - a. Paragraph 4A - The length of time between Equipment Surveys established as once every three years is adequate. Recommend however, that authority for out-of-cycle Equipment Surveys be granted. Out-of-cycle Surveys could be necessitated by significant changes to the installation/activity TDA, due to reorganizations, restructuring of authorization document, inactivations, etc.
 - b. Paragraph 4B - The surveying of Readiness Reporting Elements (limited to non-TOE required, authorized equipment) is currently only being accomplished, if the unit activity is identified as an augmentation paragraph to the installation TDA. Recommend however, a selective sampling of installation TOE/MTOE units not identified as augmentation paragraphs, be considered during on site equipment surveys. A spot check of these selected unit property accounts would be conducted to preclude duplication of equipment authorizations and identify possible excesses. If the recommendation to survey TOE/MTOE units is adopted a requirement would exist for the staffing of two each additional Equipment Specialist General.
 - c. Paragraph 4C - The recommended makeup of the FORSCOM Equipment Survey Team is as follows:

1 each O-6	Equipment Survey Control Officer/Team Chief
*3 each GS-12	Equipment Specialist General
5 each GS-11	Equipment Specialist General
1 each GS-9	Logistics Specialist/Analyst (TAADS)
1 each GS-5	Administrative Asst/Clerk Typist

AFLG-SMS

28 APR 1978

SUBJECT: Review of the Equipment Survey Process (S: 30 Apr 78)

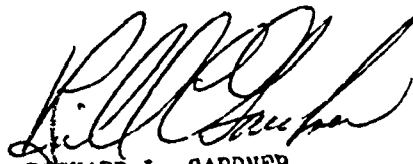

*One of these positions is to maintain overall responsibility of Equipment Survey Program for U. S. Army Reserve Components.

d. Paragraph 4D - The establishment of teams at levels other than, or in addition to HQDA/MACOM would not provide any significant benefits. An Equipment Specialist is available in the staffing of Installation Force Development Offices and is able to perform on-the-spot analysis of activity TDA requirements.

e. Paragraph 4E - The problem of equipment retention following loss of mission, continues to be an area of concern. A recommended solution is when a mission is discontinued or a reorganization of a unit/activity takes place, actions (by P.O., Command Letters, etc.) should be synonymous regarding personnel and equipment strengths. Equipment determined excess based on reorganization/inactivation should be identified and directed turn-in. At inclosure 1 is a copy of Permanent Orders where exact personnel strength is given but equipment is mentioned in general.

SUBJ: EQUIPMENT AUTHORIZATION POLICIES AND PROCEDURES REVIEW

A. HQDA MSG DALO-ZXT 051852Z APR 78

B. HQDA MSG DALO-ZXT 051354Z APR 78

1. REFERENCES A AND B REQUESTED COMMENTS ON EQUIPMENT SURVEYS AND EQUIPMENT AUTHORIZATION POLICIES AND PROCEDURES. COMMENTS ARE MADE TO THOSE PARAGRAPHS IN REFERENCES A AND B THAT ARE APPLICABLE TO USACIDC.

2. THE FOLLOWING COMMENTS PERTAIN TO REFERENCE A:

A. REFERENCE PARAGRAPH 4A. THE LENGTH OF EQUIPMENT SURVEYS SHOULD REMAIN AT A MINIMUM OF ONE EVERY THREE YEARS.

B. REFERENCE PARAGRAPH 4C. SURVEY TEAMS SHOULD CONSIST OF PERSONNEL FROM THE MACOM HQ AND EACH SUBORDINATE ELEMENT UNDER THE MACOM WITH ASSISTANCE FROM TRADOC WHEN REQUIRED.

C. REFERENCE PARAGRAPH 4D. SUBORDINATE ELEMENTS UNDER A MACOM SHOULD BE ENCOURAGED TO CONDUCT EQUIPMENT SURVEYS, RESOURCES

PAGE 2 RUKGCVB0079 UNCLAS

PERMITTING. COMMANDERS SHOULD MAKE PERIODIC REVIEW ON THE MISSION ESSENTIALITY OF EQUIPMENT. THIS CAN BE ACCOMPLISHED THROUGH USE OF EQUIPMENT SURVEY TEAMS AS SPECIFIED IN AR 570-7.

3. THE FOLLOWING COMMENTS PERTAIN TO REFERENCE B:

A. REFERENCE PARAGRAPH 4A. LETTER REQUESTS FOR EQUIPMENT ARE SUBMITTED THROUGH USACIDC COMMAND CHANNELS TO HQUSACIDC. IF THE ITEM IS NOT DA CONTROLLED, HQUSACIDC WILL STAFF THE REQUEST WITHIN THE HQUSACIDC STAFF AND PROVIDE INSTRUCTIONS ON ACQUISITION OF THE ITEM UPON COMPLETION OF THE STAFF REVIEW. LETTER REQUESTS FOR EQUIPMENT THAT IS DA CONTROLLED ARE SUBMITTED BY HQUSACIDC TO THE DA PROPONENT AS SPECIFIED IN AR 310-49.

B. REFERENCE PARAGRAPH 4B. COMMANDERS AT ALL LEVELS SHOULD

343

 * UNCLASSIFIED *

PAGE 01
 282030Z APR 78
 RUKGCVB/0079

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

BE DIRECTLY INVOLVED IN THE TYPE, NUMBER AND COST OF EQUIPMENT REQUESTED. BOTH AR 310-34 AND AR 310-49 SHOULD SPECIFY COMMANDER RESPONSIBILITIES BELOW MACOM LEVEL IN REVIEWING, MONITORING, AND APPROVING EQUIPMENT AUTHORIZATIONS. THIS IS PARTICULARLY PERTINENT TO CTA EQUIPMENT (AR 310-34) WHERE THE AUTHORIZED ON-HAND QUANTITY IS BASED ON A BOI AND NOT TAADS.

C. REFERENCE PARAGRAPH 4C. AS MENTIONED IN PARAGRAPH 3B ABOVE, ALL COMMANDERS MUST BE DIRECTLY INVOLVED WITH REVIEW AND

PAGE 3 RUKGCV80079 UNCLAS
APPROVAL PROCEDURES. REVIEW AND APPROVAL GUIDELINES FOR COMMANDERS AT UNIT LEVEL (COMPANY AND DETACHMENT SIZE), BATTALION LEVEL AND ON UP THE CHAIN OF COMMAND SHOULD BE SPECIFIED IN AR 310-34 AND AR 310-49.

D. REFERENCE PARAGRAPH 4D. REVALIDATION OF LETTER REQUESTS FOR EQUIPMENT SHOULD BE AN ON-GOING REVIEW. WHEN A REQUEST IS SUBMITTED THROUGH CHANNELS, THE EQUIPMENT REQUESTED SHOULD BE MATCHED AGAINST THE CURRENT AUTHORIZATION DOCUMENT. IF THE MACOM HAS AUTHORIZATION, ACCORDING TO 310-49, TO MAKE TAADS CHANGES, THEN THE UNIT SHOULD BE NOTIFIED BY THE MACOM TO EFFECT SUCH CHANGES TO THEIR TAADS DOCUMENTS. FOR ITEMS WHICH ARE DA CONTROLLED, PROCEDURES OUTLINED IN CHAPTER 2 OF AR 310-49 WILL APPLY.

E. REFERENCE PARAGRAPH 4E. JUSTIFICATION CRITERIA SHOULD INCLUDE IN ADDITION TO CRITERIA LISTED IN AR 310-49, STATEMENTS TO SUPPORT THE ABSOLUTE NECESSITY FOR THE ITEM. IT SHOULD BE STATED IN DETAIL WHY THE UNIT'S MISSION WILL NOT BE MET IF THE ITEM IS NOT ON HAND.

F. REFERENCE PARAGRAPH 4G. USACIDC CENTRALLY STORES EQUIPMENT USED PERIODICALLY. EQUIPMENT IN THIS CATEGORY IS SPECIAL

PAGE 4 RUKGCV80079 UNCLAS
INVESTIGATIVE TYPE EQUIPMENT FOR MISSION UNIQUE REQUIREMENTS. ITEMS ARE RETAINED AT PBO LEVEL AND HAND RECEIPTED TO SPECIAL AGENTS ON AN AS REQUIRED BASIS. CENTRAL STORAGE OF PERIODICALLY

REFERENCE OR OFFICE SYMBOL	SUBJECT		
NGB-ARL-P	Equipment Authorization Policies and Procedures Review		
TO DALO-ZXT	FROM NGB-ARZ-A	DATE 2 MAY 1978	CMT 1
MAJ Sempek/njj/54068			
<p>1. Reference DALO-ZXT message 051845Z April 1978, subject as above.</p> <p>2. The referenced message requested comments on nine areas relative to equipment authorizations under the Army Authorization Documents System (TAADS). NGB in its role as a MACOM TAADS proponent, reviews, approves and publishes changes to ARNG authorization documents. Currently, NGB manages 540 MTOE and 320 TDA authorization documents.</p> <p>3. Specific comments were requested on the following areas:</p> <p>a. Letter requests review procedures at installation, MACOM and DA level.</p> <p>COMMENTS: Letter requests for changes in equipment authorization originate at unit level. These requests are reviewed at State level by the TAG and the USPFO. NGB reviews approximately 15 to 20 equipment changes weekly. Each request is subjected to a complete logistical review for justification and compliance with DA and NGB equipment authorization policies.</p> <p>b. Changes in command channel review and approval procedures.</p> <p>COMMENTS: None.</p> <p>c. Command awareness of type, number and cost of equipment requested.</p> <p>COMMENTS: The Army Logistics Division maintains internal data on the type and frequency of requests for changes in TAADS equipment authorizations. Costs are considered for TDA equipment changes; the least expensive equipment that will perform the function is selected for TDA equipment applications. For MTOE equipment changes, NGB approves requests that are in agreement with the DA published Base TOE. Where possible, ARNG MTOE equipment authorizations are closely aligned with the Base TOE. Exceptions in this policy are dictated by the availability of certain types of equipment such as communications and high mobility vehicles. In some cases, the preferred item is not available to the ARNG; therefore, an alternate type of equipment is documented in the MTOE.</p> <p>d. Establishment of revalidation procedures for approved letter requests for equipment after a specific period or TOE series change:</p> <p>COMMENTS: NGB distributes updated MTOE and TDA documents to the field on an annual basis. Letters of Authorization are invalid upon receipt of the updated authorization documents.</p> <p>e. Justification criteria:</p> <p>COMMENTS: Justification for equipment changes is the most important but least understood aspect of the letter request procedure. The requestor is guided by the general information in paragraph 3 of Chapter 3, AR 310-49 and by Appendix C of this same regulation. For specific equipment authorization policies the requestor and</p>

GPO-1975-565-422/1053

NGB-ARL-P

SUBJECT: Equipment Authorization Policies and Procedures Review

analyst refer to AR 310-34. The general criteria on "how-to" justify equipment could be clarified in the regulation. NGB has updated its supplemental instructions to include "how-to-justify" guidance. An improved edition of this guidance will be published later this year as a NGB TAADS Handbook.

f. Cost Analysis Procedures

COMMENTS: Requests for additional equipment are analyzed for validity of the requirement. The established requirement "drives" the authorization system. Cost analysis is not used in the decision process. Within the parameters of this viewpoint, the least expensive equipment is selected to meet the requirement.

g. Storage centralization of subordinate unit items used periodically.

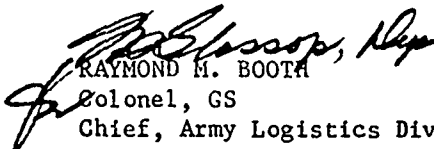

COMMENTS: Selected major end items and weapons systems are prepositioned and maintained at Mobilization and Training Equipment Sites (MATES) for use of by owning and other units during Annual and Inactive Duty Training. This concept would be difficult to implement for other authorized equipment as most ARNG units are located in self-contained but widespread unit armories. In some cases an MTOE battalion has subordinate units in several armories throughout the State. All equipment, other than equipment at the MATES, is positioned and accounted for by the unit (s) in the armories.

h. Adequacy of other policies in AR 310-34 and AR 310-49.

COMMENTS: None.

4. Published supplemental material referred to above is not available for submission with this reply. Copies will be submitted upon publication of updated material to the field.

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference is made to message, DALO-ZXT, your headquarters, 051852Z Apr 78, subject as above. Following is this command's response to paragraphs 4a through 4e as requested in cited reference.

a. Paragraph 4a. The 3-year length of time between surveys is adequate. Out of cycle surveys are authorized to be conducted when required due to reorganizations, identifiable equipment problems, etc.

b. Paragraph 4b. Survey of MTOE units other than General Support Forces (GSF) is being accomplished if they have an augmentation TDA. The MTOE equipment is considered to be sure that there are no duplications between what is authorized in the MTOE and augmenting TDA.

c. Paragraph 4c. The USACC equipment survey team consists of one GS-12.

d. Paragraph 4d. The establishment of teams below MACOM level would require additional manpower and would not provide any significant benefits.

e. Paragraph 4e. No input to other areas has been gathered.

2. At inclosure 1 is USACC Supplement to AR 570-7 as requested in paragraph 5 of referenced message.

FOR THE COMMANDER:

DRCIS-S

3 May 1978

SUBJECT: Equipment Authorization Policies and Procedures Review (S: 30 Apr 78)

HQDA (DALO-ZXT)
WASH DC 20310

1. References:

a. Message, DALO-ZXT, R051854Z Apr 78, subject as above.

b. Telephone conversation, Major J. T. Roberts, DALO-ZXT, and Mr. E. Sprague, DRCIS-S, 27 April 1978, subject as above.

2. Forwarded in accordance with the above references. Comments keyed to paragraph numbers of referenced message follow:

a. 4A. The letter request review procedures at installation/MACOM and HQDA level are considered adequate. The feature that was particularly advantageous to the user prior to implementation of the management of change study was the authorization for procurement as soon as the item appeared in an approved IAR-B. This command had experienced 60 day turn-around time. The present system of procuring only after receipt of an approved TDA (restricted to two updates per year) improves the Army programming and budget functions, but causes the user to attempt to circumvent the regulatory requirement. Recommend that the letter request procedures be continued. This method allows for a more detailed review of the justifications, as the workload is spread throughout the year, and it facilitates the TDA semi-annual update.

b. 4B. DARCOM commanders have centralized equipment management, which assists them in keeping abreast of equipment authorization, acquisition, accountability, utilization and maintenance. DARCOM Installations and Services Activity and major subordinate commands conduct surveys and reviews, which result in command letters from headquarters advising performance. DARCOM installation commanders make semi-annual walk-through reviews to ascertain utilization and maintenance of equipment.

DRCIS-S

SUBJECT: Equipment Authorization Policies and Procedures Review (S: 30 Apr 78)

c. 4C. Command channel and approval procedures, although adequate, were more responsive to the customer when an approved IAR-B could be used as authorization to procure.

d. 4D. Revalidation Procedures. DARCOM equipment utilization management provides for revalidation through Command Equipment Surveys (CES), Command Equipment Management Program Reviews (CEMPR), and the yearly authorization property book reconciliation.

e. 4E. Recommend that justification criteria for equipment be contained in AR 310-34 rather than in both AR 310-34 and AR 310-49 (DA Forms 2028 attached).

f. 4F. The cost analysis requirement in paragraph 3-15a, AR 310-49, is interpreted as consideration of cost prior to establishing the authorization for the least expensive item that will satisfactorily perform the function. Formal cost analysis documentation required only if specified by another regulation (e.g.; AR 235-5 and AR 340-22). Staffing is insufficient to perform formal cost analysis on each letter request (DA Form 2028 attached).

g. 4G. DARCOM has established central equipment pools, which enables greater visibility and reduction of this type asset. These items are reviewed by CES/CEMPR teams and during Commander/Equipment Manager walk-through reviews.

h. 4H. Policies in AR 310-34 and AR 310-49 are considered adequate.

THIS IS A PROPER COUNT MESSAGE

SUBJ: REVIEW OF THE EQUIPMENT SURVEY PROCESS

A. PROPER COUNT MESSAGE CALC-ZXT 051852Z APR 78, SUBJECT AS ABOVE.
 COMMENTS KEYED TO SUB-PARAGRAPHS IN PARA 4 REFERENCED MESSAGE FOLLOW.

A. LENGTH OF TIME BETWEEN SURVEYS. NO CHANGE IS RECOMMENDED AS
 RESOURCES WILL NOT PERMIT MORE FREQUENT SURVEYS.

B. SURVEY OF READINESS REPORTING ELEMENTS (SURVEY LIMITED TO
 NON-TOE REQUIRED, AUTHORIZED EQUIPMENT). NOT APPLICABLE TO DARCOM AS
 MP COMPANIES, CALIBRATION, AND US ARMY BAND ARE ONLY TOE'S ASSIGNED.

C. MAKEUP OF SURVEY TEAMS. TEAM COMPOSITION SHOULD BE AT THE
 DISCRETION OF THE MACOM AND BASED ON EQUIPMENT DENSITIES AND TYPES
 OF EQUIPMENT. EQUIPMENT/SUPPLY/AUTHORIZATION SPECIALISTS SHOULD
 BE INCLUDED.

D. ESTABLISHMENT OF TEAMS AT LEVELS OTHER THAN, AND IN ADDITION
 TO HQDA MACOM. TEAMS AT MAJOR SUBORDINATE COMMAND/INSTALLATION
 LEVELS WERE MSC/IL INITIALLY ESTABLISHED AND PROVED INADEQUATE.
 THE MSC/IL PERSONNEL ARE CALLED UPON TO PROVIDE MEMBERSHIP TO SUBJECT
 SURVEY TEAMS.

E. OTHER AREAS. THE CHANGE IN PROCEDURES CAUSED BY THE MANAGE-
 MENT OF CHANGE STUDY IMPLEMENTATION ALLOWING ONLY TWO SUBMISSIONS
 PER ACTIVITY DURING A ONE YEAR PERIOD MAKES IT IMPERATIVE THAT
 SCHEDULING OF CES BE CLOSELY MONITORED TO ACHIEVE MINIMUM DELAY IN
 TOA UPDATE. IT IS RECOMMENDED THAT AN EXCEPTION TO THE TWICE YEARLY
 UPDATE BE GIVEN FOR CES PROCESSING SO THAT CES RESULTS ARE TIMELY
 AND EFFECTIVE. SINCE THE SURVEYS ARE CONDUCTED TRI-ENNIALY, WORK-
 LOAD WOULD NOT BE EXCESSIVE.

SUBJ: REVIEW OF THE EQUIPMENT SURVEY PROCESS

- A. HQDA MSG DALC-ZXT 051652Z APR 78 (U)
1. IAW REF THE FOLLOWING RECOMMENDATIONS ARE PROVIDED:
 - A. IN THE INTEREST OF ECONOMY AND OBTAINING MAXIMUM UTILIZATION OF ASSIGNED PERSONNEL THIS COMMAND HAS FOUND IT COST EFFECTIVE TO COMBINE EQUIPMENT AND MANPOWER SURVEYS WHERE AND WHEN FEASIBLE. TO PERMIT MAXIMUM FLEXIBILITY RECOMMEND THAT THE TIME FRAME BETWEEN EQUIPMENT SURVEYS BE BROUGHT IN LINE WITH THAT FOR MANPOWER SURVEYS (PARAGRAPH 3-10, AR 570-4 APPLIES).
 - B. AGREE WITH SURVEYING READINESS REPORTING ELEMENTS (LIMITED TO NON-TOE REQUIRED, AUTHORIZED EQUIPMENT).
 - C. COMPOSITION OF SURVEY TEAM SHOULD BE AT THE DISCRETION OF THE MACOM COMMANDER IAW PARA 2-4, AR 570-7.
 - D. ESTABLISHMENT OF TEAMS AT LEVELS OTHER THAN MACOM SHOULD BE AT THE DISCRETION OF THE MACOM COMMANDER.
2. THIS HQ HAS ELECTED NOT TO ISSUE ANY SUPPLEMENTAL MATERIAL TO AR 570-7.
3. PARAGRAPH 2-12C OF AR 570-7 SHOULD BE DELETED SINCE US ARMY SECURITY AGENCY REDESIGNATED USA INTELLIGENCE AND SECURITY COMMAND NO LONGER MANAGES B-46 ITEMS.

CSCS-SLL

SUBJECT: Equipment Authorization Policies and Procedures Review

HQDA (DALO-ZXT)
WASH DC 20310

1. Reference your message, DTG 051854Z Apr 78, subject as above.
2. Our response is keyed to paragraph 4 of referenced message.
 - a. Paragraph 4a through 4g and paragraph 4i: No comments.
 - b. Paragraph 4h (Adequacy of other policies in AR 310-34/310-49).

(1) After having read the DAIG Report of the Special Inventory conducted during 1977 and the separate Proper Count messages of the DAPATF, it appears that CTA property accountability, or the lack thereof, poses inventory problems at all levels.

(a) Controlled equipment is documented by individual LIN in Section III of the TAADS document and usually is adjusted (or should be) when personnel levels are adjusted.

(b) Property Book Officers are required to reconcile the authorized allowances recorded on property book pages with the authorized allowances in the applicable HQDA approved authorization documents, annually IAW para 2-17.1, AR 710-2. There are indications that if these reconciliations are being performed properly, the results are still less than satisfactory.

(2) Recommend consideration be given to establishing a policy that requires reconciliation of all property on the property book whenever the TAADS Document is changed, but at least annually. BOI for CTA property is normally associated with individuals by skill or MOS and excesses may be generated by personnel adjustments. Thus, both personnel and equipment levels should be adjusted simultaneously.

CSCS-SLL

SUBJECT: Equipment Authorization Policies and Procedures Review

3. A copy of our USACSC Supplement 1 to AR310-49 is at Incl 1 for your information.

ANLOG

MAY 09 1978

SUBJECT: Department of the Army Property Accountability Task Force
(DAPATF) Requests for Comment

HQDA (DALO-ZXT)
Washington, DC 20310

1. References:

a. HQDA message //DALO-ZXT//, subject: Review of the Equipment Survey Process (S: 30 Apr 78), 051852Z Apr 78.

b. HQDA message //DALO-ZXT//, subject: Equipment Authorization Policies and Procedures Review (S: 30 Apr 78), 051854Z Apr 78.

2. The following comments/recommendations are forwarded pertaining to referenced messages:

a. It is considered unnecessary to establish more teams at any level for the purpose of property accountability. At the present time the DAIG, MDWIG, Equipment Survey Team, Command Logistics Review Team and Maintenance Assistance and Instruction Teams are all involved in inventories, inspections and surveys at command authorization through user levels. More teams would place an additional burden on user personnel as well as tax the command's resources of personnel knowledgeable in this area. There are no identifiable property accountability gains that would accrue from the infusion of more teams.

b. It is recommended that the DA approved letter request be accepted as authority to requisition equipment. This action is imperative now that authorization documents are only updated bi-annually.

3. AR 310-34, AR 310-49 and AR 570-7 furnish sufficient guidance for authorizing and documenting equipment and conducting equipment surveys. No changes are recommended.

FOR THE COMMANDER:

DONALD L. BURT
Colonel, GS
Deputy Chief of Staff, Logistics

SUBJ: EQUIPMENT AUTHORIZATION POLICIES AND PROCEDURES REVIEW

A. DA MSG, CALO-ZXT, 051654Z APR 78 (U).

1. IAW REFERENCE THE FOLLOWING COMMENTS ARE PROVIDED:

A. CONCUR IN CURRENT REVIEW PROCEDURES. THIS HQ STAFFS ALL REQUESTS WITH THE STAFF ELEMENT HAVING THE TECHNICAL EXPERTISE IN A PARTICULAR AREA CN OTHER THAN NATIONAL SECURITY AGENCY DIRECTED MISSION ITEMS.

B. COMMANDER AWARENESS CAN BE ACCOMPLISHED BY HAVING THE UNIT COMMANDER, BELOW MACCM, INITIATING THE REQUEST TO PERSONALLY SIGN LETTER.

C. COMMAND CHANNEL REVIEW PROCEDURES SHOULD BE AT THE DISCRETION OF THE MACCM COMMANDER.

D. A VIABLE EQUIPMENT UTILIZATION SURVEY WOULD NEGATE THE REQUIREMENT FOR REVALICATION OF APPROVED LETTER REQUESTS FOR OTHER THAN READINESS REPORTING ELEMENTS.

E. AGREE WITH JUSTIFICATION CRITERIA AS ESTABLISHED IN AR 310-34.

F. CHANGE FIGURE H-1, APPENDIX H, AR 310-34 TO INCLUDE A COLUMN FOR UNIT COST. THIS WOULD ASSIST THE COMMANDER IN AWARENESS AND COST ANALYSIS.

G. ITEMS USED PERIODICALLY SHOULD BE CENTRALLY STORED.

H. AGREE WITH POLICY AND PROCEDURES AS CURRENTLY STATED IN AR 310-34/310-49.

2. PARA D-3E2, APPENDIX D, AR 310-49 SHOULD BE DELETED SINCE US ARMY SECURITY AGENCY REDESIGNATED USA INTELLIGENCE AND SECURITY COMMAND IS NO LONGER A MISSION ASSIGNEE AGENCY.

Chapter 19

Report of Survey System

1. Recommendation 60.

a. Recognize that catastrophic losses cannot feasibly be accounted for by holding individuals pecuniarily liable for large dollar amounts, irrespective of the degree of negligence involved.

b. Provide for a swift and sure assessment of reasonable level of pecuniary responsibility and deterrent to carelessness. As a point of departure, examine the feasibility of redefining "negligence" in a simple statement of that lack of prudence which the Government has the right to expect, limit pecuniary liability for lost property to an amount equal to an individual's basic pay for one month, establish report of survey approval authority at the special Courts-Martial convening authority level, and designate the General Courts-Martial convening authority as the officer authorized to act for the Secretary of the Army on final appeals for relief from pecuniary liability.

c. Prescribe, in applicable regulations, that failure to maintain supply discipline, in matters more serious than those appropriately handled under the Report of Survey system described above, be disposed of through administrative action. Specifically, adverse efficiency reports, reduction-in-grade, relief from duty, and, in extreme cases, punishment under the UCMJ or elimination from the Service would be possible and appropriate.

1. REFERENCE A INTERPRETED CA AND FORSCOM GUIDANCE TO REQUIRE A REPORT OF SURVEY FOR ALL DAMAGED PROPERTY WHERE THE AMOUNT OF DAMAGE EXCEEDS \$250.00.

2. AR 735-11 AND CONVERSATIONS, REFERENCES B, C, AND D, SUPPORT THE CONCLUSIONS THAT SOME EXCEPTIONS TO THE ABOVE BLANKET POLICY SHOULD BE CONSIDERED. EXPLANATION FOLLOWS:

A. PARA 1-81, AR 735-11 RECOGNIZES THAT DAMAGE CAN RESULT FROM OTHER THAN FAULT OR NEGLIGENCE BY QUALIFYING THE DEFINITION OF DAMAGE, I.E., "THE TERM USUALLY IMPLIES THAT DAMAGE IS THE RESULT OF SOME ACT OR COMMISSION." PARA 1-6D, AR 735-11 STATES "HOWEVER, LOSS, DAMAGE, OR DESTRUCTION OF PROPERTY MAY RESULT FROM NORMAL OPERATIONS OF THE ARMY. IN SUCH CASES, IT IS OFTEN DESIRABLE TO RELIEVE INDIVIDUALS FROM PROPERTY RESPONSIBILITY WITH A MINIMUM OF EXPLANATION IN VIEW OF THE DISPROPORTIONATE COST....."

B. NORMAL OPERATIONAL COST ARE A DAILY OCCURRENCE AND IN A FIELD TRAINING ENVIRONMENT THE COST CAN BE SIGNIFICANT. SOME OF THESE WOULD INCLUDE:

(1) TRAILERS DAMAGED BY ROUGH TERRAIN.

CMF 76 Management

1. Recommendation 6P. Improve and discipline the distribution of CMF 76 personnel. Ensure the prompt reclassification of the inept or dishonest individual. Provide improved training at the entry level and ready access to MOS qualifying training for those who have shown promise in on-the-job training. Develop authorizations and management procedures to ensure that qualified personnel are sufficient in number to guarantee that they will actually be available at the unit level.

DISTRIBUTION OF CMF 76 PERSONNEL

HSA-COM (24 Mar 78) 2d Ind
SUBJECT: 761A, Unit Supply Technician.

HQ, Academy of Health Sciences, US Army, Fort Sam Houston, TX 78234

~~APR 13 1978~~

THRU: ~~Commander, US Army Health Services Command, ATTN: HSLO-S~~
~~Fort Sam Houston, TX 78234 14 APR 1978~~

TO: HQDA (DALO-ZXT), Washington, DC 20310

1. The assignment of a 761A, Unit Supply Technician, to all TOE medical battalions - divisional as well as separate medical battalions is highly desirable.
2. This assignment would permit more effective management and control of TOE equipment and would also permit the Health Services Materiel Officer to deal primarily with the management of medical supplies for the division.
3. The Unit Supply Technician would be the battalion property book officer. As such, he will ensure that authorized items are on hand in sufficient quantities to accomplish unit mission, that request and on-hand quantities do not exceed authorized levels, and that excess property is reported for timely disposition. In addition, he will inspect supply procedures throughout the battalion and the storage of basic loads of ammunition and rations.
4. A review of all Warrant Officer requirements in Army Medical Department TOE has been conducted in order to identify possible trade-off spaces. The review included the following Warrant Officer MOS's: 041AO, Food Service Technician; 100B, Aviation Operations and Maintenance; 202AO, Biomedical Equipment Repair Technician; 310AO, Utilities Operation and Maintenance Technician; 630AO Automotive Repair Technician; 713AO, Legal Administrative Technician; 011AO, Military Physicians Assistant. Results of this review confirm that all of the Warrant Officer positions are critical to the mission of the medical TOE to which authorized and a space-for-space trade-off for any of these positions would be an inappropriate course of action, i.e., a "price" too high to justify authorization of Unit Supply Technicians.

IALOG-SS

12 APR 1978

SUBJECT: 761A, Unit Supply Technician

HQDA
(DALO-ZXT)
WASH DC 20310

1. Reference HQDA Letter, DALO-ZXT, dated 24 March 1978, subject as above.
2. This Headquarters agrees wholeheartedly that the proper training, knowledge, and assignment of supply personnel directly effects property accountability.
3. The priority should be to place 761A's in non-DLOGS units. Units operating under DLOGS have access to the expertise of the 761A even though a geographic problem may exist. Furthermore, manual property book units have a greater requirement for the expertise of the unit supply technician due to the nature of the task. Many TDA units also fit into this classification of working with the manual property book system. It is recommended that the primary focus of any realignment of unit supply technicians should be to provide the 203 TOE units working under the manual system with the expertise required to perform their supply functions.
4. An alternative proposal is to convert selected 761A slots located in TDA units to DA civilian employee positions. No degradation of unit/activity efficiency would be anticipated. The inherent problem with this proposal is the ability to fund the hiring of additional DA civilians. However, if DA funding were made available several 761A's could be released from the TDA slots for reassignment to TOE units designated for receipt of a unit supply technician. However, DA must not lose sight of the fact that a loss of unit supply technicians at the TDA level without a corresponding replacement by DA civilians would have a detrimental effect on materiel management. If this alternative approach is undertaken the cost factor must be overcome and the TDA conversion slots must be identified.

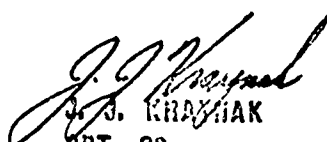

IALOG-SS
SUBJECT: 761A, Unit Supply Technician

12 APR 1978

5. The proposal of adding 312 unit supply technicians is valid from the standpoint of adding to the capabilities of units to accomplish their property accountability mission on a long-term basis. Without the assignment of the unit supply technician the recent efforts of the DAIG and DAPATF in highlighting and correcting property accountability problems would not be completed. Personnel assignment is one of the basic problems addressed in the DAIG report. The cost of correcting the personnel deficiency cannot be eliminated. There is no cheap way out. The US Army has placed considerable emphasis on property accountability over the last year and any attempt to save money on personnel will not in-turn help eliminate lost dollars through faulty unit property accountability. The investment in additional unit supply technicians would add creditability to the entire study of property accountability and be a major factor in the elimination of unit supply problems. The addition of the unit supply technicians would have a positive effect on the Army's ability to manage materiel. Increased funding, personnel allocations, and personnel authorizations are mandatory for the proper implementation of the DA program on a long-term basis. The "price" paid to upgrade unit capabilities with unit supply technicians is warranted based on the DAIG's report and the concept of placing the personnel expertise at the level that will have the most direct impact on upgrading the units' capability to perform the property accountability mission.

6. This Headquarters concurs with the authorization and corresponding additional allocation of 761A's to battalion/squadron sized units. Specific comments on space trade-offs in the DMMC is intentionally omitted due to the nature of the INSCOM organization. It is recommended that the US Congress be appraised of the Army's increased requirement for the Warrant Officers.

DJ-MS-SM

APR 12 1978

Dear General DeHaven: *Re* *PATE*

Reference your letter, DALO-ZXT, 24 Mar 78, subj: 761A, Unit Supply Technician.

This command fully concurs with recommendations that the 761A, Unit Supply Technician, should be authorized and assigned to TOE battalions. A telephonic survey disclosed that EUSA Unit Supply Technicians believe they would be more effective at the organizational level.

Eighth Army additionally agrees with the "trade-off" as proposed in paragraph 5 of the cited reference. Presently, each supply technician serves as a property book team chief and has responsibility for 16-20 separate company hand receipts. This is excessive and results in ineffective supply control. Additionally, 4 of the 5 property book team chiefs are not assigned to the brigade command to which they are responsible; consequently, they are not rated by the commanders they actually work for.

Assigning supply technicians to TOE battalions brings control to the battalion commander. The technician will then be responsible for the battalion property (4-6 companies). Significantly improved supervision will be brought to the unit supply rooms.

It is recognized that the approximately 175 new warrant officer allocations which are needed are costly and presently unprogrammed. However, the greater expertise should more than offset costs/trade-offs in other areas by improved property control and fewer asset losses.

Sincerely,

Francis J. Toner

THIS IS A PROPER JOINT MESSAGE
 SUBJ 761A, UNIT SUPPLY TECHNICIAN
 A. LTR DALO-ZXT HQDA 24 MAR 78 (U)
 1. REALISTIC ON-SITE APPRAISAL CANNOT BE MADE AS THERE ARE
 NO TCE BN'S ASSIGNED TO HJ USARJ/IX CORPS. COMMENTS/
 RECOMMENDATIONS ARE AS FOLLOWS.
 A. SPACE-FCR-SPACE TRADE-OFF FROM OTHER WARRANT
 OFFICER AUTHORIZATION CANNOT BE APPRAISED/JUSTIFIED AS
 THERE ARE NO TCE BN ASSND.
 B. ASSIGNMENT OF UNIT SUPPLY TECHNICIANS TO TCE BN WILL
 GREATLY CONTRIBUTE TO ELIMINATION OF MOST SUPPLY
 PROBLEMS AT TCE BN LEVEL. PRICE OF CHANGE/VER CAN BEST
 BE ASSESSED BY LOSS OF PROPERTY UNDER CURRENT SYSTEM
 AT DIVISION LEVEL.
 C. NOT CONSIDERING TRADE-OFF/FORCE STRUCTURE AUTH-
 ORIZATION CHANGE, FOLLOWING SHOULD BE CONSIDERED.
 (1) ASSIGNMENT OF SENIOR SUPPLY WARRANT OFFICERS AS
 BN S-4 RATHER THAN CAPTAINS. THIS WOULD ALLOW TCE BN
 TO HAVE A PROFESSIONAL STAFF LOGISTICS OFFICER IN ADDITION
 TO EXPERTISE REQUIRED FOR SUPPLY PROBLEMS.
 (2) ANOTHER ALTERNATIVE IS TO ASSIGN TOP GRADE SUPPLY
 NCO ILC OF WARRANT OFFICERS. MOST TOP GRADE NCO'S
 POSSESS ESSENTIALLY SAME DEGREE OF EXPERTISE AND
 KNOWLEDGE AS UNIT SUPPLY TECHNICIANS.
 (3) CONSIDERATIONS SHOULD BE GIVEN TO A MIX OF WARRANT
 OFFICERS AND SENIOR SUPPLY NCO'S TO FILL 312 SPACE FCMTS.
 THOSE UNITS THAT REQUIRE TECHNICAL EXPERTISE, SUCH AS
 SIGNAL, ARMOR, ORDNANCE, AIRCRAFT, ETC. SHOULD HAVE
 A WARRANT OFFICER. INFANTRY, CONVENTIONAL ARTY, MF,
 TRANS, ETC. SHOULD BE HANDLED BY A SENIOR SUPPLY NCO.

 387

CC-LOG-SMT-SD (24 Mar 78) 1st Ind
SUBJECT: 761A, Unit Supply Technician

Headquarters, US Army Communications Command, Ft. Huachuca, AZ 85613

19 APR 1978

TO: HQDA (DALO-ZXT), Washington, D.C. 20310

1. The experience of this HQ has been that assignment of a unit supply technician, 761A, is supportable at the battalion level only when considerable quantities of technical mission equipment are authorized and substantial levels of operational and maintenance supplies are required. It is believed that providing unit supply technicians for any less demanding logistical support situations would cause overstaffing. This is particularly probable since more effective command involvement is certain to result from the recent reestablishment of unit/detachment commanders as property book officers and hand receipt holders.

2. This command could not contribute to the suggested redistribution of warrant officer spaces and, considering the above evaluation, it is recommended that authorizations for unit supply technicians, 761A, at battalion level be provided only where volume of recurring supply activity thoroughly justifies the position.

FOR THE COMMANDER:

A.C. FRENCH
Acting Chief, Supply, Maintenance
and Transportation Division

DEPARTMENT OF THE ARMY
HEADQUARTERS, UNITED STATES ARMY, EUROPE and SEVENTH ARMY
APO NEW YORK 09403

21 APR 1978

AEAGD-SM-F

SUBJECT: 761A, Unit Supply Technician

HQDA (DALO-ZXT)
Washington, DC 20310

1. Reference:

a. Ltr, HQDA, 11 Oct 77, subject: Management and Accountability of Army Materiel.

b. Ltr, HQDA, 24 Mar 78, subject: 761A, Unit Supply Technician.

2. Ref a forwards CSA approved DAIG recommendations to improve property accountability. Ref b requests comments on HQDA proposal to trade-off Division Maintenance Management Center 761A authorizations to establish warrant officer positions in divisional TOE battalions.

3. Interested USAREUR unit comments are incorporated in this response to reference b.

a. The 761A, General Supply Technician requirement and authorization has been deleted from the battalion MTOEs in USAREUR. To a large extent, these manpower spaces were transferred to the divisions or corps to establish automated Materiel Management Centers. At this point in time, USAREUR could not provide the manpower space trade-offs (by proper identity) to fully reconstitute the 761A requirements in divisional battalions.

21 APR 1978

SUBJECT: 761A, Unit Supply Technician

b. The 761A, Unit Supply Technician Career program covered in DA Pam 600-11, Warrant Officer Professional Development, Jul 77 encourages understanding of but does not require training in DLOGS automated property accountability. Outstanding technicians are selected to move from 761A into the 762A Support Supply Technician career series where DLOGS training is required. The proposed reallocation initially appears to provide a few battalion positions but may not provide 761A incumbents with either the necessary training or progression opportunities and will not satisfy all divisional and nondivisional requirements.

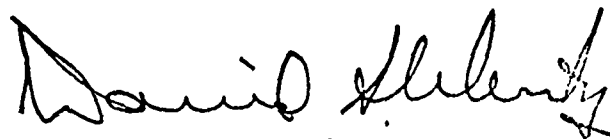

c. Normally, enlisted personnel qualify for MOS 761A by doing an outstanding job in 76 series enlisted MOS. This talent is available in the enlisted grades and should be considered for augmenting Bn level PBO requirements. Once an EM is selected for warrant officer status MOS 761A, the newly appointed MOS 761A should perform in PB maintenance activities.

d. MOS 761A is the entry MOS and MOS 762A (Spt Supply Tech) positions frequently occupied are by newly appointed MOS 761A. Reassigning MOS 761A people occupying 762A slots to fill Bn slots would be detrimental to SSA operations. It appears a trade-off has already been made in which continuity of support for readiness was enhanced at the cost of peacetime administration.

e. Since the number of MOS 761A are limited, they are of more value at DMMC or higher HQ, than out in Bn. Rather than waste this scarce talent, their monitoring of property accountability from a higher level, with occasional inspecting/assistance visits to the Bn/Co level, is more prudent.

3. In summary, the trade-off of 761A Unit Supply Technicians in Division MMC for staffing unit level property book activities does not appear to be a viable alternative because of personnel authorization ceilings and current personnel assignment/progression practices.

EVALUATION

ASSIGNMENT OF 761A, UNIT SUPPLY TECHNICIAN, TO TOE BATTALIONS

1. Do not recommend trading off the 761A authorizations in the DMMC or BMMC in order to establish warrant officer positions at the divisional or brigade TOE battalion/squadron level. The supply personnel assigned to the DMMC/BMMC should provide training assistance, supervision, and guidance to the battalion/squadrons and separate elements.

a. The alternative to trade off the 761A supply technician authorization at the DMMC to the battalions within divisions and separate brigades would not provide sufficient quantities of the 761A supply technician for all division and separate brigade battalions. In addition, there are still a number of non-battalion units within the division/ separate brigade (e.g., MPCO, Brigade Headquarters). Even though there have been numerous recommendations by units in the field to assign the 761A to TOE battalions, as reported by the DAPATF, this would not necessarily become a panacea for all supply accountability problems. In effect, this would only move the doctor closer to the patient, and would be difficult to afford at this time.

b. Given the availability of adequate numbers of trained 76Y personnel to fill TOE spaces at battalion/squadron level, there should not necessarily be a requirement for additional 761A Unit Supply Technicians at the battalion level. The assignment of warrant officers to the battalion/squadron level, without those trained 76Y personnel, may not solve the current property accountability problems.

c. The authorized location of the 761A, as a minimum, should be with the location of the property book. This dictates that within the divisions and separate brigades, the 761A should remain assigned to the DMMC/BMMC; however, in nondivisional units, this normally means assignment at the battalion level. The larger question centers around where the property book should be located to effect maximum management of accountability of supplies and equipment; and, it was determined through the Division Logistics Study Test which evaluated the DMMC, that centralization at the DMMC/BMMC was the most efficient and economical with relation to scarce personnel resources (i.e., 761A).

d. The assignment of a Supply Warrant Officer at the divisional TOE battalion, should it eliminate the requirement for the Captain currently authorized as the S-4, may impact on the rating scheme for the Support Platoon Leader.

e. The creation of additional 761A Unit Supply Technicians for use in the DMMC/BMMC may have an adverse impact on the 76Y career field. The additional warrant officer candidates would, in all probability, come from the ranks of the 76Y career field and further dilute the expertise available at the level where the problem exists (i.e., hand receipt level).

f. The quantity of school trained enlisted supply personnel with MOS 76Y filling battalion and company/battery supply billets needs accurate assessment. For example, in FY 77, 362 MOS 76Y were gains to the MOS through reenlistment and 2,025 were losses through reenlistment in other MOS. These figures represent a sizeable loss of skill, while at the same time generating a significant requirement for training.

2. There is a general consensus both from the field, and within the US Army Quartermaster School, that the 761A would be a valuable asset in the battalion/squadron level regardless of property book location. However, the primary deficiency in property accountability procedures rests not at the property book level but at the hand receipt level (i.e., company level). Other alternatives considered to correct this deficiency in addition to locating a 761A at battalion level were:

a. Authorize a 761A at brigade/division artillery/DISCOM/Regiment/group level to provide supervision and assistance to the assigned battalions as necessary. This proposal would provide much needed command emphasis and establish the expertise offered by a 761A in the property accountability link at command level between the DMMC/BMMC and the hand receipt holder that is presently lacking. The current shortfall of warrant officer authorizations mitigates against this approach. Additionally, the aggressive application of existing brigade S-4 personnel may have the same desired result.

b. Designate the S-4 position at the battalion/squadron level a 92 primary SSI. This approach is similar in logic and adapted from the recognized need to authorize a Signal Officer to supervise, plan, and control the battalion communications needs and a Medical Corps Officer to attend to the needs of the unit in the medical area.

c. Conduct a detailed "scrub" of warrant officer positions that could be effectively filled with DA civilians or commissioned officers as possible trade offs for 761A positions.

d. The S-4 officer could be traded for additional MOS 761A personnel. This alternative was discarded since this action would be counter-productive by increasing the workload assigned the 761A and thereby decreasing the overall improved conditions desired in the property accountability area. This also disregards the need for S-4 attention to maintenance, transportation, and logistics services.

NOTE: Some of the above alternatives have an adverse impact on the commissioned officer base, due to the Officer Grade Limitation Act (10 USC 3202) which requires a decrease in commissioned officer authorization if warrant officer authorizations are increased.

e. Insure the proper utilization of all 76Y personnel within both the divisional and nondivisional organizations. All attempts should be made to staff these positions with adequately trained, experienced personnel. Also, the 76Z personnel assigned at the division/brigade level, should be used to the maximum extent possible to assist and advise the junior NCOs at the battalion/squadron level. However, not all 76Z will have a 76Y background.

3. As stated in AR 570-2, and within the confines of strength levels 761A Unit Supply Technicians may be authorized and assigned to all nondivisional battalions and squadrons not supported by a Division Materiel Management Center (DMMC) or Brigade Materiel Management Center (BMMC) currently operating under an automated property book system. It is believed, however, that in TOE organizations not supported by a DMMC or BMMC, and where no 761A Unit Supply Technicians are authorized, property accountability problems result from the detailing of and frequent rotation of junior officers to the PBO function.

4. Additional comments:

a. Encourage the use by field commanders of exportable training packages to upgrade the level of proficiency of assigned supply personnel.

b. The logistics baseline curriculum for officer basic and advanced courses has been revised with increased emphasis on supply subjects. This will provide at least more supply awareness and command emphasis.

c. There is no doubt that assignment of 761A Unit Supply Technicians to TOE battalions would be beneficial, but the luxury may not be affordable due to current resource constraints.

AFLG-SMS (24 Mar 78) 1st Ind
SUBJECT: 761A, Unit Supply Technician

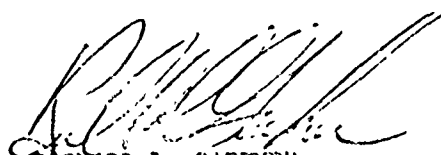

HQ, FORSCOM, Ft McPherson, GA 30330

24 MAY 1978

TO: HQDA (DALO-ZXT) WASH DC 20310

1. A comprehensive review was made of the requirement to authorize and assign 761A Unit Supply Technicians to TOE battalions and the feasibility of trade-off spaces being utilized to fill these positions.
2. This HQ nonconcurrs with the proposed trade-off of 761A authorizations in the Division Materiel Management Centers (DMMC) to gain warrant officer spaces for use as battalion Supply Technicians.
3. Although this expertise would greatly enhance battalion level management and accountability of supplies and equipment, this reduction in the DMMC would seriously impact on the efficiency of logistics support within the divisions.
4. In view of force structure constraints for warrants, a viable alternative would be to up grade authorized positions, add an assistant Supply Sergeant (E5) at unit level, and better train the existing unit supply NCO. Specific training on management and accountability of property at unit level concurrent with existing tenured knowledge possessed by senior supply sergeants can provide the technical expertise required.
5. In this regard, force structure impact would be minimal, the "price" insignificant, and the desired expertise gained. Therefore, serious consideration should be given realignment of senior supply NCO authorizations to preclude degradation of current 761A authorizations, particularly those assigned to DMMC positions.
6. However, additional 761A positions should be authorized at the Support Command Brigade/Div Arty staffs to provide command supply assistance to subordinate units. The benefits in terms of supply discipline, property accountability and expertise at the "working level" are considerable. Those 761As would have no direct responsibilities for property accountability but provide instruction and assistance to the battalion supply personnel. Recommendations received from FORSCOM units varied as to how additional supply expertise would be provided to the units, but all comments indicated a definite requirement for additional assistance in terms of personnel and expertise.

FOR THE CO. MANDER:

RICHARD L. GARDNER
CPT, AGC

MEMORANDUM FOR DIRECTOR, DA PROPERTY ACCOUNTABILITY TASK FORCE,
OFFICE OF THE DEPUTY CHIEF OF STAFF FOR LOGISTICS

SUBJECT: Property Accountability Training

1. Reference is made to your memorandum, DALO-ZXT, subject as above, dated 21 April 1978.
2. The 76J POI has been staffed within OTSG and has been approved for immediate implementation. Telephonic approval was transmitted by the Education and Training Division, U.S. Army Medical Department Personnel Support Agency to the Academy of Health Sciences, U.S. Army on 2 May 1978 and a written affirmative response was signed by the Director of Personnel on 18 May 1978.
3. Conversation with the Director of Training at the Academy of Health Sciences, U.S. Army indicates that the POI change will be implemented with the class that is currently in session.

ENRIQUE MENDEZ, Jr., M.D.
Major General, MC
Deputy Surgeon General

SUBJ: DAPATF WORKING CONFERENCE 111 (S; 9 JUNE 78)

- A. DALO-ZXT MSG, 191955Z MAY 78, SAB
1. REF MSG REQUESTED MACOM PROVIDE ANY ADDITIONAL ISSUES/PROBLEMS FOR RESOLUTION AT SUBJECT CONFERENCE.
2. THE FOLLOWING RECOMMENDED TOPICS ARE PRESENTED FOR POSSIBLE DISCUSSION AT SUBJECT CONFERENCE:
 - A. REQUEST ATTENDEES BE PROVIDED A CURRENT STATUS OF ALL IG RECOMMENDED ACTIONS IN ORDER TO INSURE THAT ATTENDEES MAY PROVIDE A COMPLETE UPDATE TO COMMANDERS ON THE PROPER COUNT PROGRAM.
 - B. DISCUSSION OF THE RATIONALE FOR THE DECISION NOT TO DIVIDE AR 710-2 INTO TWO (2) REGULATIONS.
 - C. EXPAND DISCUSSION OF CASH COLLECTION VOUCHERS TO INCLUDE INCENTIVES TO IMPROVE FREQUENCY OF USE IN PURCHASING TOOLS FROM SSSC. PRESENT SYSTEM IS PAYING FEW DIVIDENDS.
 - D. ATTENDEES SHOULD BE PROVIDED WITH ANY ADDITIONAL ACTIONS PENDING AT DA ON THE CABL CONCEPT AS IT IMPACTS HEAVILY ON PROPERTY ACCOUNTABILITY PROGRAMS AND REWRITE OF AR 710-2.
 - E. 761A AUTHORIZATIONS VS UPGRADING CURRENT 76CMF POSITIONS.
 - F. MANAGEMENT OF CHANGE STUDY SHOULD BE EXPANDED TO INCLUDE A DISCUSSION OF THE STATUS OF THE "PUSH" DISTRIBUTION SYSTEM AND WHAT ACTIONS ARE ENVISIONED TO BRING ALL PUBLICATIONS UNDER THE RESTRICTIVE PROCEDURES OF FLASHER NO. 11.
 - G. TIMELINESS IN ASSIGNMENT OF STANDARD LINE NUMBERS AND AUTHORIZATIONS FOR AUGIC VISUAL AND TRAINING AIDS.
 - H. INTENT OF DA LETTER OF 11 OCT 77 AS IT RELATES TO CROSS LEVELING OF EXCESSES FROM BOTTOM TO TOP. DOES THE MACOM CROSS LEVEL BETWEEN INSTALLATION/RESERVE COMMANDS OR UTILIZE THE ESTABLISHED WHOLESALER SYSTEM FOR THIS PURPOSE?
 - I. REIMBURSEMENT OF MONIES COLLECTED FROM ADJUSTMENT DOCUMENTS AT THE INSTALLATION VS DEPOSITED TO GENERAL FUND.
 - J. WHAT ACTIONS SHOULD BE TAKEN TO IMPROVE PROPERTY ACCOUNTA-

B. CINCUSAREUR, AEAGC-SM-F, (21309Z JUN 78 (NOTAL)).

C. HQDA, DALC-ZXT, 161820Z JUN 78.

THIS MSG IS IN THREE PARTS. PART 1 FOR ALL.

1. REF A REQUESTS ADDITIONAL TOPICS FOR CONFERENCE BE PROVIDED.
REF B PROVIDES COMMENTS AND NAME OF ATTENDEE. REF C REQUESTS NAME
OF USAREUR ATTENDEE.

PART 2 FOR DALC-ZXT.

2. RELEVANT PORTIONS OF REF B REQUESTED IN REF C FOLLOW:

QUOTE

2. NO ADDITIONAL ISSUES HAVE BEEN IDENTIFIED FOR DISCUSSION;
HOWEVER, USAREUR UNITS ARE NOW REVIEWING POSSIBLE ISSUES FOR USAREUR
ATTENTION. WHERE APPROPRIATE, THESE WILL BE DIRECTED TO CONCERNED
STAFF OFFICES WITH INFO COPIES PROVIDED TO DAPATF.

3. REFERENCE PARA 2 YOUR MESSAGE, THE FOLLOWING IS PROVIDED:

(A) INFORMATION NOW AVAILABLE INDICATES USAREUR PREFERS AN ARMY-
WIDE STANDARD MIS SYSTEM TO BE TAUGHT BY CONUS SCHOOLS RATHER THAN
LOCALLY DEVELOPED PROCEDURES.

(B) USAREUR CIP OBJECTIVES AND FLASHER MESSAGES 10 AND 14 IMPL-
MENTATION WERE PROVIDED TO DAPATF AND REPRESENT THE USAREUR POSITION
(C) CASH COLLECTION VOUCHERS SHOULD NEITHER BE ELIMINATED NOR
RESTRICTED TO HAND TOOLS UNLESS CURRENT POLICIES ARE IN CONFLICT WITH
STATUTORY REQUIREMENTS.

(D) SUGGESTIONS FOR IMPROVING POST, CAMP, AND STATION (PCS) PRO-
PERTY ACCOUNTABILITY INCLUDE:

(1) MAKING AR 31C-34, ESPECIALLY PARA 32-2, MORE READABLE. FIELD
PERCEPTIONS OF PCS ITEMS VARY WIDELY AND INCLUDE CATEGORIES SUCH AS
BASOPS, SUPPLIES, INSTALLATION PROPERTY, RECREATION SERVICES, DAY
ROOM, UNIT FUND, CIPFC, LUXURY ITEMS, COMMERCIAL TYPE ITEMS, AND TDA
PROPERTY LESS EXCEPTIONS TO THESE CATEGORIES;

* UNCLASSIFIED *

PAGE 01
191309Z JUN 78

SUBJ TURNING IN PROPERTY TO DEFENSE PROPERTY DISPOSAL OFC (DPDO)

A. DALG-ZXT 241450Z MAY 78, SAB (U).

1. ALL INSCOM CCRS SHOULD ENSURE THE BELOW LISTED ACTIONS ARE FOL
 TO PREVENT UNAUTHORIZED DIVERSION OF PROPERTY BETWEEN THE UNIT AND
 DPDO:

A. ENSURE PROPERTY DESIGNATED FOR TURN-IN/TRANSFER TO DPDO IS
 ADEQUATELY SECURED WHILE IN THE UNIT.

B. HAVE RESPONSIBLE INDIV ACCOMPANY THE PROPERTY TO DPDO.

C. CHECK FIRST AND SECOND COPIES OF UNIT TURN-IN DOCUMENTS
 AGAINST EACH OTHER AND INITIATE ACTION IF ANY DISCREPANCIES ARE
 NOTED.

D. DROPPING PROPERTY ACCOUNTABILITY ONLY AFTER RECEIPT OF THE
 SECOND COPY OF DD FORM 1348-1 WHICH HAS BEEN VALIDATED BY DPDO.

2. THE PROPERTY DISPOSAL OFFICER (PDO) DOES NOT BECOME ACCOUNTABLE
 FOR PROPERTY UNTIL IT HAS BEEN INSPECTED, CLASSIFIED AND QUANTITY
 DETERMINED. AFTER PROCESSING IS COMPLETE, THE SECOND COPY OF THE
 TURN-IN DOCUMENT IS VALIDATED BY THE PDO AND RETURNED TO THE
 GENERATING UNIT. BASED ON THE INFO CONTAINED ON THE SECOND COPY,
 UNIT ACCOUNTABILITY MAY THEN BE DROPPED.

3. CONSIDERATION SHOULD BE GIVEN TO INCLUDING THESE PROCEDURES IN
 THE NEXT SCHEDULED UPDATE OF UNIT STANDARD OPERATING PROCEDURES.
 IMPLEMENTATION SHOULD BEGIN IMMEDIATELY.

4. POC THIS HQ IS MC HILL, AUTOVON 222-5553/5641.

SUBJ: CRIME PREVENTION MESSAGE - TURNING IN PROPERTY TO DEFENSE
PROPERTY DISPOSAL OFFICE (DPDO)

A. DALO-ZXT 241450Z MAY 78

1. REF ADVISED THAT THEFTS ARE OCCURRING WHILE GOVERNMENT PROPERTY
IS ENROUTE TO THE DPDO FROM THE GENERATING ACTIVITY AND OUTLINED
PROCEDURES WHICH MAY PREVENT DIVERSIONS.

2. METHODOLOGY SPECIFIED PARA 3D OF REF IS NOT COMPATIBLE WITH NOR
FEASIBLE IN SAILS AUTOMATED PROCESSES UTILIZED THROUGHOUT TRADOC.
GENERATION OF SHIPPING DOCUMENTS (DD FORM 1348-1) WITHOUT DROPPING
PROPERTY FROM ACCOUNTABILITY WILL REQUIRE EXTENSIVE REVISION TO
THESE AUTOMATED PROCESSES. DUE TO ACTUAL AND PROJECTED REDUC-
TIONS IN PERSONNEL/RESOURCES MANUAL OFF-LINE PROCESSING CANNOT BE
ACCOMPLISHED.

3. IN VIEW OF THE FOREGOING, THIS COMMAND CANNOT IMPLEMENT THIS
ASPECT UNTIL SUCH TIME AS AN AUTOMATED PROCESS HAS BEEN FIELDDED.

SUBJ DRAFT AR 190-51, SECURITY OF ARMY PROPERTY AT UNIT AND
INSTALLATION LEVEL

- A. YOUR DALG-ZXT LTR 1 APR 78 (U)
1. PAGE 1-2, PARA 1-3A, LINE 12 - CONDUCTED ANNUALLY OR BIENNIALY.
REASON - CURRENT CHANGE TO AR 190-13.
2. PAGE 1-3, PARA 1-4C - ADD THAT DISPATCHERS OR OTHER PERSONNEL
ON DUTY WITH OTHER PRIMARY FUNCTIONS ARE NOT DEDICATED GUARDS.
3. PAGE 1-5, PARA 1-4J - CHANGE TO NONCOMBAT AREA. REASON - AR 310-
25 DEFINES COMBATANT AS INDIVIDUAL MEMBERS AND SOLDIER OR UNIT;
THEREFORE, NONCOMBATANT WOULD ALSO BE DEFINED AS PERSONS RATHER THAN
IN CONNECTION WITH AN AREA.
4. PAGE 1-6, PARA 1-5C - ADD THAT ACTIVITIES OF ONE MACOM LOCATED
ON THE INSTALLATION OF ANOTHER MACOM WILL REQUEST WAIVERS FROM THEIR
PARENT MACOM AND NOT FROM THE INSTALLATION MACOM.
5. PAGE 1-7, PARA 1-5E - DELEGATE EXCEPTION AUTHORITY AT THE SAME
LEVEL AS WAIVER AUTHORITY WITH THE FOUR YEAR REVIEW BY THE MACOM.
6. PAGE 2-4, PARA 2-4B, LINE 1 - CHANGE TO FM 19-30.
7. PAGE 2-7, PARA 2-7B - DELETE IN ENTIRETY AS THE LEGAL RAMIFICA-
TIONS INVOLVED IN CONDUCTING VEHICLE SEARCHES WITHOUT PROBABLE CAUSE
WOULD FAR OUTWEIGH ANY MATERIAL RECOVERED.
8. PAGE 2-9, PARA 2-8I - RECRATE AND BAND ITEMS UNTIL OPERATIONALLY
NEEDED. REASON - IAW AR 71C-3 ITEM AND SHIPPING DISCREPANCY REPORTS
ARE REQUIRED TO BE INITIATED UPON RECEIPT OF MATERIEL THEREBY
NECESSITATING THAT ITEMS BE OPENED ON RECEIPT.
9. PAGE 3-5, PARA 3-4B(1)(A), LINE 2 - DELETE "CLOSE." REASON -
REDUNDANT.
10. PAGE 3-8, SUBPARA (11), LINE 3 - CHANGE TO AIRFIELD COMMANDER.
REASON - HE HAS RESPONSIBILITY FOR THE TOTAL PHYSICAL SECURITY AND
THE INSTALLATION COMMANDER WOULD HAVE TO RELY ON THE RECOMMENDATION
OF THE AIRFIELD COMMANDER.
11. PAGE 3-8, SUBPARA C(1) - DELETE IN ENTIRETY. REASON - EXPEND-
ING FUNDS FOR PERIMETER BARRIERS AND LIGHTING IS NOT FEASIBLE SINCE

* UNCLASSIFIED *

PAGE 01
052105Z MAY 78
RUWJHRA/6521

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

LEVEL 1 WILL STILL REQUIRE GUARDS IF SIX OR MORE AIRCRAFT ARE PARKED.
12. PAGE 3-10, PARA 3-5B(1) - CHANGE TO NONCOMBAT AREAS. REASON -
SEE ITEM 3.

13. PAGE 3-12, SUBPARA (A), LINE 4 - CHANGE TO APPROXIMATING.
REASON - GRAMMATICAL. THAT SAME CORRECTION SHOULD BE MADE THROUGH-
OUT THE DRAFT, WHEREVER IT APPEARS.

14. PAGE 3-14, SUBPARA (8), LINE 2 - CHANGE TO RESPONSIBLE COMMANDER
REASON - INSTALLATION COMMANDER TOO FAR REMOVED FROM COMMAND/GROUP/
BATTALION MOTOR POOL AND AUTHORIZATION SHOULD BE AT RESPONSIBLE
LEVEL.

15. PAGE 3-18, PARA 3-6B(1) - ADD DEPLOYED SIGNAL MAINTENANCE VANS
HOUSING TMDE ARE EXEMPT. REASON - SIGNAL UNITS WITH TACTICAL
MISSIONS ARE NOT USUALLY IN AN ENVIRONMENT THAT COULD PROVIDE DOUBLE
BARRIER PROTECTION WHEN DEPLOYED.

16. PAGE 3-38, SUBPARA C(1)(A) - CHANGE TO BUILDINGS OR ROOMS AND
OFFICES. ADD THAT BUILDINGS HAVING DEDICATED GUARD PERSONNEL AT
ENTRANCES/EXITS ARE EXEMPT.

17. PAGE D-1, PARA D-2 - ADD KEYS WILL NOT BE ISSUED FOR PERSONAL
RETENTION AND WILL BE RETURNED TO A UNIT/FACILITY KEY DEPOSITORY FOR
SAFEKEEPING AND ACCOUNTABILITY AT THE END OF EACH DUTY DAY/SHIFT.

18. GENERAL COMMENTS.

A. LEAVING THE IDENTIFICATION OF AREAS STORING ANY OF THE
PROPERTY ADDRESSED AS MISSION ESSENTIAL/VULNERABLE AREAS AT LEVEL 2
NEGATES THE NEED FOR PHYSICAL SECURITY INSPECTIONS. UNDER PARA 1-3,
RESPONSIBILITIES ADD THAT ALL AREAS ADDRESSED IN THIS DRAFT REGULA-
TION WILL BE DESIGNATED AS VULNERABLE AREAS AND WILL RECEIVE PHYSICAL
SECURITY INSPECTIONS.

B. MANY PARAGRAPHS USE THE WORDS "SHOULD" OR "MAY" WHICH ARE
GUIDANCE BUT NOT REGULATORY. CHANGE TO "WILL."

C. THE REGULATION AS DRAFTED WOULD PROVIDE A COMMANDER OPTIMUM
PROTECTION FOR MATERIEL BUT TO IMPLEMENT AT UNIT AND USER LEVEL
WOULD REQUIRE ADDED MANPOWER AND RESOURCES. IT, THEREFORE, LEAVES
A COMMANDER A GCCD PROGRAM WITHOUT VIABLE MEANS TO ENFORCE IT.

PART I - COMPLETED BY ORIGINATING AGENCY		
1. TYPE AND TITLE OF PUBLICATION (On Confidential or higher classified publications, indicate title which can be listed in the indexes (DA Pamphlet 310 series).) AR 190-51, Security of Army Property at Unit and Installation Level. (Number was initially reserved for proposed AR, "Security of Army Aircraft, Vehicles and Associated Components, Parts and Tools." Material from that draft was subsequently incorporated in attached AR, which is broader in scope.)		
2. JUSTIFICATION (Indicate why publication is needed, such as statutory requirement, DOD Directive, etc. Use reverse side for additional space if necessary.) a. The DAIG Report of Audit Survey and Special Inspection of Management and Accountability of Army Materiel, 6 Oct 77, was completed by CSA directive. This AR resulted from efforts of DA Property Accountability Task Force to implement CSA approved recommendations in DAIG Report. b. This is a new AR which fills an existing policy void. c. Recommend this AR: (1) be published without classification; and (2) become effective 1 Oct 78. d. No ADP implications. e. Local supplementation prohibited except upon approval of HQDA (DAPE-HRE).		
3. RELATED PUBLICATIONS AR 190-13 AR 735-11 AR 710-2		4. PUBLICATIONS TO BE SUPERSEDED NONE
5. COPYRIGHT MATERIAL a. INCLUDED IN MANUSCRIPT (If "YES" copy of copyright release must be attached.) <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO		b. HELD BY (Name and address, include zip code, of copyright owner) N/A
6. SALE BY SUPERINTENDENT OF DOCUMENTS <input checked="" type="checkbox"/> MAY BE SOLD <input type="checkbox"/> NOT TO BE SOLD		
7. RECOMMENDED DISTRIBUTION (Include statement as to whether or not distribution to National Guard and USAR is required.) To be distributed in accordance with DA Form 12-9, Requirements for Army Regulations. Distribution A to Active Army, ARNG, and USAR Military Police and Supply+Maintenance Organizations. Forward additional 15 copies each to HQDA (DAPE-HRE)/HQDA (DALO-ZXT) WASH DC 20310		
8. CONCURRENCES

A. CINCUSAREUR, AEAGD-SM-F, 101309Z MAR 78, (NGTAL).

B. HCDA, DALG-ZXT, 301938Z MAR 78.

C. CDR, TRADOC, ATLG-MSP-SP, 042112Z APR 78.

1. REF A ADVISES USAREUR UNITS OF AVAILABILITY OF LIMITED SUPPLY OF TOOL SET AND BASIC ISSUE ITEM (BII) TRAINING AID DISPLAY MATS. REFS B AND C REQUEST SAMPLE MATS BE PROVIDED FOR EVALUATION. REF B ALSO EXPRESSES UNFOUNDED CONCERN THAT UNNECESSARY DUPLICATION OF EFFORT MAY OCCUR. REF C ASKS IF THESE ARE READY FOR ARMY-WIDE USE AND REQUESTS FIELD TEST DATA.

2. REQUESTED SAMPLES ARE BEING FORWARDED SEPARATELY. TO CLEAR UP POSSIBLE MISUNDERSTANDING THE FOLLOWING INFORMATION IS PROVIDED:

A. THESE PAPER DISPLAY MATS WERE DESIGNED PRIOR TO JULY 1977 AND WERE INTENDED TO BE TRAINING AIDS RATHER THAN DURABLE FIELD UNIT INVENTORY LAYOUT MATS. USAREUR ADVISED SUBORDINATE MACOM OF THE AVAILABILITY OF OFF THE SHELF AIDS TO MAINTAIN PROGRAM MOMENTUM.

B. SAMPLES COVER A VERY LIMITED NUMBER OF LINE ITEMS REQUIRING INVENTORY AND ARE RESTRICTED TO VERY HIGH DENSITY ITEMS. AVAILABILITY WAS EXTREMELY LIMITED (LESS THAN 200 EACH AND THREE ARE NOW AT ZERO BALANCE). CURRENT STOCKS WILL BE DEPLETED. USERS WERE ENCOURAGED TO UPDATE THESE TRAINING AIDS BECAUSE OF SUPPLY CATALOG CHANGES AFTER PUBLICATION. ADDRESSEES ARE STRONGLY ENCOURAGED TO DEVELOP DURABLE DISPLAY MATS FOR DISTRIBUTION.

C. DEVELOPMENT OF SIMILAR TRAINING AIDS WAS CONSIDERED BUT DETERMINED TO BE AN INEFFECTIVE SOLUTION BECAUSE OF OUR LIMITED PRODUCTION CAPABILITIES, COSTS, LARGE NUMBER OF AIDS REQUIRED AND THE NUMBER OF SUPPLY CATALOG CHANGES ANTICIPATED.

3. IN VIEW OF THE ABOVE, TRAINING AIDS ARE NOT CURRENT ENOUGH FOR ARMY-WIDE USE AS TRAINING AIDS, REQUIRE UPDATING PRIOR TO USE, AND ARE NOT DURABLE ENOUGH FOR DAILY UNIT INVENTORIES. FIELD USER COM-

SUBJECT: Quality of Common Hand Tools

SEE DISTRIBUTION

1. Reference message, DRCQA-PD, DTG 042025Z Mar 78, subject as above.
2. The referenced message requested that selected LAO's survey their activities and provide failure/demand data on common tools. This data has been reviewed along with data provided by the DARCOM depots. Generally, these data indicated that the field user was satisfied with the quality of common tools and that the tools were adequate to meet mission requirements. A summary of field replies is provided at Inclosure 1 for your information.
3. As a special effort, this headquarters will closely monitor all reports pertaining to the quality of common tools for the next six months. To assure the effectiveness of our effort, addressees are requested to emphasize the importance of accurate and complete reporting of tool failures to personnel at their respective activity. Care should be taken to properly segregate the types of failures, i.e., quality, fair wear and tear, design deficiencies, etc., and report them through the proper channels.

SUBJ: AVIATION MAINTENANCE COMPOSITE TOOL KIT (CTK) PROGRAM
A. TSARCOM LTR, DRSTS-WG(2), DATED 9 JUN 78, SUBJ: MINUTES OF
COMPOSITE TOOL KIT (CTK) SPECIAL PROGRAM REVIEW.
1. FORSCOM RECOMMENDS CA PROVIDE AUTHORITY AND GUIDANCE TO MACOMS
FOR IMPLEMENTATION OF THE COMPOSITE TOOL KIT (CTK) PROGRAM IN ALL
AVIATION UNITS (TO INCLUDE THE COLOR CODING AND TOOL CONTROL MANAGE-
MENT PROGRAM) AS SOON AS REQUIRED ACTIONS IN REF A ARE COMPLETED.
THESE ACTIONS SHOULD INCLUDE IDENTIFICATION OF A PLASTIC FOR USE IN
THE INLAY METHOD (WHICH FORSCOM PREFERENCES) TO REPLACE THE EXHAUSTED
STOCK OF PLASTIC (NSN 8030-00-582-4598) USED IN THE TEST AT FT CAMP-
BELL AND FT BRAGG. THIS PLASTIC EXHIBITS UNDESIRABLE ODOR AND RE-
SIDUE CHARACTERISTICS WHICH WOULD BE DETRIMENTAL TO A SUCCESSFUL
AVIATION MAINTENANCE TOOL CONTROL PROGRAM.
2. IT IS ALSO RECOMMENDED THAT ALL ACTIONS IN REF A BE EXPEDITED,
AS THE DEVELOPMENT AND TESTING OF THE CTK HAS BEEN AN ONGOING PROGRA

1. HQ DAFCCM RECOGNIZES THE REQUIREMENTS TO UPDATE PAA FUNDED (FORMALLY PEMA) SKO'S AND THAT THESE COMPONENTS SHOULD BE ISSUED ON A NON-REIMBURSABLE BASIS. HOWEVER, THERE ARE MANY ALTERNATIVES TO ACCOMPLISHING THIS MISSION AND AN IN-DEPTH ANALYSIS IS CURRENTLY UNDER WAY TO DEVELOP DEFINITIZED PROCEDURES FOR PROCESSING CHANGES WITHIN THE WHOLESALE SYSTEM AND STILL BE RESPONSIVE TO CUSTOMER NEEDS. APPROX 60-90 DAYS ARE REQUIRED TO DEVELOP AND COORDINATE THESE PROCEDURES.
2. YOU WILL BE ADVISED OF REQUISITIONING AND FUNDING INFORMATION WHEN PROCEDURES ARE DEVELOPED AND FINALIZED.

SUBJ: FUNDING OF TOOL SETS AND TEST SETS

1. TARCOM MSG DRSTA-MX 051830Z APR 78, SUBJ AS ABOVE (U) NOTAL
2. DRACOM MSG DRCOM-RS 281800Z MAR 78, SUBJ AS ABOVE (U) NOTAL
1. AR 37-100-78 CLEARLY OUTLINES POLICY ON FUNDING OF SPECIAL TOOLS AND TEST SETS THAT ARE INTENDED TO BE DEPLOYED WITH NEW WEAPON SYSTEM TO EQUIP USING UNITS AND REPAIR FACILITIES. PRINCIPAL ITEM PROCUREMENT APPROPRIATION FUNDS WILL BE USED AS PART OF THE COST OF THE WEAPON SYSTEM.
2. HOWEVER, SETS, KITS, AND CUTFITS ARE CLASSIFIED (FUNDED) IN TWO CATEGORIES: (1) PROCUREMENT APPROPRIATION ARMY (PAA) MAJOR END ITEMS, AND (2) STOCK FUND END ITEMS. NORMAL REPLACEMENT OF LOSSES AND BREAKAGES IS THE RESPONSIBILITY OF THE USER. THE USER IS REQUIRED TO PROGRAM, BUDGET, AND EXPEND DEMA FUNDS FOR THIS PURPOSE.
3. PERIODICALLY TOOL SETS, KITS, AND CUTFITS ARE REVIEWED TO EVALUATE THEIR FUNCTIONAL CAPABILITY AS COMPARED TO THE END ITEMS THEY ARE TO SUPPORT. ADDITIONS OF TOOLS IN THE (PAA) SETS ARE SUPPOSED TO BE CENTRALLY FUNDED AND FREE ISSUED TO THE FIELD.
4. ARRCOM HAS BEEN ADDING TO THE CONFIGURATION OF PAA TOOL SETS AND NOT CENTRALLY FUNDED AND FREE ISSUED TO THE FIELD.
4. ARRCOM HAS BEEN ADDING TO THE CONFIGURATION OF PAA TOOL SETS AND NOT CENTRALLY FUNDING THE ADDITIONS. THEY HAVE REQUIRED THE FIELD TO SUBMIT FUNDED (DEMA DOLLARS) REQUISITIONS FOR THE NEW ITEMS. THIS HAS CREATED A FINANCIAL PROBLEM FOR THE FIELD. (WE SHOULD HAVE BEEN CENTRALLY FUNDING THESE ITEMS AND FREE ISSUING THEM TO THE FIELD.)
5. THE PROBLEM WAS IDENTIFIED DURING THE DA DIRECTED PROGRAM PROJECT COUNT. CARCLP WAS TASKED BY DA LTR, 30 DEC 77, TO DEVELOP A PROGRAM FOR CENTRALLY FUNDING THE ITEMS REQUIRED BY ADDITIONS IN TOOL SETS CONFIGURATION. BASED ON THE LETTER, THIS HQ INITIATED AN ANALYSIS OF THE PROBLEM AND RESPONDED TO DA.

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

6. SUMMARY OF OUR FINDINGS:

A. DARCOM SHOULD FREE ISSUE COMPONENTS REQUIRED TO MEET ADDITIONS IN TOOL SETS, KITS, AND OUTFITS WHICH WERE ORIGINALLY FUNDED BY PAA.

B. ADDITIONS IN TOOL SETS, KITS, AND OUTFITS THAT ARE ORIGINALLY FUNDED BY THE STOCK FUND SHOULD CONTINUE TO BE FUNDED WITH O&MA. THE FIELD SHOULD BE ADVISED OF ADDITIONS TO THIS SETS IN SUFFICIENT TIME TO ALLOW THEM TO PROGRAM FUNDS.

C. NEED EXISTS TO DEVELOP DETAILED PROCEDURES TO FORECAST AND COMPUTE REQUIREMENTS, PROGRAM FUNDING AND CONTROL ISSUES TO THE FIELD.

7. BASED ON OUR ANALYSIS, THE FOLLOWING ACTION HAS BEEN TAKEN:

A. ARRCOM HAS BEEN DIRECTED TO DEVELOP PROCURES TO COMPUTE REQUIREMENTS, PROGRAM FUNDS AND FREE ISSUE TO THE FIELD AS OUTLINED ABOVE. (ARRCOM IS A SINGLE MANAGER FOR SKU'S. OTHER COMMANDS MANAGE SKU'S ON AN EXCEPTION BASIS.) PROCEDURES ARE TO BE DEVELOPED AND PROMULGATED TO THE FIELD AND MRC'S BY MID-JULY.

B. RECONFIGURATION OF SKU'S ON A CENTRAL FUNDED BASIS AND SUBSEQUENT FREE ISSUE WILL HAVE TO BE DEFERRED UNTIL FUNDS ARE OBTAINED THROUGH REPROGRAMMING ACTION OR UNTIL INCLUDED IN THE FY 80 APPROPRIATION AND APPROVAL. EXCEPTIONS TO THIS DEFERRAL WILL BE ITEMS DETERMINED TO BE ABSOLUTELY MISSION ESSENTIAL OR CHANGES THAT HAVE SAFETY IMPLICATIONS.

C. WE ARE PURSUING THIS ISSUE AND WILL CONTINUE TO WORK WITH ARRCOM.

D. IN SUMMARY, THE MACCM'S SHOULD NOT BE REQUIRED TO FUND ADDITIONS TO PAA FUNDED SKU'S. WE WILL PROVIDE GUIDANCE TO THE FIELD BY MID-JULY. AS AN INTERIM ACTION, DA ISSUED A MESSAGE 17 APRIL 1978 ADVISING THE FIELD NOT TO TAKE ACTION TO UPDATE SKU'S FUNDED WITH PAA MONEY PENDING RECEIPT OF FURTHER GUIDANCE.

3. THIS MSG IS IN RESPONSE TO REF A AND CLARIFICATION POLICY FURNISHED IN REF E.

SUBJECT: SKO MORATORIUM (FLASHER MSG NO. 13)

A. DA, DALO-ZXT, 171632Z APR 78, SUBJECT: SHOP EQUIP AUTO MAINT.

1. RFF PLACED A MORATORIUM ON SKO COMPONENT REQUISITIONS UNTIL DARCOM PROCEDURES FOR PROCESSING PAA FUNDED SKO CHANGES ON A NON-REIMBURSABLE BASIS ARE PUBLISHED.

2. REF WAS FORWARDED TO USAREUR UNITS FOR ACTION WITH INFO TO ADDRESSEES. USAREUR IMPLEMENTATION STRESSES CONTINUING USAREUR EFFORTS FOR REDISTRIBUTION TO MINIMIZE TOTAL REQUIREMENTS AND IMPROVE READINESS OF USING UNITS.

3. TO FACILITATE DEVELOPMENT OF PROCEDURES CITED IN REF A, TO INSURE CONTINUITY OF SUPPORT DURING THIS MORATORIUM AND TO ASSURE USAREUR IS PREPARED TO IDENTIFY ACTUAL (RATHER THAN MERELY AUTHORIZED) REQUIREMENTS, REQUEST THE FOLLOWING INFO BE FURNISHED:

(A) DATE OF END OF MORATORIUM.

(B) PROBABLE PERIOD FOR CONVERSION FROM CURRENT FUNDING OF CATALOG CHANGES TO CENTRALIZED FUNDING.

(C) A PROJECT CODE TO BE USED TO IDENTIFY USER NON-RECURRING (CATALOG CHANGES) AND RECURRING DEMANDS (ROUTINE REPLACEMENTS) FOR ITEMS ADDED BY RECENT CATALOG CHANGES DURING THIS CONVERSION.

(D) A LIST OF CATALOG CHANGES SUBJECT TO THIS MORATORIUM THAT ARE NOT IDENTIFIED IN DA FAM 310-6, JULY 77.

(E) SUGGESTED USAREUR INVENTORY AND FINANCIAL ACTIONS TO BE TAKEN FOR ITEMS DELETED IN ABOVE CATALOGS THAT WILL NOT BE REDISTRIBUTED IN USAREUR BECAUSE OF OBSOLESCENCE OR REDUCED NEED.

(F) SUGGESTED USAREUR ACTIONS FOR REQUISITIONS TO CONUS FOR ADDED ITEMS IN ABOVE CATALOGS THAT WERE PROCESSED PRIOR TO THIS MORATORIUM AND THAT WILL NOT BE IDENTIFIED BY THE REQUESTED PROJECT CODE.

(G) TARGET DATE FOR DISTRIBUTION OF HAND TOOL LAYOUT MATS FOR SKO CATALOGS NOW UNDER REVISION AND THAT ARE SUBJECT TO THIS MORATORIUM.

SUBJ: NEED TO IMPROVE ARMY MASTER DATA FILE (AMDF)

A. U. P241344Z FEB 78.

FOL SPENSES ARE KEYED TO RECOMMENDATIONS CONTAINED IN PARA 2 OF REF:

- A. RECOMMENDATIONS IMPACTING THE CURRENT AMDF EXPENDABILITY CODE DATA ELEMENT EXPLANATION AND STRUCTURE ARE BEING HELD IN ABEYANCE BECAUSE A THIRD CODE IS BEING CONSIDERED BY DA AND DARCOM FOR IMPLEMENTATION WITHIN THE NEXT SIX MONTH TIME FRAME. THIS NEW CODE WILL BE APPLICABLE TO INDIVIDUAL ITEMS THAT ARE COMPONENTS OF A LARGER ACCOUNTABLE ITEM SUCH AS TOOL KIT, TOOL SET, SET, ECT, AND WILL BE IDENTIFIED AS CODE "D" MEANING DURABLE.
- B. AMDF DATA INPUT TO CDA IS SUBJECT TO EXTENSIVE EDITS AND VALIDATIONS, HOWEVER, CDA COMPUTER EDITS CANNOT DETECT, FOR EXAMPLE, THAT EXPENDABILITY CODE SHOULD BE "X" OR "N" ON ANY GIVEN ITEM. RELIANCE IS PLACED ON THE AMDF USER TO REPORT ANY SUSPECT DATA ELEMENT VALUES TO THE AMDF FILE ORIG AND/OR CDA. EXAMPLES CITED IN PARA 2B OF REFERRED TO THE MISSILE (MIRCCM) AND COMMUNICATIONS & ELECTRONICS (CERCOM) MATERIEL READINESS COMMANDS RESPECTIVELY FOR REVIEW, ANALYSIS, AND APPROPRIATE ACTION.
- C. INFORMATION PERTAINING TO A STOCK NUMBER CHANGE, DELETION OR REPLACEMENT IS PROVIDED IN THE ARMS AMDF MONTHLY MICROFICHE PUBLICATION FOR A MINIMUM OF TWO YEARS. IDENTIFICATION AND EXPLANATION OF THOSE STOCK NUMBERS THAT APPLY TO ABOVE POLICY IS PROVIDED IN USACDA PAMPHLET 18-1, PARAS 30, 3R, AND 3I, OF THE GENERAL INFORMATION SEC.
- D. DEPENDING UPON TYPE ITEM, THE AMDF NCMENACLATURE VALUE ON FILE MAY RANGE FROM A MINIMUM OF 35 TO A MAXIMUM OF 105 CHARACTERS, E.G.,
 - (1) 64 FOR LINS
 - (2) 105 FOR SUBSISTENCE AND MEDICAL ITEMS.
 - (3) 35 FOR ALL OTHER ITEMS.

PAGE 01
 041940Z APR 78
 RUEMANA/8995

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

DUE TO SPACE LIMITATIONS, THE ARMS AMDF MONTHLY MICROFICHE PUBLICATION PROVIDES A MAXIMUM OF 21 CHARACTERS OF BASIC NCUN/NOMENCLATURE FOR ALL ITEMS.

E. FOR ANY GIVEN EFFECTIVE DATE, AMDF DATA ELEMENT VALUES DISSEMINATED BY MEANS OF VARIOUS CDA PRODUCTS AND SERVICES ARE CURRENT AS OF THAT DATE AND HAVE PRECEDENCE OVER ANY CONFLICTING DATA ELEMENT VALUES PUBLISHED IN THE AUTHORIZED DA PUBLICATIONS.

F. EMPHASIS IS CURRENTLY PLACED ON AMDF QUANTITY UNIT PACK AND UNIT PACKAGE QUANTITY DATA ELEMENTS BEING AVAILABLE IN ARMY USED STOCK ITEMS. EFF ON/ABOCT 1 OCT 78, EMPHASIS WILL BE EXPANDED TO COVER BOTH ARMY USED STOCKED AND ARMY USED NONSTOCKED ITEMS.

G. THE WEIGHT VALUE ON MAJOR ITEMS OF EQUIPMENT IS PROVIDED VIA THE AMDF WHENEVER INPUT BY THE AMDF FILE ORIG. RECOMMEND REFERENCE TO TECHNICAL BULLETIN 55-46-1, STANDARD CHARACTERISTICS FOR TRANSPORT-

ABILITY OF MILITARY VEHICLES AND OTHER OUTSIZE/OVERWEIGHT EQUIPMENT. WHENEVER THE WEIGHT DATA ELEMENT IS MISSING FROM THE AMDF.

SUBJ: AUTHORIZATION EDIT

A. ITEM 64A, TABLE 1-2, AR 710-2

B. PARA 2-2C, AR 710-2

C. ITEM 20A, TABLE 1-1, AR 710-2

1. REF A REQUIRES CONDUCT OF REQUISITION AUTHORIZATION EDITS. REF B REQUIRES COMMANDERS OF REQUESTING UNITS/ACTIVITIES TO PERFORM THE AUTHORIZATION EDIT AND TO INSURE FUND AVAILABILITY ON REQUESTS WITH AN IPU 01-08. REF C REQUIRES MACOM TO ESTABLISH PROCEDURES FOR AUTHORIZATION EDIT OF REQUISITIONS.

2. REQUEST THAT THE NEXT PUBLISHED CHANGE TO AR 710-2 PLACE RESPONSIBILITY FOR AUTHORIZATION EDIT ONTO THE COMMANDER OF THE UNIT/ACTIVITY INITIATING THE SUPPLY REQUEST. PENDING PUBLICATION OF THE NEXT CHANGE TO 14 710-2, THIS HEADQUARTERS WILL ISSUE INTERIM INSTRUCTIONS TO THAT EFFECT UNDER PROVISIONS OF REF C.

3. RATIONALE FOR THIS ACTION IS AS FOLLOWS:

A. REQUESTING UNITS/ACTIVITIES HAVE THE CAPABILITY TO PERFORM AUTHORIZATION EDITS. AS SUBMISSION OF A SUPPLY REQUEST CONSTITUTES CERTIFICATION THAT FUNDS ARE AVAILABLE FOR THIS PURCHASE, UNIT/ACTIVITY COMMANDERS/CHIEFS SHOULD REVIEW ALL SUCH REQUESTS TO ASCERTAIN THAT FUNDS ARE EXPENDED ONLY FOR AUTHORIZED SUPPLIES AND EQUIPMENT.

B. TRADOC INSTALLATION SUPPLY DIVISIONS OPERATE IN AN AUTOMATED MODE UTILIZING THE STANDARD ARMY INTERMEDIATE LEVEL SUPPLY SUB-SYSTEM (SAILS). CORRESPONDINGLY, THEY ARE ORGANIZED AND STAFFED FOR AUTOMATED OPERATIONS AS OUTLINED IN TM 38-711 SERIES. MANPOWER FOR SUPPLEMENTAL MANUAL OPERATIONS IS EXTREMELY LIMITED NOW AND WILL BE UNAVAILABLE UPON EXECUTION OF ASSESSED FY 79 RESOURCE REDUCTIONS.

* UNCLASSIFIED *

PAGE 01
270044Z APR 78
RUCLAIA/2755

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

C. SAILS DOES NOT PROVIDE UNIT/ACTIVITY AUTHORIZATION INFORMATION OR UPDATED ON HAND/ON ORDER ASSET DATA IN AN AUTOMATED MODE. TO CONDUCT A VIABLE AUTHORIZATION EDIT WITHIN THE INSTALLATION SUPPLY DIVISION, AUTHORIZATION DOCUMENT FILES FOR ALL CUSTOMERS WOULD HAVE TO BE MANUALLY ESTABLISHED, MAINTAINED AND RESEARCHED. FURTHER, A PHYSICAL REVIEW OF REQUESTING UNIT/ACTIVITY PROPERTY BOOK AND DOCUMENT REGISTER WOULD BE REQUIRED TO ASCERTAIN THAT AUTHORIZED QUANTITIES OF SUPPLIES/EQUIPMENT WOULD NOT BE EXCEEDED.

4. ODCSLOG FORSCOM CONCURS IN THE CONCEPT THAT CONDUCT OF AUTHORIZATION EDITS SHOULD BE MADE A RESPONSIBILITY OF REQUESTING UNIT/ACTIVITY COMMANDERS.

SUBJECT: REQUEST FOR WORKING CONFERENCE ON SUPPLY POLICY AND
PROCEDURE CHANGES

1. THE QUARTERMASTER SCHOOL HAS REACHED THE POINT WHERE THE
PRODUCTION OF SOLDIER'S MANUALS AND SQT'S IS IMPOSSIBLE DUE TO
PENDING CHANGES TO ARMY REGULATIONS, ESPECIALLY CHANGE 5 TO
AR 710-2. REPRESENTATIVES FROM THE QUARTERMASTER SCHOOL VISITED
THE LOGISTICS EVALUATION AGENCY, NEW CUMBERLAND, PA ON 9-10 MAY
78 TO REVIEW PROPOSED CHANGE 5 TO AR 710-2. ~~ONLY PART OF~~
~~CHAPTER 2 CHANGE 5 WAS TO BE REVIEWED FOR REVIEW. THE~~
IMPACT OF THIS SMALL PORTION IS SIGNIFICANT HOWEVER. AN
ANALYSIS OF THE IMPACT ON THE PLAN II 76Y SOLDIER'S MANUAL
DELIVERED TO TRADOC FOR PRINTING AND DISTRIBUTION ON 8 MAY 78
AND THE CURRENT SQT IS SUMMARIZED BELOW. USING THE IMPACT OF
CHAPTER 2 REVISIONS, IT IS ANTICIPATED THAT OTHER CHAPTER REVISIONS
WILL SIMILARLY IMPACT ON MOS'S 76D, P, AND A.

A. SUMMARY OF 76Y SM CHANGES:

SL 10 33 PERCENT
SL 20 25 PERCENT
SL 30 16 PERCENT
SL 40

B. SUMMARY OF 76Y SQT CHANGES:

SQT 2 10.4 PERCENT
SQT 3 11.4 PERCENT
SQT 4 7.0 PERCENT
SQT 5 1.0 PERCENT

2. THE PLAN II 76Y SOLDIER'S MANUAL JUST DELIVERED TO TRADOC
IS NOW UNUSABLE AND MUST BE REVISED. THE CURRENT 76Y SQT IS NO
LONGER VALID. FURTHER, THE SQT FOR ADMINISTRATION IN OCTOBER
1979 CANNOT BE PROVIDED AS REQUIRED BY TRADOC AND DA. THE QMS

* UNCLASSIFIED *

SUBJECT: REQUEST FOR WORKING CONFERENCE ON SUPPLY POLICY AND
PROCEDURE CHANGES

1. USAQMS MSG 221800Z MAY 78, SAB.
1. REF A STATED THAT QMS CANNOT PRODUCE SOLDIER'S MANUALS (SM) AND SQT BECAUSE OF CHANGES TO ARMY REGULATIONS, ESPECIALLY CHANGE 5 TO AR 710-2. MOREOVER, SM AND SQT NOW IN THE FIELD HAVE BEEN RENDERED INVALID.
2. ATSC STRONGLY SUPPORTS QMS DESIRE TO ESTABLISH A PLAN FOR COORDINATING DEVELOPMENT OF REGULATORY AND TRAINING MATERIALS. LACK OF SUCH A PLAN EFFECTIVELY REMOVES LARGE NUMBERS OF SOLDIERS FROM THE EVALUATION SUBSYSTEM OF THE ENLISTED PERSONNEL MANAGEMENT SYSTEM (EPMS). MORE IMPORTANTLY, SOLDIERS THROUGHOUT THE ARMY ARE ATTEMPTING TO CONTEND WITH CONFLICTING INSTRUCTIONS, WITH DELETERIOUS CONSEQUENCES FOR OPERATING SYSTEMS, MISSION ACCOMPLISHMENT, AND COMBAT READINESS.
3. ATSC ALSO SUPPORTS MS RECOMMENDATION THAT USALOGCEN CONVENE A HIGH LEVEL WORKING CONFERENCE TO DEVELOP A COORDINATION PLAN. SINCE EPMS IS HEAVILY AFFECTED, RECOMMEND REPRESENTATIVES BE INVITED FROM DA DCSPER AND MILPERCEN EPMS TASK FORCE.
4. FOR DA DCSPER: REQUEST THE FOLLOWING ITEM BE ADDED TO THE JULY MEETING OF THE EPMS STEERING COMMITTEE: COORDINATING DEVELOPMENT OF REGULATORY AND TRAINING MATERIALS.
5. ATSC POC AND CONFERENCE PRINCIPAL IS COL EDWARD R. RAUPP, DIRECTOR, INDIVIDUAL TRAINING AND EVALUATION DIRECTORATE (ITE), AUTOVON 927-5397/5567.

SUBJ POLICY AND PROCEDURE CHANGES

1. MSG, DTG 221800Z MAY 78, FROM COMDT USAQMS FT LEE, VA IS

QUOTED AS FOLLOWS:

"1. THE QUARTERMASTER SCHOOL HAS REACHED THE POINT WHERE THE PRODUCTION OF SOLDIER'S MANUALS AND SGT'S IS IMPOSSIBLE DUE TO PENDING CHANGES TO ARMY REGULATIONS, ESPECIALLY CHANGE 5 TO AR 710-2. REPRESENTATIVES FROM THE QUARTERMASTER SCHOOL VISITED THE LOGISTICS EVALUATION AGENCY, NEW CUMBERLAND, PA ON 9-10 MAY 78 TO REVIEW PROPOSED CHANGE 5 TO AR 710-2. ONLY PART OF CHAPTER 2, CHANGE 5, AR 710-2 WAS AVAILABLE FOR REVIEW. THE IMPACT OF THIS SMALL PORTION IS SIGNIFICANT HOWEVER. AN ANALYSIS OF THE IMPACT ON THE PLAN II 76Y SOLDIER'S MANUAL DELIVERED TO USATRADCC FOR PRINTING AND DISTRIBUTION ON 8 MAY 78 AND THE CURRENT SGT IS SUMMARIZED BELOW. USING THE IMPACT OF CHAPTER 2 REVISIONS, IT IS ANTICIPATED THAT OTHER CHAPTER REVISIONS WILL SIMILARLY IMPACT ON MSG'S 76D, P, AND Z.

A. SUMMARY OF 76Y SM CHANGES:

SL 10 33 PCT
 SL 20 25 PCT
 SL 30 16 PCT
 SL 40

B. SUMMARY OF 76Y SGT CHANGES:

SQT 2 10.4PCT
 SQT 3 11.4PCT
 SQT 4 7.0PCT
 SQT 5 1.0PCT

2. THE PLAN II 76Y SOLDIER'S MANUAL JUST DELIVERED TO USATRADCC IS NOW UNUSABLE AND MUST BE REVISED. THE CURRENT 76Y

 * UNCLASSIFIED *

 RUCLAHJ427

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

SQT IS NO LONGER VALID. FURTHER, THE SQT FOR ADMINISTRATION IN OCTOBER 1979 CANNOT BE PROVIDED AS REQUIRED BY USATRADOC AND DA. THE USAQMS HAS REACHED THE POINT WHERE SOMETHING MUST BE DONE. THE CHOICE IS BETWEEN NO SM CR SQT OR ESTABLISHING A COORDINATED PLAN THAT WILL WORK.

3. RECOMMEND THE US ARMY LOGISTICS CENTER CONVEENE A WORKING CONFERENCE ATTENDED BY HIGH LEVEL REPRESENTATIVES OF DCSLOG, USALEA, USATSC, USALOGC, AND USAQMS. THE PURPOSE OF THE CONFERENCE WOULD BE TO PRESENT POLICY AND PROCEDURE CHANGE PROBLEMS FROM ALL POINTS OF VIEW AND DEVELOP A PLAN THAT WILL ACCOMMODATE THESE CHANGES AND DEVELOPMENT OF SOLDIER'S MANUALS AND SKILL QUALIFICATION TESTS. THE CONFERENCE SHOULD BE CONVENED ASAP BUT NOT LATER THAN 16 JUN 78."

2. THIS CENTER HAS CONDUCTED A MEETING WHICH INCLUDED REPRESENTATIVES OF USAQMS AND USAADMINCEN LIAISON OFFICE. REGARDING PARA 1 OF QUOTED MSG, REPRESENTATIVES FROM USAQMS WHO VISITED USALEA WERE ADVISED THAT THE PROPOSED EFFECTIVE DATE FOR CHANGE 5, AR 710-2, IS 1 OCT 78. USAQMS ADVISES THAT SUCH AN EFFECTIVE DATE WILL RESULT IN THE IMPACTS AS STATED. USAQMS FURTHER ADVISES THAT A DELAY IN THE EFFECTIVE DATE TO FEB 79 WOULD REDUCE THE ADVERSE IMPACT ON THE CURRENT SQT TO AN ACCEPTABLE LEVEL.

3. IT IS THE CONSIDERED OPINION OF THIS CENTER THAT SUCH AN EXTENSION IS REQUIRED. ACCORDINGLY, THIS CENTER STRONGLY RECOMMENDS THAT USATRADOC REQUEST SUCH EXTENSION FROM DA.

4. REFERENCE PARA 3 OF QUOTED MESSAGE, THERE IS THE LARGER ISSUE OF POLICY AND PROCEDURE CHANGES OUTSIDE THE CONFINES OF SUPPLY; AS WELL AS THE REQUIREMENT TO REVISE THE PLAN II 76Y SOLDIER'S MANUAL REGARDLESS OF EFFECTIVE DATES OF CHANGES TO AR 710-2. ACCORDINGLY, THIS CENTER INTENDS TO CONVEENE A MEETING WITH ADDRESSEES AND ASSOCIATED SCHOOLS AND CENTERS 13-15 JUN 78. THIS SUBJECT WILL BE ADDRESSED IN A SUBSEQUENT MESSAGE.

SUBJ: POLICY AND PROCEDURE CHANGES

- A. COMDT USAQMS FT LEE VA ATSM-TD-TA 221800Z MAY 78 (U) NOTAL
- B. CDRUSALOGC FT LEE VA ATCL-SPC 062020Z JUN 78 (U) NOTAL
1. REFERENCE A OUTLINED THE IMPACT OF PROPOSED CHANGE 5, AR 710-2 ON THE PLAN II 76Y SOLDIER'S MANUAL AND CURRENT 76Y SQT. REFERENCE A FURTHER RECOMMENDED USALOGC CONVEENE A WORKING CONFERENCE, THE PURPOSE OF WHICH WOULD BE TO PRESENT POLICY AND PROCEDURE CHANGE PROBLEMS FROM ALL PCINTS OF VIEW AND DEVELOP A PLAN THAT WILL ACCOMMODATE THESE CHANGES AND DEVELOPMENT OF SOLDIER'S MANUALS AND SKILL QUALIFACATION TESTS.
2. DISCUSSION WITHIN THIS CENTER AND WITH REPRESENTATIVES OF USAQMS AND USAADMNCEA LNC INDICATES THE SITUATION IS NOT RESTRICTED TO SUPPLY MATTERS, AND THAT OTHER SCHOOLS ARE EXPERIENCING THE SAME BASIC CONDITION.

468

 * UNCLASSIFIED *

PAGE 01
 071945Z JUN 78
 RUCLAHA/0535

* UNCLASSIFIED *

DEPARTMENT OF THE ARMY
PENTAGON TELECOMMUNICATIONS CENTER

3. REFERENCE B TRANSMITTED REFERENCE A TO USATRADOC AND REQUESTED USATRADOC RECOMMEND EXTENSION ON THE PROPOSED EFFECTIVE DATE TO CHANGE 5, AR 713-2. REFERENCE B FURTHER ADVISED THAT THIS CENTER INTENDS TO CONVEENE A MEETING ON THE LARGER CONDITION OF POLICY/PROCEDURES CHANGES AND THEIR IMPACT ON SOLDIER'S MANUALS, SQTs, AND SUPPORTING TRAINING MATERIALS.

4. ADDRESSEES ARE REQUESTED TO PROVIDE REPRESENTATION TO THE MEETING, TENTATIVELY SCHEDULED 13-15 JJ 78, IN THE COMMAND CONFERENCE ROOM, SCHERVELL HALL, BLDG 10500, FORT LEE, VA. REPRESENTATIVES SHOULD BE AT THE J6 LEVEL PREFERABLY, OR WITH SUFFICIENT AUTHORITY TO SPEAK FOR THEIR ORGANIZATIONS.

5. WHILE NO SPECIFIC AND HARD AGENDA HAS BEEN DEVELOPED, IT IS ANTICIPATED AND DESIRED THAT THE FOLLOWING SUBJECTS WOULD BE COVERED BY THE ORGANIZATIONS LISTED:

A. INTRODUCTION AND PURPOSE OF THE MEETING D, SD/USALOGC

B. IMPACT OF POLICY/PROCEDURE CHANGE ON USAQMS
SM/SQT/TRAINING MATERIALS DEVELOPMENT (SUPPLY)

C. IMPACT OF POLICY/PROCEDURE CHANGE ON USAADMINCEN
SM/SQT/TRAINING MATERIALS DEVELOPMENT (ADMIN/
FINANCE)

D. EXAMPLES OF IMPACTS BY OTHER ASSOCIATED
SCHOOLS

E. DISCUSSION ON THE GENERATION AND
REQUIREMENTS FOR CHANGE

NDA DCSLOG,
DA DCSPER,
USALEA
USATRADOC,
USATSC

F. USATRADOC PERSPECTIVE ON SQT/SM/
TRAINING MATERIALS

6. IT IS ANTICIPATED THAT THE ABOVE LIST WOULD CONSUME THE FIRST DAY'S MEETING. THE SECOND DAY WOULD BE DEVOTED TO DISCUSSION BY ALL PARTICIPANTS. IT IS HOPED THAT SUCH PRESENTATIONS AND DISCUSSION WOULD PROVIDE A CONSENSUS AS TO RECOMMENDATIONS WHICH COULD BE PRESENTED TO USA TRADOC AS A POSITION FOR FOLLOW ON ACTIONS; AS WELL AS PROVIDE A FORUM IN WHICH ALL CONCERNED WOULD GAIN SOME FURTHER INSIGHT REGARDING IMPACTS ON THE ARMY TRAINING BASE. IT ANTICIPATED THAT THE THIRD DAY OF THE MEETING WOULD BE DEVOTED TO GENERATING THAT CONSENSUS AND THE RECOMMENDATIONS APPROPRIATE THERETO.

7 THIS CENTER WILL ENTERTAIN ANY SUGGESTIONS FROM ADDRESSEES REGARDING ANY OTHER SUBJECTS FOR DISCUSSION AT THIS MEETING. POC IS MR. RAYMOND CANTAKAL, ALTVOGN 687-1352/1767.

8. IN ORDER TO INSURE WIDEST PARTICIPATION IT WOULD BE

* UNCLASSIFIED *

CHAPTER 26

LESSONS LEARNED

1. MACOMs should be given a date to have message implementation by - For example message goes out 1 July with an implementation date of 1 August.
2. When writing several similiar taskings on or about the same date, change subject enough to differentiate between responses received later in reference to the initial tasker.
3. Implementation of recommendations for correcting identified deficiencies such as those outlined in the DAIG Special Inspection of Management and Accountability of Army Materiel requires corrective actions that are not considered the normal procedures for correcting such problems. For example, if the recommendation is to change programs of instruction in service schools, the constraints may not allow a complete task analysis and the normal time for instructional development. Therefore the changes that are effected must be developed in an atypical manner in the time frame allotted.
